

Gateway Determination

Planning proposal (Department Ref: PP_2020_IWEST_001_00): to consolidate the Ashfield Local Environmental Plan (LEP) 2013, Leichhardt LEP 2013 and Marrickville LEP 2011 to create a single Local Environmental Plan for the Inner West local government area.

I, the A/Executive Director, Eastern Harbour City at the Department of Planning, Industry and Environment, as delegate of the Minister for Planning and Public Spaces, have determined under section 3.34(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that a proposal to consolidate the Ashfield Local Environmental Plan (LEP) 2013, Leichhardt LEP 2013 and Marrickville LEP 2011 to create a single Local Environmental Plan for the Inner West local government area, should proceed subject to the following conditions:

1. Prior to undertaking community consultation, Council is required to amend the planning proposal to:
 - a) Clearly state that the draft instrument attached to the planning proposal is for exhibition purposes only and is subject to change as part of the drafting of the final LEP;
 - b) Prepare draft LEP maps to reflect the provisions of the planning proposal;
 - c) Clarify the intent of retaining a parcel of the Moore Street Industrial Precinct currently zoned as IN2 Light Industrial (at its north eastern corner); and
 - d) Include a savings provision which will not result in the proposed amendments affecting current development applications or appeal processes.
2. The final LEP should be updated where required to have regard to any endorsed Local Housing Strategy and Local Strategic Planning Statement, should the endorsement of either document occur prior to finalisation.
3. Public exhibition is required under section 3.34(2)(c) and schedule 1 clause 4 of the Act as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the planning proposal authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 6.5.2 of *A guide to preparing local environmental plans* (Department of Planning and Environment, 2018).
4. Consultation is required with the following public authorities/organisations under section 3.34(2)(d) of the Act and/or to comply with the requirements of relevant section 9.1 Directions:

- Transport for NSW
- Sydney Airport
- Civil Aviation Safety Authority
- Commonwealth Department of Infrastructure, Transport, Regional Development and Communications
- NSW Land and Housing Corporation
- Office of Environment, Energy and Science
- Environmental Protection Agency
- Sydney Water Corporation
- NSW Department of Education
- NSW Health
- Heritage NSW, Department of Premier and Cabinet
- Canterbury-Bankstown Council
- City of Sydney Council
- Bayside Council
- Burwood Council
- City of Canada Bay Council

Each public authority/organisation is to be provided with a copy of the planning proposal and any relevant supporting material and given at least 21 days to comment on the proposal.

5. A public hearing is not required to be held into the matter by any person or body under section 3.34(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
6. The time frame for completing the LEP is to be **9 months** following the date of the Gateway determination.

Dated: 11th of March 2020.
