Mr Les McMahon
General Manager
Wollondilly Shire Council
PO Box 21
PICTON NSW 2571

Dear Mr McMahon,

Planning proposal to amend Wollondilly Local Environmental Plan 2011

I am writing in response to Council's letter dated 18 January 2013 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land at 1735 Remembrance Drive, 108-114 and 116-118 Menangle Street, Picton from RU2 Rural Landscape to R2 Low Density Residential, R3 Medium Density Residential, RE1 Public Recreation and for environmental purposes, amend the lot size and building height provisions applicable to the land and amend other associated maps.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed the planning proposal's inconsistency with S117 Direction 1.2 Rural Zones is of minor significance. No further approval is required in relation to this Direction.

Council may still need to obtain the concurrence of the Director General to comply with the requirements of relevant S117 Directions. Council should ensure this occurs prior to the plan being made.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 24 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The NSW State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under s54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Mato Prskalo of the regional office of the department on 02 9860 1560.

Yours sincerely,

 28/3/13

Gateway Determination

Planning proposal (Department Ref: PP_2013_WOLLY_002_00): to rezone certain land at Remembrance Drive and Menangle Street, Picton.

I, the Deputy Director General, Planning Operations and Regional Delivery at the Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Wollondilly Local Environmental Plan (LEP) 2011 to rezone land at 1735 Remembrance Drive, 108-114 and 116-118 Menangle Street, Picton from RU2 Rural Landscape to R2 Low Density Residential, R3 Medium Density Residential, RE1 Public Recreation and for environmental purposes, amend the lot size and building height provisions applicable to the land and amend other associated maps should proceed subject to the following conditions:

1. Prior to undertaking public exhibition, the maps are to be updated to consistently identify the subject land, consistent with Council's resolution. The 'subject land' is to only include land which is proposed to be rezoned and the proposal is to be clear on whether it applies to land currently zoned RE1 Public Recreation. Council is to consider including land to the immediate west of the subject land, which is zoned RU2 Rural Landscape as part of this rezoning.
2. Council is to update the planning proposal to address acquisition arrangements for land proposed to be zoned RE1 Public Recreation, including identifying any necessary changes to be made to the Land Reservation Acquisition Map. This will enable consistency with S117 Direction 6.2 Reserving Land for Public Purposes to be determined.
3. Council is to demonstrate that the planning proposal satisfies the requirements of State Environmental Planning Policy (SEPP) 55 – Remediation of Land. Council is to prepare an initial site contamination investigation report to demonstrate that the site is suitable for rezoning to the proposed zone. This report is to be included as part of the public exhibition material.
4. Additional information regarding the below matters is to be placed on public exhibition with the planning proposal:
 - Drainage and stormwater
 - Flora and fauna
 - Flooding
 - Bushfire hazard
 - Traffic and transport
 - Heritage
 - Geotechnical
 - Open space
 - Scenic landscape analysis
 - Residue land (protection and management of remaining agricultural land)
 - Water and wastewater servicing

Once this information is provided and consultation with public authorities is undertaken consistency with S117 Directions 2.3 Heritage Conservation, 3.1 Residential Zones and 4.3 Flood Prone Land can be determined.

5. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs* (Department of Planning & Infrastructure 2012).

6. Consultation is required with the following public authorities or organisations under section 56(2)(d) of the EP&A Act and/or to comply with the requirements of or demonstrate consistency with relevant S117 Directions:
 - Office of Environment and Heritage (S117 Direction 2.1 Environment Protection Zones)
 - Department of Trade and Investment – Mineral Resources and Energy (S117 Direction 1.3 Mining, Petroleum Production and Extractive Industries)
 - NSW Rural Fire Service (S117 Direction 4.4 Planning for Bushfire Protection)
 - Fire and Rescue NSW
 - Transport for NSW - Roads and Maritime Services
 - Mine Subsidence Board (S117 Direction 4.2 Mine Subsidence and Unstable Land)
 - Endeavour Energy
 - Commonwealth Department of Sustainability, Environment, Water, Population and Communities (if required)
 - Sydney Water
 - Hawkesbury – Nepean Catchment Management Authority
 - Department of Primary Industries – Agriculture
 - Department of Primary Industries – Crown Land (regarding the Vault Hill Cemetery)

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

7. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

8. The timeframe for completing the LEP is to be **24 months** from the week following the date of the Gateway determination.
