RECOMMENDATION

- 1 That Council prepare and submit to the NSW Department of Planning and Environment a formal planning proposal for a Gateway Determination to enable the rezoning of Lot 43 DP 255071 from RE1 Public Recreation to IN1 General Industrial and that the land be re-classified as Operational;**

FURTHER CONSIDERATIONS

Consideration has been given to the recommendation's impact on Council's service delivery; image and reputation; political; environmental; health and safety; employees; stakeholders and project management; and no further implications or risks have been identified.

SUPPORTING INFORMATION

An inquiry has been received seeking Council's consideration of converting the open space to a car park to alleviate on street parking congestion.

Conversion of the site (Catto Park) to a car park would enable the creation of off street car parking.

2.8 Rezoning of Lot 43 DP 255071 30 Leewood Drive Orange

The land is situated within the Leewood Industrial Estate and is surrounded by industrial developments. Due to its location, context and small size it is considered to have negligible recreational, ecological or social value.

There are no State Environmental Planning Policies of direct relevance to the proposal. Section 117 Ministerial Directions under the Environmental Planning and Assessment Act 1979 includes Direction 1.1 Business and Industrial Zones. This direction has the following objectives, to:

- (a) encourage employment growth in suitable locations,
- (b) protect employment land in business and industrial zones, and
- (c) support the viability of identified strategic centres.

The direction requires that relevant planning proposals must:

- (a) give effect to the objectives of this direction,
- (b) retain the areas and locations of existing business and industrial zones,
- (c) not reduce the total potential floor space area for employment uses and related public services in business zones,
- (d) not reduce the total potential floor space area for industrial uses in industrial zones, and
- (e) ensure that proposed new employment areas are in accordance with a strategy that is approved by the Director-General of the Department of Planning.

The proposal is considered to be entirely consistent with both the objectives and requirements of the Direction.
