

Appendix 2
Policy 4.9 Water and Sewer Limits
Map – Water and Sewer Infrastructure Availability

DENILIKUIN COUNCIL

WATER AND SEWER LIMITS

POLICY NO: Technical Services - 4.9

RESPONSIBLE OFFICER: Director Technical Services

OBJECTIVE:

To ensure adequate services are provided for the urban areas of Deniliquin.

POLICY:

Provision of water and sewer infrastructure is limited to land zoned No.2 – Urban under Deniliquin Local Environmental Plan 1997, unless otherwise existing.

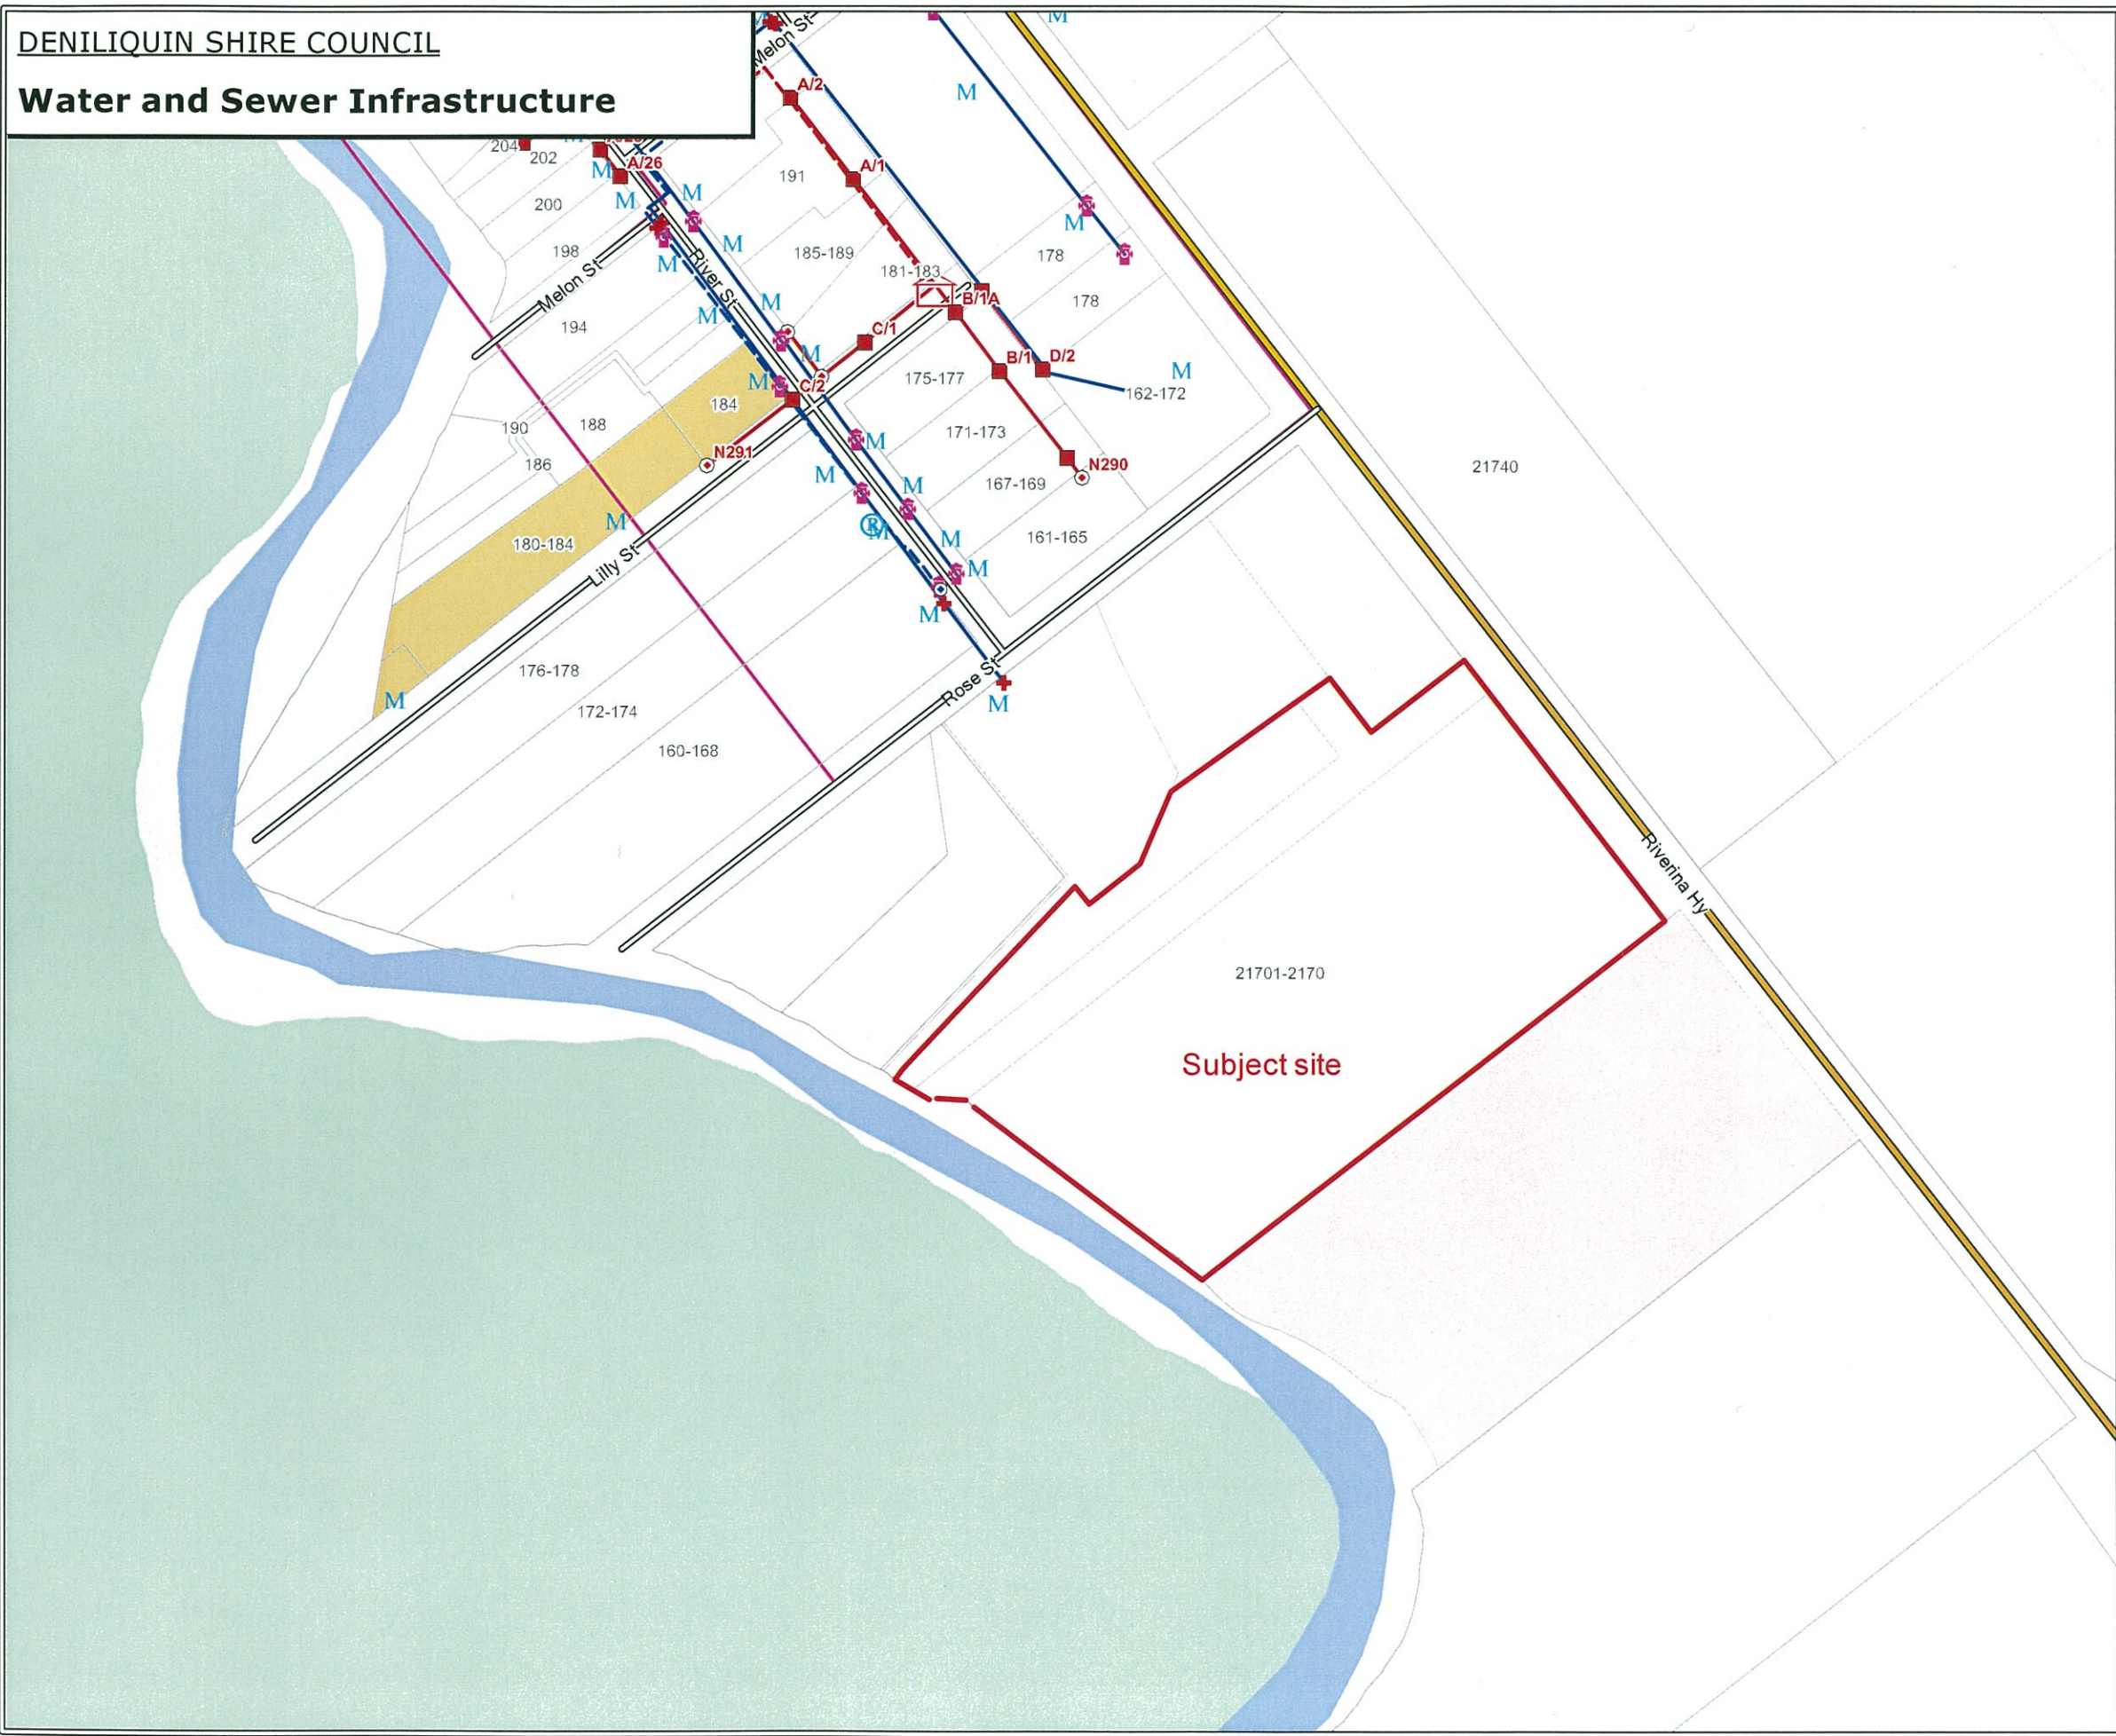

Connections to existing infrastructure outside of land zoned No. 2 – Urban is only allowed where the infrastructure is adjacent to the property or within the adjacent road reserve and the capacity of the infrastructure is suitable to allow the said connection. If an annual access fee for the service is not currently being charged head work contribution charges apply.
