Good afternoon Craig,

Please find attached a revised planning proposal for PMHC LEP 2011 (Amendment 33), the relevant council report for your information and associated council resolution to proceed, and the original gateway determination. The original planning proposal was exhibited 24 March - 25 April 2015 and changes have been made in response to submissions.

Can you please arrange for a review of the revised planning proposal to see if a revised gateway determination is required.

Note we intend to exhibit the revised planning proposal regardless in order to address an error in the LEP maps discovered through the public exhibition period. Please let me know if you need anything else. I am out of the office next week so please contact Peter Cameron if you need to during this time.

Regards,

Steve Schwartz
