Dear Mr Walker,

Planning proposal to amend The Hills Local Environmental Plan 2012

I am writing in response to Council's letter dated 7 December 2012 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land at 221 North Rocks Road, North Rocks from IN1 General Industrial to R3 Medium Density Residential and reduce the maximum building height to 9m, remove the floor space ratio and reduce the minimum lot site to 700sqm for the subject land.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed the planning proposal's inconsistencies with S117 Directions 1.1 Business and Industrial Zones and 7.1 Implementation of the Metropolitan Plan for Sydney 2036 are of minor significance. No further approval is required in relation to these Directions.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending LEP is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The NSW State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under s54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Chris Browne of the regional office of the department on 02 9860 1560.

Yours sincerely,

Richard Pearson
A/Director General

Gateway Determination

Planning proposal (Department Ref: PP_2013_THILL_002_00): to rezone land at North Rocks for residential purposes.

I, the Acting Director General, Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to The Hills Local Environmental Plan (LEP) 2012 to rezone land at 221 North Rocks Road, North Rocks from IN1 General Industrial to R3 Medium Density Residential and reduce the maximum building height to 9m, remove the floor space ratio and reduce the minimum lot site to 700sqm for the subject land should proceed subject to the following conditions:

1. Consultation is required with the NSW Rural Fire Services (NSW RFS) under section 56(2)(d) of the EP&A Act and in relation to the requirements of S117 Direction 4.4 Planning for Bushfire Protection. The RFS is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
2. Council is to ensure that the planning proposal satisfies the requirements of State Environmental Planning Policy No 55 (SEPP 55) – Remediation of Land. It is noted that a preliminary contamination assessment has been prepared for the subject site. This assessment is to be placed on public exhibition with the planning proposal.
3. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2012)* and must be made publicly available for **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2012)*.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.
