Attention: David Waddell, Director Development Services

Dear Mr Styles,

Planning proposal (PP_2015_ORANG_003) to amend Orange Local Environmental Plan 2011 to rezone and reclassify – Lot 43 DP 255071 30 Leewood Drive, Glenroi, Orange - “Catto Park”

I am writing in response to Council's letter dated 13 August 2015 and further information submitted on 28 August 2015 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act, 1979 in respect of the planning proposal to rezone and reclassify Lot 43 DP 255071, 30 Leewood Drive, Glenroi, Orange.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination. **(Attachment 1)**

I am satisfied that Council has provided adequate information to justify the planning proposal's inconsistency with section 117 Directions 6.2 Reserving Land for Public Purposes is of minor significance. In relation to section 117 Direction 6.2 Reserving Land for Public Purposes, I have agreed to the reduction of land for public purposes on the basis that there is adequate developed open space available in Orange. This land is located in an industrial area and is of a size and shape not conducive to effective recreation use and surplus to Council's needs. No further approval or work is required in relation to this Direction.

Council is reminded of its obligations for undertaking a public hearing in relation to the proposed reclassification of land under the Local Government Act, 1993 and in accordance with the Department's Practice Note *PN09-003, Classification and reclassification of public land through a local environmental plan*.

Council cannot be authorised to exercise delegation to complete the Local Environmental Plan as the draft plan will need to be forwarded to the Governor of NSW seeking approval as Council is seeking to remove the public reserve status of the land.

The amending Local Environmental Plan is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request for the Department of Planning and Environment to draft and finalise the Local Environmental Plan should be made 10 weeks prior to the projected publication date. Council's request to finalise the Local Environmental Plan should be made to the Department of Planning and Environment (westernregion@planning.nsw.gov.au).

The State Government is committed to reducing the time taken to complete Local Environmental Plans by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Environmental Planning & Assessment Act, 1979 if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Wayne Garnsey of the Departments Western Region office to assist you. Mr Garnsey can be contacted on (02) 68412180.

Yours sincerely,

A. W. Albury 8-9-2015
