Dear Craig

Re: Planning Proposal 2 – Gateway Determination Request

Council would formally like to request a Gateway Determination on the attached planning proposal. The objectives and intended outcomes of the Planning Proposal are:

- To reclassify selected land presently classified as 'community' to 'operational'.
- To achieve better alignment between the current use and the land classification.

Council resolved at its Ordinary Meeting on 26 November 2012 to commence the actions required to prepare a planning proposal to reclassify this land. A copy of the planning proposal, Council report and resolution are attached.

Council seeks Authorisation to make the amended LEP and requests a Written Authorisation to Exercise Delegation as part of the Gateway determination.

Yours sincerely

Elizabeth Cumming
MANAGER OF PLANNING
