Attachment 2 Council report and resolution to prepare Planning Proposal

ITEM 8.11 RECLASSIFICATION OF LAND AS OPERATIONAL - GOLF COURSE ESTATE

RECORD NUMBER 18/334

RELATED FILE NUMBER EF16/17

AUTHOR/S Manager Planning, Building and Health

APPROVER/S Interim Director Environment and Engineering

SUMMARY/PURPOSE

The purpose of this report is to seek a Council resolution to reclassify an area of Council owned land from Community Land to Operational land within the Golf Course Estate.

RECOMMENDATION

THAT Council:

1. Resolves to initiate the process to reclassify Lot 49 in DP 1114977, 26 Lake Paddock Drive, Golf Course Estate, from Community Land to Operational Land under Section 32 of the Local Government Act 1993, as Council is satisfied that this land is unsuitable for the purpose of recreation and open space due to its size and shape.
 2. Commence public notice of its intention to reclassify Lot 49 in DP 1114977 from Community Land to Operational Land for a period of 28 days.
 3. Consider a further report at the completion of the public notification period seeking a formal resolution to reclassify Lot 49 in DP 1114977 from Community Land to Operational Land under Section 32 of the Local Government Act 1993.
-

REPORT

(a) Background

On 5 February 2002 Council granted development consent for a 103 lot residential subdivision in McQuillan Road, subject to conditions including the requirement to pay a total of \$82,943.05 as a contribution for the provision of Recreation and Open Space.

Upon a request from the developer, Council then reviewed this contribution on 26 May 2004 to "reduce the Recreation and Open Space Contribution to \$34,943.05 for Development Application 192/2001 and accept the dedication of 6,000m² of open space".

In effect this resulted in Council having a total area of 10,570m², divided between Lot 48 (detention basin with an area of 8,828m²) and Lot 49 (26 Lake Paddock Drive residential lot with an area of 1,742m²).

(b) Discussion

Council has allocated \$25,000 in the current 2018/2019 Operation Plan for preliminary landscaping works in readiness for the establishment of a playground in 2019/2020 as specified in the Playground Strategy.

The initial design considerations for this area have realised that the total combined area of Lots 48 and 49 is excessive to requirements.

It is considered that there is an opportunity to realise the asset value of Lot 49 for resale as a residential allotment with the proceeds being directed to the future development of the playground on Lot 48.

In accordance with Section 32 of the Local Government:

1. *A council may resolve that land dedicated in accordance with a condition imposed under section 94 of the Environmental Planning and Assessment Act 1979 is to be reclassified as operational land.*
2. *A council may make such a resolution only if it is satisfied that the land has been found to be unsuitable for the provision, extension or augmentation of public amenities and public services because of any one or more of the following*
 - *size of the land*
 - *shape of the land*
 - *topography of the land*
 - *location of the land*
 - *difficulty of providing public access to the land.*
3. *The council must specify in the resolution the grounds on which it is satisfied the land is unsuitable.*
4. *Before making the resolution, the council must give public notice of the resolution. The public notice must specify a period of not less than 28 days during which submissions may be made to the council.*
5. *The net proceeds of sale by a council of any land dedicated in accordance with a condition imposed under section 94 of the Environmental Planning and Assessment Act 1979 must be dealt with under that section as if those net proceeds were a monetary contribution paid instead of the dedication.*

In this instance it is considered that the size, shape and location of Lot 49 makes it unsuitable for its development as a recreation or open space facility and should Council resolve to reclassify it to operational, the intention would then be to offer it for sale as a residential allotment and the proceeds be allocated to the establishment of a recreational and open space facility on Lot 48.

(c) Options

Council would have the following options:

1. Resolve not to reclassify Lot 49. This would mean that it would need to continue to maintain the site as it is unsuitable for future development as a recreational and open space site.
2. Resolve to reclassify Lot 49 and use the proceeds of the eventual sale to augment the future development of Lot 48 as a recreational and open space site.

IMPLICATIONS TO BE ADDRESSED

(a) Financial

Should the sale of the land proceed the funds realised would augment the future development of Lot 48 and offset the associated costs such as planning reports and legal and conveyancing costs.

Should Council resolve not to reclassify the land it will continue to accrue costs associated with its ongoing maintenance.

(b) Policy

Nil

(c) Legislative/Statutory

Council will need to comply with section 32 of the Local Government Act 1993.

(d) Risk

Nil

CONSULTATION

(a) External

Nil at this stage. Council will need to consult with the community before formally resolving the reclassification and sale of Lot 49.

ITEM 8.13 REZONING OF LAND - 26 LAKE PADDOCK DRIVE AND 98 ACACIA AVENUE EAST

RECORD NUMBER	18/368
RELATED FILE NUMBER	EF11/103
AUTHOR/S	Manager Planning, Building and Health
APPROVER/S	Director Environment and Engineering

SUMMARY/PURPOSE

The purpose of this report is to seek a Council resolution to commence the planning process to rezone the following two separate parcels of Council owned land:

1. Lot 49 in DP 1114977, 26 Lake Paddock Drive, Leeton, from Public Recreation RE1 to Low Density Residential R2.
2. Lot 742 in DP 751745, 98 Acacia Avenue East, Leeton, from Public Recreation RE1 to Commercial Core B3.

