Wagga Wagga City Council

Dear Mr Pinyon,

Re: Planning Proposal to rezone lot 34 DP 1061134 from R1 General Residential Zone to RE1 Public Recreation Zone and to reclassify the land from 'operational land' to 'community land'.

I am writing in response to your Council's letter dated 21 December requesting a Gateway Determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to amend the Wagga Wagga Local Environmental Plan 2010 to rezone lot 34 DP 1061134 from R1 General Residential Zone to RE1 Public Recreation Zone and to reclassify the land from 'operational land' to 'community land'.

As delegate of the Minister for Planning and Infrastructure, I have now determined that the planning proposal should proceed subject to the conditions in the attached Gateway Determination.

Council are reminded of their obligations in relation to the classification and reclassification of land in accordance with the Department's LEP Practice Note 09-003.

The Director General's delegate has agreed to the rezoning of the land for a public purpose under S117 Direction 6.2 Reserving Land for Public Purposes. The Director General's delegate has also agreed that the planning proposal's inconsistencies with S117 Direction 3.1 Residential Zones are of minor significance. No further approval is required in relation to this Direction.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway Determination. Council should aim to commence the exhibition of the Planning Proposal within four (4) weeks from the week following this determination. Council's request for the Department to draft and finalise the LEP should be made six (6) weeks prior to the projected publication date.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under s54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Graham Judge of the Regional Office of the Department on 02 6229 7900.

Yours sincerely,

2/2/12

Gateway Determination

Planning Proposal (Department Ref: PP_2012_WAGGA_002_00): to rezone lot 34 DP 1061134 from R1 General Residential Zone to RE1 Public Recreation Zone and to reclassify the land from 'operational land' to community land'.

I, the Deputy Director General, Plan Making & Urban Renewal as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Wagga Wagga Local Environmental Plan 2010 to rezone lot 34 DP 1061134 from R1 General Residential Zone to RE1 Public Recreation Zone and to reclassify the land from 'operational land' to community land' should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal must be made publicly available for **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 4.5 of *A Guide to Preparing LEPs (Department of Planning 2009)*.
2. No consultation is required with public authorities under section 56(2)(d) of the EP&A Act.
3. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
4. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated 2nd day of February 2012.
