Dear Mr Henry

Macquariedale Road Planning Proposal

I refer to our discussions today and attach hereto a plan showing a potential amended zone boundary for the proposed E2 Conservation land.

The purpose of the amendment is to further enhance the connective value of the Ousedale Creek corridor by increasing the area of remnant vegetation including Forest Red Gum.

The other amendment is to exclude the Asset Protection Zone from the proposed E2 Conservation land.

I trust this addresses the remaining issues of concern raised by the environment team.

Please do not hesitate to contact me if further questions arise.

Yours sincerely

Gerry Beasley
Executive Planner
Walker Corporation Pty Limited