RECOMMENDATION

THAT Council resolves to:

1. Rezone Lot 49 in DP 1114977, 26 Lake Paddock Drive, Leeton, from Public Recreation RE1 to Low Density Residential R2.
 2. Rezone Lot 742 in DP 751745, Acacia Avenue East, Leeton, from Public Recreation RE1 to Commercial Core B3.
 3. Prepare and submit a Planning Proposal to NSW Planning and Environment seeking a Gateway determination to amend the Leeton Local Environmental Plan 2014 by rezoning of 26 Lake Paddock Drive Leeton and 98 Acacia Avenue East Leeton.
 4. Request authorisation from NSW Planning and Environment to exercise the functions of the Minister for Planning under section 3.36 of the Environmental Planning & Assessment Act 1979 in relation to the Planning Proposal.
 5. Authorise the Mayor and General Manager to sign all necessary documents in relation to this matter.
-
-

REPORT

(a) Background

(i) 26 Lake Paddock Drive Leeton

At the Ordinary Council Meeting held on 22 August 2018, Council discussed a report on the need for this land to be used as a recreational area.

Council determined it was not needed for recreational or any other purpose and resolved to re-classify this land from community to operational land in accordance with the Local Government Act 1993.

It then resolved to sell the land as a residential lot, the proceeds from the sale then being allocated to the development of a new recreational area adjacent to this site.

To permit this proposal to happen the land will also need to be rezoned from RE1 Public Recreation to the adjacent residential zone Low Density Residential R2.

(ii) 98 Acacia Avenue East, Leeton

This land is the site of the previous Leeton Golf Club Clubhouse facilities.

Council was granted ownership of this site by its previous owner, the Leeton Soldiers Club, following Council's agreement to manage and fund the operation of the golf course.

The clubhouse facilities previously contained a bar, restaurant and function rooms and were demolished several years ago.

The site is currently zoned Public Recreation RE1 which permits the redevelopment as an entertainment facility, food and drink premises, function centre and recreation facility (indoor).

Consideration has recently been given to maximise the future potential of this site should clubhouse facilities again be established by adding flexibility by way of potential other land uses in order to increase the long term sustainability of the golf club and course.

(b) Discussion

The procedure for Council to rezone these two lots is to firstly resolve to support the change to the Leeton Environmental Plan 2014 by rezoning Lots 49 & 742, prepare a Planning Report which is then submitted to NSW Planning & Environment who will provide a gateway determination by either supporting the proposal and or refusing to support the proposal.

If agreeable to the change, the NSW Planning & Environment Department will require Council to undertake public consultation, which may also require a public meeting.

In relation to Lot 49 in DP 1114977, 26 Lake Paddock Drive, Leeton, Council has already supported the reclassification of the site from community to operational land to permit the sale of the lot in order to fund the future development of recreational facilities on the adjoining lot.

In relation to Lot 742 in DP 751745, Acacia Avenue East, Leeton, it is considered that the most beneficial zoning that will permit the widest possible future uses of the site is Commercial Core B3.

The B3 zone extends from Yanco Avenue to the corner of Maiden Avenue and Acacia Avenue East. A B3 zone will permit, amongst other uses, commercial premises, entertainment facilities, function centres, recreational facilities (indoor), registered clubs, hotels, motels and food and drink facilities, as well as residential accommodation such as multi dwelling housing and residential flat buildings.

The land opposite the site in Acacia Avenue East is zoned Medium Density Residential R3 which does not permit entertainment facilities, function centres, recreational facilities (indoor), registered clubs, hotels or motels.

(c) Options

Council would have the following options;

1. In relation to Lot 49 in DP 1114977, 26 Lake Paddock Drive, Leeton, Council's options are probably limited to resolving to rezone the lot, as it has already resolved to reclassify it to operational land so that it may be sold to raise income to undertake the development of a recreational facility on adjoining land. Should the lot not be rezoned it would make the sale of this land impossible as the current zone prohibits the erection of a dwelling.
2. In relation to Lot 742 in DP 751745, 98 Acacia Avenue East, Leeton, could either to resolve to submit a planning proposal to rezone the lot to Commercial Core B3 to increase the range of permissible land uses in order to enhance the future economic sustainability of the golf course or it may choose not to rezone this land and utilise it for a new golf club house only (which is permitted under the current zone).

IMPLICATIONS TO BE ADDRESSED

(a) Financial

The resources required to prepare the planning proposal for the rezoning of Lots 49 and 742 has not been included in Council's 2018/2019 Operational Plan.

It is envisaged that the cost of appointing external planning services to undertake this project could be in the range of \$5,000 to \$8,000 which will be funded from the Town Planning Budget.

Policy

In accordance with Execution of Documents Matrix.

(b) Legislative/Statutory

The process to rezone Lots 49 and 742 will need to comply with the NSW Planning & Environment guidelines on the preparation of planning proposals.

(c) Risk

It is possible that NSW Planning & Environment may not grant approval to the planning proposal. To minimise this risk, the planning proposal will need to fully demonstrate the strategic merits of the proposed re-zonings.

