Dear Ashley,

Re: Planning Proposal – General Amendments

On 20 February 2013 Council resolved to prepare a Planning Proposal for gateway determination for the preparation of an LEP to address a number of outstanding issues, anomalies and mistakes in the principle MWRLEP 2012.

Given the broad nature of the amendments proposed the amendment was divided into two with the first (being those amendments considered minor) having proceed through the gateway, exhibition and currently in the final stages of mapping edits for Parliamentary.

Attached is the Planning Proposal addressing more substantial amendments including those to specific clauses, land use zones and reclassification.

To enable the proposal to proceed please find enclosed:

- Council Report and Minute from February 2013
- Request for initial Gateway Determination
- A copy of the detailed Planning Proposal

Once again, Council would also like the department to assist with the preparation of the mapping associated with the amendments.

Should you require further information please contact me on 0263 782850.

Yours Sincerely
