Statement of significance: One of the original Show Ground complex buildings, it continues as a shelter for the local agricultural shows which are the big agricultural display and social event of the year. It still retains its original character, being retained as originally built.

Historical notes of provenance: The Temora Pastoral, Agricultural, Horticultural and Industrial Association was formed in 1885 by district farmers and local citizens. Each year an annual show was conducted over a three day period. In 1929 the Association came under the newly created governing body, the Agricultural Societies Council of N.S.W. In 1931 the Great Depression meant questions were raised locally about having the annual show, but it went ahead, albeit a little more modestly. However the 1935 show, the Jubilee Show, was a grand affair, celebrating 50 years of Agricultural achievement in the area.