CONSULTATION

(a) External

Nil at this stage. Council will need to consult with the community before formally resolving the reclassification and sale of Lot 49.

Council will also be required to consult the community about the planning proposals that are the subject of this report, if the recommendation is adopted.

(b) Internal

Item 8.13 REZONING OF LAND - 26 LAKE PADDOCK DRIVE AND 98 ACACIA AVENUE EAST

18/179

Resolved

THAT Council resolves to:

1. Rezone Lot 49 in DP 1114977, 26 Lake Paddock Drive, Leeton, from Public Recreation RE1 to Low Density Residential R2.
2. Rezone Lot 742 in DP 751745, Acacia Avenue East, Leeton, from Public Recreation RE1 to Commercial Core B3.
3. Prepare and submit a Planning Proposal to NSW Planning and Environment seeking a Gateway determination to amend the Leeton Local Environmental Plan 2014 by rezoning of 26 Lake Paddock Drive Leeton and 98 Acacia Avenue East Leeton.
4. Request authorisation from NSW Planning and Environment to exercise the functions of the Minister for Planning under section 3.36 of the Environmental Planning & Assessment Act 1979 in relation to the Planning Proposal.
5. Authorise the Mayor and General Manager to sign all necessary documents in relation to this matter.

(Moved Cr Kidd, seconded Cr Smith)

Item 8.14 UPDATE ON LEETON FLOODPLAIN MANAGEMENT COMMITTEE

18/180

Resolved

THAT Council:

1. Notes the information contained within this report.
2. Nominates and endorses Cr Peter Davidson and Cr Mayor Paul Maytom to become members of the Leeton Shire Council Floodplain Management Committee.
3. Notes and endorses community and stakeholder membership of the Leeton Shire Council Floodplain Management Committee.

(Moved Cr Reneker, seconded Cr Smith)

Attachment 3 Consistency with SEPPs and S117 Directions

Attachment 3: Request for initial gateway determination - State Environmental Planning Policy (SEPP) Checklist

<i>SEPP Title</i>	<i>Summary of SEPP</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
State Environmental Planning Policy No. 1 – Development Standards	Makes development standards more flexible. It allows councils to approve a development proposal that does not comply with a set standard where this can be shown to be unreasonable or unnecessary.	N/A	N/A
State Environmental Planning Policy No. 14 – Coastal Wetlands	Ensures coastal wetlands are preserved and protected for environmental and economic reasons. The policy applies to local government areas outside the Sydney metropolitan area that front the Pacific Ocean.	N/A	N/A
State Environmental Planning Policy No. 19 – Bushland in Urban Areas	Protects and preserves bushland within certain urban areas, as part of the natural heritage or for recreational, educational and scientific purposes. The policy is designed to protect bushland in public open space zones and reservations, and to ensure that bush preservation is given a high priority when local environmental plans for urban development are prepared.	N/A	N/A
State Environmental Planning Policy No. 24 – Caravan Parks	Ensures that where caravan parks or camping grounds are permitted under an environmental planning instrument, movable	N/A	N/A

<i>SEPP Title</i>	<i>Summary of SEPP</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
	dwelling, as defined in the Local Government Act 1993, are also permitted. The specific kinds of movable dwellings allowed under the Local Government Act in caravan parks and camping grounds are subject to the provisions of the Caravan Parks Regulation. The policy ensures that development consent is required for new caravan parks and camping grounds and for additional long-term sites in existing caravan parks. It also enables, with the council's consent, long-term sites in caravan parks to be subdivided by leases of up to 20 years		
State Environmental Planning Policy No. 26 – Littoral Rainforests	Protects littoral rainforests, a distinct type of rainforest well suited to harsh salt-laden and drying coastal winds. The policy requires that the likely effects of proposed development be thoroughly considered in an environmental impact statement.	N/A	N/A
State Environmental Planning Policy No. 29 – Western Sydney Recreation Area	Enables development to be carried out for recreational, sporting and cultural purposes within the Western Sydney Recreation Area, including the development of a recreation area of State significance.	N/A	N/A

State Environmental Planning Policy (State and Regional Development) 2011	This SEPP identifies development and infrastructure that is of State significance and also confers functions on joint regional planning panels to determine development applications.	N/A	N/A
State Environmental Planning Policy (State Significant Precincts) 2005	The aims of this SEPP is to facilitate the development, redevelopment or protection of important urban, coastal and regional sites of economic, environmental or social significance to the State.	N/A	N/A
State Environmental Planning Policy (Sydney Drinking Water Catchment) 2011	The aims of this Policy are to - provide for healthy water catchments that will deliver high quality water while permitting development that is compatible with that goal, and - to provide that a consent authority must not grant consent to a proposed development unless it is satisfied that the proposed development will have a neutral	N/A	N/A

