I, the Executive Director, Central River City and Western Parkland City at the Department of Planning, Industry and Environment, as delegate of the Minister for Planning and Public Spaces, have determined under section 3.34(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Fairfield Local Environmental Plan (LEP) (2013) to ensure the Fairfield LEP 2013 gives effect to the Western City District Plan and draft Camden Local Strategic Planning Statement should proceed subject to the following conditions:

1. Prior to public exhibition, Council is to amend the planning proposal:
 - (a) remove the following proposed amendments and associated references or maps from the planning proposal:

 - (d) consult the Chief executive of the relevant local health district prior to public exhibition in accordance with section 9.1 Direction 6.1 Approval and Referral Requirements and address any comments from this agency;
 - (e) include the intention to introduce a new savings and transitional clause to ensure that proposed amendments do not affect any lodged development applications or appeal processes; and
 - (f) include a note that the draft proposed clauses will be subject to legal drafting and may alter under this process.
2. Public exhibition is required under section 3.34(2)(c) and schedule 1 clause 4 of the Act as follows:
 - (a) the planning proposal is classified as low impact as described in *A guide to preparing local environmental plans* (Department of Planning, Industry and Environment, 2018) and must be made publicly available for a minimum of **28 days**; and
 - (b) the planning proposal authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 6.5.2 of *A guide to preparing local environmental plans* (Department of Planning and Environment, 2018).

3. Council is to inform all landowners affected by the hospital helicopter airspace and rezoning amendments in writing about the exhibition of the proposal, outlining the effect of the proposed changes.
4. Consultation is required with the following public authorities/organisations under section 3.34(2)(d) of the Act and/or to comply with the requirements of relevant section 9.1 Directions:

6. Council is required to submit the planning proposal to the Department for finalisation prior by 30 June 2020.
7. Given the nature of the planning proposal, Council is not authorised to exercise delegation to make this plan
