Dear Damien

Re: Orange LEP 2011 Amendment 17 – Extension of Time – PP_2018_ORANG_001_01

In view of advice from the Department (30 March 2020) concerning development contributions for the above Council is in negotiations with the proponents to confirm a viable way forward. We remain supportive of the concept but wish to ensure that the costs of the development remain with the parties benefitted. With several landowners involved negotiations both with council and among themselves are proceeding.

As you can appreciate the above, while proceeding well, is taking some time to resolve. Accordingly Council requests a further extension of time to complete the amendment (originally to be completed 21 December 2019, extended to 21 June 2020). A further extension of 12 months is requested.

Yours faithfully

Craig Mortell