<i>SEPP Title</i>	<i>Summary of SEPP</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
	or beneficial effect on water quality, and to support the maintenance or achievement of the water quality objectives for the Sydney drinking water catchment.		
State Environmental Planning Policy (Sydney Region Growth Centres) 2006	Provides for the coordinated release of land for residential, employment and other urban development in the North West and South West growth centres of the Sydney Region (in conjunction with Environmental Planning and Assessment Regulation relating to precinct planning).	N/A	N/A
State Environmental Planning Policy (Three Ports) 2013	This SEPP provides a consistent planning regime for the development and delivery of infrastructure on land in Port Botany, Port Kembla and the Port of Newcastle.	N/A	N/A
State Environmental Planning Policy (Urban Renewal) 2010	The aims of this Policy are as follows: - to establish the process for assessing and identifying sites as urban renewal precincts, - to facilitate the orderly and economic development and redevelopment of sites in and around urban renewal precincts, - to facilitate delivery of the objectives of any	N/A	N/A

<i>SEPP Title</i>	<i>Summary of SEPP</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
	applicable government State, regional or metropolitan strategies connected with the renewal of urban areas that are accessible by public transport.		
State Environmental Planning Policy (Vegetation in non-rural areas) 2017	This policy applies to non-rural areas of the state. It seeks to protect the biodiversity values of trees and other vegetation in non-rural areas of the State, along with preserving the amenity of non-rural areas of the State through the preservation of trees and other vegetation.	N/A	N/A
State Environmental Planning Policy (Western Sydney Employment Area) 2009	Promotes economic development and the creation of employment in the Western Sydney Employment Area by providing for development, including major warehousing, distribution, freight transport, industrial, high technology and research facilities. The policy provides for coordinated planning, development and rezoning of land for employment or environmental conservation purposes.	N/A	N/A
State Environmental Planning Policy (Western Sydney Parklands) 2009	The aim of the policy is to put in place planning controls that will enable the Western Sydney Parklands Trust to develop the Western Parklands into multi-use urban parkland for	N/A	N/A

<i>SEPP Title</i>	<i>Summary of SEPP</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
	the region of western Sydney.		
State Environmental Planning Policy (Primary Production and Rural Development) 2019	The aims of this Policy are to facilitate the orderly economic use and development of lands for primary production and to encourage sustainable agriculture, including sustainable aquaculture. It also identifies State significant agricultural land and provides a new regulatory framework for development on agricultural lands.	N/A	N/A
Murray REP No. 2 - Riverine Land	Ensures the river and its floodplain are able to support a range of productive land uses. The plan coordinating planning along the Murray River and the implementation of planning-related aspects of the Murray Darling Basin Commission strategies. It simplifies the consultation process between agencies and councils established in REP No. 1. It also promotes consistency between NSW and Victoria planning in relation to the river and its floodplain.	N/A	N/A
Willandra Lakes REP No 1 - World Heritage Property	Applies to the Willandra Lakes Region in the Shires of Wentworth and Balranald. The purpose of the plans is to protect, conserve and manage this World Heritage Property in accordance with any strategic plan of	N/A	N/A

<i>SEPP Title</i>	<i>Summary of SEPP</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
	management. The plan also aims to provide a process of consultation with stakeholders on development and related decisions.		

Attachment 3: Request for initial gateway determination - s.9.1 Ministerial Directions Checklist

