Dear Mr Swift-McNair

Planning proposal to amend Port Macquarie- Hastings Local Environmental Plan 2011

I am writing in response to your Council's letter dated 22 May 2017 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning proposal to rezone land at Beach Street, Bonny Hills from RU1 Primary Production to R1 General Residential and E2 Environmental Conservation and amend associated minimum lot size and floor space ratio controls.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistencies with S117 Directions 1.2 Rural Zones and 4.1 Acid Sulfate Soils are of minor significance. No further approval is required in relation to these Directions.

Council will still need to obtain the agreement of the Department's Secretary to comply with the requirements of relevant S117 Direction 4.4 Planning for Bush Fire Protection. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Tamara Prentice of the Department's regional office to assist you. Ms Prentice can be contacted on (02) 6641 6610.

Yours sincerely

 19 June 2017

Gateway Determination

Planning proposal (Department Ref: PP_2017_PORTM_003_00): to rezone land at Beach Street, Bonny Hills from RU1 Primary Production to R1 General Residential and E2 Environmental Conservation and amend associated minimum lot size and floor space ratio controls.

I, the Acting Director Regions, Northern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Port Macquarie-Hastings Local Environmental Plan (LEP) 2011 to rezone land at Beach Street, Bonny Hills from RU1 Primary Production to R1 General Residential and E2 Environmental Conservation and amend associated minimum lot size and floor space ratio controls should proceed subject to the following conditions:

1. Prior to the commencement of community consultation, Council is to update the planning proposal to:
 - (a) delete discussion on consistency with the Mid North Coast Regional Strategy and replace with discussion on the consistency with the North Coast Regional Plan 2036 including assessment of the proposal against the Urban Growth Area Variation Principles;
 - (b) delete discussion on S117 Direction 5.1 Implementation of Regional Strategies and include discussion on Direction 5.10 Implementation of Regional Plans; and
 - (c) include relevant supporting background studies that have informed the planning proposal.
2. After the planning proposal has been updated in accordance with condition (1) and prior to commencement of community consultation, consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:
 - Office of Environment and Heritage
 - NSW Rural Fire Service
 - Local Aboriginal Land Council

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

The proposal is to be updated prior to community consultation to incorporate any necessary changes arising from consultation with State agencies or organisations.

3. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
- (a) the planning proposal must be made publicly available for a minimum of **28 days**;
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Environment 2016)*; and
 - (c) a letter is to be sent to the landowner advising of the proposal and seeking comment.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated 19 day of June 2017
