.

# Heritage schedules of Parramatta LEP 2011 and Parramatta City Centre LEP 2007

Is the Director General's agreement required? No

c) Consistent with Standard Instrument (LEPs) Order 2006 : Yes

d) Which SEPPs have the RPA identified?

e) List any other matters that need to be considered :

Have inconsistencies with items a), b) and d) being adequately justified? N/A

If No, explain :

# Mapping Provided - s55(2)(d)

Is mapping provided? Yes

Comment :

The mapping provided would be adequate for the purposes of exhibition.

### Community consultation - s55(2)(e)

Has community consultation been proposed? Yes

Comment :

It is proposed that consultation take place with the heritage branch of the Office and Environment and Heritage. This is supported.

Council proposes that the planning proposal be placed on exhibition for 28 days.

Council has recommended a longer consultation as it has proposed a large number of changes to the heritage schedules of both Parramatta LEPs which are likely to generate a significant level of public interest.

However, the regional team is recommending that the affect of the planning proposal be significantly reduced (see later sections of this report for more information). As such, it is considered that 14 days are ample.

# Additional Director General's requirements

Are there any additional Director General's requirements? No

If Yes, reasons :

#### Overall adequacy of the proposal

Does the proposal meet the adequacy criteria? Yes

If No, comment :

#### Proposal Assessment

Principal LEP:

Due Date :

Comments in relation The Parramatta Principal LEP was made in October 2011. to Principal LEP :

## Assessment Criteria

Need for planning	The planning proposal is as a result of a comprehensive heritage review by Parramatta
proposal :	Council. The proposal is to add, remove and amend various items and is the best means of
	achieving the outcomes of the heritage review.

# Heritage schedules of Parramatta LEP 2011 and Parramatta City Centre LEP 2007

Consistency with strategic planning framework : Sydney Metropolitan and draft Subregional Strategies

The planning proposal is consistent with the Sydney Metropolitan Strategy (SMS) objective to: "Protect places of special cultural, open space and heritage value.

The proposal to extend and create conservation areas in Epping is consistent with SMS objective H4.1 "Identify heritage landscapes in Sydney and develop appropriate responses to plan for their protection and interpretation in the preparation of subregional strategies and LEPs.

The planning proposal is consistent with the Draft West Central Subregional Strategy objective: WC E6 1.3 - "Local councils to review heritage studies as part of preparing their principal LEPs".

#### Council's strategy

The planning proposal is also consistent with Council's strategic plan, Parramatta 2025 objective to: "Protect and celebrate Parramatta's rich multilayered built and cultural heritage".

## JBA Urban Planning - Epping Town Centre Study

The Epping Town Centre Study (the Study) is an initiative of the Department and Hornsby and Parramatta Councils to explore the potential for the Epping Town Centre to accommodate increased residential and employment growth. The Study will inform future planning controls and infrastructure requirements to accommodate this growth.

With the exception of one site, the heritage items and conservation areas included in this planning proposal are identified in the Study with a recommendation to be retained or added as new items. The site not mentioned (14 and 16 Grandview Parade, Epping) is within an area recommended to be zoned as R2 low density residential.

The new proposed heritage items and areas (ie the large extension to the existing Epping/Eastwood Conservation Area and establishment of the new Boronia HCA) as recommended by the Study should be implemented as part of a complete package. As well as increasing heritage protection, the Study recommends greater development potential by upzoning other areas to accommodate growth in Epping Town Centre. Parramatta City Council has not yet resolved to prepare a planning proposal to upzone these other areas as recommended by the Study.

Please note that the Department is currently undertaking a review of the built form controls and infrastructure requirements identified in JBA's study as part of a structure planning process for the Epping Town Centre. This process will result in a strategic document to guide and inform future proposals for the centre. It is envisaged that this process will be completed by mid-2012, and the resulting strategy documents be publicly exhibited soon thereafter.

In light of the above, the regional team recommends that the portions of Council's proposal that affect heritage controls within the Epping Town Centre (as identified within JBA's study - see a copy attached in the documents section), such as extending the existing Epping/Eastwood Conservation Area and establishment of the new Boronia conservation area, not be considered at this time. It is considered that the structure planning process currently being undertaken by the Department must be completed before a fully informed assessment of any proposal to create conservation areas within the centre can be done.

Environmental social economic impacts :

The planning proposal would have no effect on critical habitat or threatened species, populations or communities. It likely to have no other negative environmental effects.

There are no negative social effects and the subsequent promotion of Parramatta's heritage is likely to have postive economic flow on effects.

# Heritage schedules of Parramatta LEP 2011 and Parramatta City Centre LEP 2007 Assessment Process 14 Days Community Consultation Proposal type : Consistent Period : DDG Timeframe to make 6 Month Delegation : LEP : Office of Environment and Heritage **Public Authority** Consultation - 56(2)(d) No Is Public Hearing by the PAC required? (2)(a) Should the matter proceed ? Yes If no, provide reasons : Resubmission - s56(2)(b) : No If Yes, reasons : Identify any additional studies, if required. : If Other, provide reasons : No further studies are required as Council has already undertaken the required comprehensive review to support the planning proposal. Identify any internal consultations, if required : Part 3A Is the provision and funding of state infrastructure relevant to this plan? No If Yes, reasons : Documents Is Public DocumentType Name **Document File Name** Yes Proposal planning proposal.pdf Yes Мар Epping Town Centre study area - Extract from JBA's Study.pdf Planning Team Recommendation Preparation of the planning proposal supported at this stage : Recommended with Conditions 2.3 Heritage Conservation S.117 directions: It is recommended that the planning proposal to amend heritage schedules of the Additional Information : Parramatta LEP 2011 and Parramatta City Centre LEP 2007 procede pursuant to the following conditions: 1. That the portions of Council's proposal that affect heritage controls within the Epping Town Centre (identified as being in the Epping Town Centre study area) are removed from the planning proposal prior to exhibition. 2. That the Office of Environment and Heritage be consulted either before or during