<i>No.</i>	<i>Title</i>	<i>Applicable to Planning Proposal</i>	<i>Consistency</i>
1. Employment and Resources (effective 1 July 2009, except for new Direction 1.2 effective 14 April 2016 and 1.1 effective 1 May 2017)			
<i>1.1</i>	<i>Business and Industrial Zones</i> A planning proposal must: • give effect to the objectives of this direction, • retain the areas and locations of existing business and industrial zones, • not reduce the total potential floor space area for employment uses and related public services in business zones, • not reduce the total potential floor space area for industrial uses in industrial zones, and • ensure that proposed new employment areas are in accordance with a strategy that is approved by the Secretary of the Department of Planning and Environment.	N/A	N/A
<i>1.2</i>	<i>Rural Zones</i> A planning proposal must:	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	- not rezone land from a rural zone to a residential, business, industrial, village or tourist zone - not contain provisions that will increase the permissible density of land within a rural zone (other than land within an existing town or village).		
1.3	<i>Mining Petroleum Production and Extractive Industries</i> This direction applies when a relevant planning authority prepares a planning proposal that would have the effect of: - prohibiting the mining of coal or other minerals, production of petroleum, or winning or obtaining of extractive materials, or - restricting the potential development of resources of coal, other minerals, petroleum or extractive materials which are of State or regional significance by permitting a land use that is likely to be incompatible with such development.	N/A	N/A
1.4	<i>Oyster Aquaculture</i> This direction applies when a relevant planning authority prepares any planning proposal that proposes a change in land use which could result in: - adverse impacts on a Priority Oyster Aquaculture Area or a “current oyster aquaculture lease in the national parks estate”; or - incompatible use of land between oyster aquaculture in a Priority Oyster Aquaculture Area or a “current oyster aquaculture lease in the national parks estate” and other land uses.	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
1.5	<i>Rural Lands</i> This direction applies when: - a relevant planning authority prepares a planning proposal that will affect land within an existing or proposed rural or environment protection zone (including the alteration of any existing rural or environment protection zone boundary) or - a relevant planning authority prepares a planning proposal that changes the existing minimum lot size on land within a rural or environment protection zone.	N/A	N/A
2. Environment and Heritage (effective 1 July 2009 Except for new Direction 2.5 effective 2 March 2016, Direction 2.1, 2.2 and 2.4 effective 14 April 2016)			
2.1	<i>Environment Protection Zones</i> A planning proposal must include provisions that facilitate the protection and conservation of environmentally sensitive areas. A planning proposal that applies to land within an environment protection zone or land otherwise identified for environmental protection purposes in a LEP must not reduce the environmental protection standards that apply to the land (including by modifying development standards that apply to the land). This requirement does not apply to a change to a development standard for minimum lot size for a dwelling in accordance with clause (5) of Direction 1.5 “Rural Lands”.	N/A	N/A
2.2	<i>Coastal Protection</i> A planning proposal must include provisions that give effect to	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	and are consistent with: - the NSW Coastal Policy: A Sustainable Future for the New South Wales Coast 1997, and - the Coastal Design Guidelines 2003, and - the manual relating to the management of the coastline for the purposes of section 733 of the Local Government Act 1993 (the NSW Coastline Management Manual 1990).		
2.3	<i>Heritage Conservation</i> A planning proposal must contain provisions that facilitate the conservation of: - items, places, buildings, works, relics, moveable objects or precincts of environmental heritage significance to an area, in relation to the historical, scientific, cultural, social, archaeological, architectural, natural or aesthetic value of the item, area, object or place, identified in a study of the environmental heritage of the area, - Aboriginal objects or Aboriginal places that are protected under the <i>National Parks and Wildlife Act 1974</i>, and - Aboriginal areas, Aboriginal objects, Aboriginal places or landscapes identified by an Aboriginal heritage survey prepared by or on behalf of an Aboriginal Land Council, Aboriginal body or public authority and provided to the relevant planning authority, which identifies the area, object, place or landscape as being of heritage significance to Aboriginal culture and people.		
2.4	<i>Recreation Vehicle Areas</i> A planning proposal must not enable land to be developed for the	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	purpose of a recreation vehicle area (within the meaning of the Recreation Vehicles Act 1983): • where the land is within an environmental protection zone, • where the land comprises a beach or a dune adjacent to or adjoining a beach, • where the land is not within an area or zone referred to in paragraphs (4)(a) or (4)(b) unless the relevant planning authority has taken into consideration: ➤ the provisions of the guidelines entitled Guidelines for Selection, Establishment and Maintenance of Recreation Vehicle Areas, Soil Conservation Service of New South Wales, September, 1985, and ➤ the provisions of the guidelines entitled Recreation Vehicles Act, 1983, Guidelines for Selection, Design, and Operation of Recreation Vehicle Areas, State Pollution Control Commission, September 1985.		
2.5	<i>Application of E2 and E3 Zones and Environmental Overlays in Far North Coast LEPs</i> The objective of this direction is to ensure that a balanced and consistent approach is taken when applying environmental protection zones and overlays to land on the NSW Far North Coast. This direction applies to the local government areas of Ballina, Byron, Kyogle, Lismore and Tweed only.	N/A	N/A
3. Housing Infrastructure and Urban Development (effective 1 July 2009 - except for new Direction 3.6 effective 16 February 2011,			

No.	Title	Applicable to Planning Proposal	Consistency
Direction 3.1, 3.2, 3.4 and 3.5 effective 14 April 2016)			
3.1	<i>Residential Zones</i> This direction applies when a relevant planning authority prepares a planning proposal that will affect land within: • an existing or proposed residential zone (including the alteration of any existing residential zone boundary) • any other zone in which significant residential development is permitted or proposed to be permitted. A planning proposal must include provisions that encourage the provision of housing that will: • broaden the choice of building types and locations available in the housing market, and • make more efficient use of existing infrastructure and services, and • reduce the consumption of land for housing and associated urban development on the urban fringe, and • be of good design. A planning proposal must, in relation to land to which this direction applies: • contain a requirement that residential development is not permitted until land is adequately serviced (or arrangements satisfactory to the council, or other appropriate authority, have been made to service it), and • not contain provisions which will reduce the permissible residential density of land.	Yes	Consistent – the Planning proposal includes provisions that encourage additional housing consistent with the immediate locality
3.2	<i>Caravan Parks and Manufactured Home Estates</i>	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	This direction applies when a relevant planning authority prepares a planning proposal. In identifying suitable zones, locations and provisions for caravan parks in a planning proposal, the relevant planning authority must: • retain provisions that permit development for the purposes of a caravan park to be carried out on land, and • retain the zonings of existing caravan parks, or in the case of a new principal LEP zone the land in accordance with an appropriate zone under the Standard Instrument (Local Environmental Plans) Order 2006 that would facilitate the retention of the existing caravan park. In identifying suitable zones, locations and provisions for manufactured home estates (MHEs) in a planning proposal, the relevant planning authority must: • take into account the categories of land set out in Schedule 2 of SEPP 36 as to where MHEs should not be located, • take into account the principles listed in clause 9 of SEPP 36 (which relevant planning authorities are required to consider when assessing and determining the development and subdivision proposals), and • include provisions that the subdivision of MHEs by long term lease of up to 20 years or under the Community Land Development Act 1989 be permissible with consent.		
3.3	<i>Home Occupations</i> This direction applies when a relevant planning authority prepares a planning proposal.	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	Planning proposals must permit home occupations to be carried out in dwelling houses without the need for development consent.		
3.4	<i>Integrating Land Use and Transport</i> This direction applies when a relevant planning authority prepares a planning proposal that will create, alter or remove a zone or a provision relating to urban land, including land zoned for residential, business, industrial, village or tourist purposes. A planning proposal must locate zones for urban purposes and include provisions that give effect to and are consistent with the aims, objectives and principles of: • Improving Transport Choice – Guidelines for planning and development (DUAP 2001), and • The Right Place for Business and Services – Planning Policy (DUAP 2001).	Yes	Consistent – the Planning proposal identifies additional urban land within close proximity to existing urban settlements and established local transport networks
3.5	<i>Development Near Licensed Aerodromes</i> This direction applies when a relevant planning authority prepares a planning proposal that will create, alter or remove a zone or a provision relating to land in the vicinity of a licensed aerodrome.	N/A	N/A
3.6	<i>Shooting Ranges</i> This direction applies when a relevant planning authority prepares a planning proposal that will affect, create, alter or remove a zone or a provision relating to land adjacent to and/ or adjoining an existing shooting range. A planning proposal must not seek to rezone land adjacent to and/	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	or adjoining an existing shooting range that has the effect of: • permitting more intensive land uses than those which are permitted under the existing zone; or • permitting land uses that are incompatible with the noise emitted by the existing shooting range.		
3.7	<i>Reduction in non-hosted short term rental accommodation period</i> This direction applies to Byron Shire Council. This direction applies when the council prepares a planning proposal to identify or reduce the number of days that non-hosted short-term rental accommodation may be carried out in parts of its local government area.	N/A	N/A
4. Hazard and Risk (effective 1 July 2009 – except for new Direction 4.2 effective 12 April 2016)			
4.1	<i>Acid Sulfate Soils</i> This direction applies when a relevant planning authority prepares a planning proposal that will apply to land having a probability of containing acid sulfate soils as shown on the Acid Sulfate Soils Planning Maps.	N/A	N/A
4.2	<i>Mine Subsidence and Unstable Land</i> This direction applies to land that is within a Mine Subsidence District proclaimed pursuant to section 15 of the Mine Subsidence Compensation Act 1961, or has been identified as unstable land.	N/A	N/A
4.3	<i>Flood Prone Land</i> This direction applies when a relevant planning authority prepares	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	a planning proposal that creates, removes or alters a zone or a provision that affects flood prone land. A planning proposal must include provisions that give effect to and are consistent with the NSW Flood Prone Land Policy and the principles of the Floodplain Development Manual 2005 (including the Guideline on Development Controls on Low Flood Risk Areas). A planning proposal must not rezone land within the flood planning areas from Special Use, Special Purpose, Recreation, Rural or Environmental Protection Zones to a Residential, Business, Industrial, Special Use or Special Purpose Zone. A planning proposal must not contain provisions that apply to the flood planning areas which: • permit development in floodway areas • permit development that will result in significant flood impacts to other properties • permit a significant increase in the development of that land • are likely to result in a substantially increased requirement for government spending on flood mitigation measures, infrastructure or services, or • permit development to be carried out without development consent except for the purposes of agriculture (not including dams, drainage canals, levees, buildings or structures in floodways or high hazard areas), roads or exempt development. A planning proposal must not impose flood related development		

No.	Title	Applicable to Planning Proposal	Consistency
	controls above the residential flood planning level for residential development on land, unless a relevant planning authority provides adequate justification for those controls to the satisfaction of the Director-General (or an officer of the Department nominated by the Director-General). For the purposes of a planning proposal, a relevant planning authority must not determine a flood planning level that is inconsistent with the Floodplain Development Manual 2005 (including the Guideline on Development Controls on Low Flood Risk Areas) unless a relevant planning authority provides adequate justification for the proposed departure from that Manual to the satisfaction of the Director-General (or an officer of the Department nominated by the Director-General).		
4.4	<i>Planning for Bushfire Protection</i> This direction applies when a relevant planning authority prepares a planning proposal that will affect, or is in proximity to land mapped as bushfire prone land. In the preparation of a planning proposal the relevant planning authority must consult with the Commissioner of the NSW Rural Fire Service following receipt of a gateway determination under section 56 of the Act, and prior to undertaking community consultation in satisfaction of section 57 of the Act, and take into account any comments so made, A planning proposal must: • have regard to Planning for Bushfire Protection 2006,	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	• introduce controls that avoid placing inappropriate developments in hazardous areas, and • ensure that bushfire hazard reduction is not prohibited within the APZ. • A planning proposal must, where development is proposed, comply with the following provisions, as appropriate: • provide an Asset Protection Zone (APZ) incorporating at a minimum: (i) an Inner Protection Area bounded by a perimeter road or reserve which circumscribes the hazard side of the land intended for development and has a building line consistent with the incorporation of an APZ, within the property, and (ii) an Outer Protection Area managed for hazard reduction and located on the bushland side of the perimeter road, • for infill development (that is development within an already subdivided area), where an appropriate APZ cannot be achieved, provide for an appropriate performance standard, in consultation with the NSW Rural Fire Service. If the provisions of the planning proposal permit Special Fire Protection Purposes (as defined under section 100B of the Rural Fires Act 1997), the APZ provisions must be complied with, • contain provisions for two-way access roads which links to perimeter roads and/or to fire trail networks, • contain provisions for adequate water supply for fire fighting purposes, • minimise the perimeter of the area of land interfacing the		

No.	Title	Applicable to Planning Proposal	Consistency
	hazard which may be developed, introduce controls on the placement of combustible materials in the Inner Protection Area.		
5. Regional Planning (effective 1 July 2009 - except for new Direction 5.2 effective 3 March 2011, Direction 5.9 effective 30 September 2013, Direction 5.4 effective 21 August 2015, Direction 5.8 and 5.10 effective 14 April 2016, Direction 5.1 and 5.3 effective 1 May 2017)			
5.1	<i>Implementation of Regional Strategies (Revoked 17 October 2017).</i>	N/A	N/A
5.2	<i>Sydney Drinking Water Catchments</i> This Direction applies to the Sydney drinking water catchment in the following local government areas: - Blue Mountains - Campbelltown - Cooma Monaro - Eurobodalla - Goulburn Mulwaree - Kiama - Lithgow - Oberon - Palerang - Shoalhaven Sutherland - Upper Lachlan - Wingecarribee	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	• Wollondilly • Wollongong.		
5.3	<i>Farmland of State and Regional Significance on the NSW Far North Coast</i> This direction applies to: • Ballina Shire Council, • Byron Shire Council, • Kyogle Shire Council, • Lismore City Council, • Richmond Valley Council, and • Tweed Shire Council	N/A	N/A
5.4	<i>Commercial and Retail Development along the Pacific Highway, North Coast</i> This Direction applies to those council areas on the North Coast that the Pacific Highway traverses, being those council areas between Port Stephens Shire Council and Tweed Shire Council, inclusive	N/A	N/A
5.5	<i>Development in the vicinity of Ellalong, Paxton and Millfield (Cessnock LGA) (Revoked 18 June 2010).</i>	N/A	N/A
5.6	<i>Sydney to Canberra Corridor (Revoked 10 July 2008).</i>	N/A	N/A
5.7	<i>Central Coast (Revoked 10 July 2008).</i>	N/A	N/A
5.8	<i>Second Sydney Airport: Badgerys Creek</i> This direction applies to land shown within the boundaries of the	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	proposed airport site and within the 20 ANEF contour as shown on the map entitled "Badgerys Creek-Australian Noise Exposure Forecast-Proposed Alignment-Worst Case Assumptions", this being found in Appendix U of the Second Sydney Airport Site Selection Program Draft Environmental Impact Statement within Fairfield City Council, Liverpool City Council, Penrith City Council and Wollondilly Shire Council local government areas.		
5.9	<i>North West Rail Link Corridor Strategy</i> The objectives of this direction are to: • promote transit-oriented development and manage growth around the eight train stations of the North West Rail Link (NWRL) • ensure development within the NWRL corridor is consistent with the proposals set out in the NWRL Corridor Strategy and precinct Structure Plans. This Direction applies to Hornsby Shire Council, The Hills Shire Council and Blacktown City Council only.	N/A	N/A
5.10	<i>Implementation of Regional Plans</i> The objective of this direction is to give legal effect to the vision, land use strategy, goals, directions and actions contained in Regional Plans. Planning proposals must be consistent with a Regional Plan released by the Minister for Planning.	Yes	Consistent – planning proposal consistent with the <i>Riverina Murray Regional Plan 2036</i> See commentary in 'Part 3 Justification, Section B' of the planning proposal.

No.	Title	Applicable to Planning Proposal	Consistency
6. Local Plan Making (effective 1 July 2009)			
6.1	<i>Approval and Referral Requirements</i> This direction applies when a relevant planning authority prepares a planning proposal. A planning proposal must: • minimise the inclusion of provisions that require the concurrence, consultation or referral of development applications to a Minister or public authority, and • not contain provisions requiring concurrence, consultation or referral of a Minister or public authority unless the relevant planning authority has obtained the approval of: (i) the appropriate Minister or public authority, and (ii) the Director-General of the Department of Planning (or an officer of the Department nominated by the Director-General), prior to undertaking community consultation in satisfaction of section 57 of the Act, and • not identify development as designated development unless the relevant planning authority: (i) can satisfy the Director-General of the Department of Planning (or an officer of the Department nominated by the Director-General) that the class of development is likely to have a significant impact on the environment, and (ii) has obtained the approval of the Director-General of the Department of Planning (or an officer of the Department	Yes	Consistent – no provisions are included in the Planning proposal for approval or referrals.

No.	Title	Applicable to Planning Proposal	Consistency
6.2	nominated by the Director-General) prior to undertaking community consultation in satisfaction of section 57 of the Act. <i>Reserving Land for Public Purposes</i> This direction applies when a relevant planning authority prepares a planning proposal. A planning proposal must not create, alter or reduce existing zonings or reservations of land for public purposes without the approval of the relevant public authority and the Director-General of the Department of Planning (or an officer of the Department nominated by the Director-General). When a Minister or public authority requests a relevant planning authority to reserve land for a public purpose in a planning proposal and the land would be required to be acquired under Division 3 of Part 2 of the Land Acquisition (Just Terms Compensation) Act 1991, the relevant planning authority must: • reserve the land in accordance with the request, and • include the land in a zone appropriate to its intended future use or a zone advised by the Director-General of the Department of Planning (or an officer of the Department nominated by the Director-General), and • identify the relevant acquiring authority for the land. When a Minister or public authority requests a relevant planning authority to include provisions in a planning proposal relating to the use of any land reserved for a public purpose before that land is acquired, the relevant planning authority must:	Yes	Consistent See commentary in 'Part 3 Justification, Section B' of the planning proposal. The land is owned by Council and approval will be sought to seek approval to alter the existing zoning from the Director General.

No.	Title	Applicable to Planning Proposal	Consistency
	- include the requested provisions, or - take such other action as advised by the Director-General of the Department of Planning (or an officer of the Department nominated by the Director-General) with respect to the use of the land before it is acquired. When a Minister or public authority requests a relevant planning authority to include provisions in a planning proposal to rezone and/or remove a reservation of any land that is reserved for public purposes because the land is no longer designated by that public authority for acquisition, the relevant planning authority must rezone and/or remove the relevant reservation in accordance with the request.		
6.3	<i>Site Specific Provisions</i> This direction applies when a relevant planning authority prepares a planning proposal that will allow a particular development to be carried out. A planning proposal that will amend another environmental planning instrument in order to allow a particular development proposal to be carried out must either: - allow that land use to be carried out in the zone the land is situated on, or - rezone the site to an existing zone already applying in the environmental planning instrument that allows that land use without imposing any development standards or requirements in addition to those already contained in that zone, or - allow that land use on the relevant land without imposing	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	any development standards or requirements in addition to those already contained in the principal environmental planning instrument being amended. A planning proposal must not contain or refer to drawings that show details of the development proposal.		
7. Metropolitan Planning 14 January 2015 (Except for Direction 7.2 effective 22 September 2015, Direction 7.3 effective 19 December 2016, Direction 7.4 effective 15 May 2017, Direction 7.5 effective 25 July 2017 and Direction 7.6 effective 5 August 2017)			
7.1	<i>Implementation of A Plan for Growing Sydney</i> The objective of this direction is to give legal effect to the planning principles; directions; and priorities for subregions, strategic centres and transport gateways contained in A Plan for Growing Sydney. It does not apply to the Leeton Shire Council Local Government Area.	N/A	N/A
7.2	<i>Implementation of Greater Macarthur Land Release Investigation</i> The objective of this direction is to ensure development within the Greater Macarthur Land Release Investigation Area is consistent with the Greater Macarthur Land Release Preliminary Strategy and Action Plan (the Preliminary Strategy). This direction applies to Campbelltown City Council and Wollondilly Shire Council only.	N/A	N/A
7.3	<i>Parramatta Road Corridor Urban Transformation Strategy</i> The objectives of this Direction are to: • facilitate development within the Parramatta Road Corridor that is consistent with the <i>Parramatta Road Corridor Urban Transformation Strategy (November, 2016)</i> and the <i>Parramatta Road Corridor Implementation Tool Kit</i>, • provide a diversity of jobs and housing to meet the needs of a	N/A	N/A

No.	Title	Applicable to Planning Proposal	Consistency
	broad cross-section of the community, and guide the incremental transformation of the Parramatta Road Corridor in line with the delivery of necessary infrastructure. It does not apply to the Leeton Shire Council Local Government Area.		
7.4	<i>Implementation of North West Priority Growth Area Land Use and Infrastructure Implementation Plan</i> The objective of this direction is to ensure development within the North West Priority Growth Area is consistent with the North West Priority Growth Area Land Use and Infrastructure Strategy (the Strategy). It does not apply to the Leeton Shire Council Local Government Area.	N/A	N/A
7.5	<i>Implementation of Greater Parramatta Priority Growth Area Interim Land Use and Infrastructure Implementation Plan</i> The objective of this direction is to ensure development within the Greater Parramatta Priority Growth Area is consistent with the Greater Parramatta Priority Growth Area Interim Land Use and Infrastructure Implementation Plan dated July 2017 (the interim Plan). It does not apply to the Leeton Shire Council Local Government Area.	N/A	N/A
7.6	<i>Implementation of Wilton Priority Growth Area Interim Land Use and Infrastructure Implementation Plan</i> The objective of this direction is to ensure development within the Wilton Priority Growth Area is consistent with the Wilton Interim Land Use and Infrastructure Implementation Plan and Background Analysis. It does not apply to the Leeton Shire Council Local Government Area.	N/A	N/A
