Dear Ms Jackson

Planning proposal to amend Tenterfield Local Environmental Plan 2013

I am writing in response to your Council's request for a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land from RU1 Primary Production and RU5 Village to SP2 Infrastructure 'classified road' for the purpose of the Tenterfield Heavy Vehicle Bypass and to identify the land on the Land Reservation Acquisition Map.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistencies with S117 Directions 1.3 Mining, Petroleum Production and Extractive Industries, 1.5 Rural Lands, 2.1 Environmental Protection Zones, 2.3 Heritage Conservation, 3.2 Caravan Parks and Manufactured Home Estates, 4.3 Flood Prone Land and 6.2 Reserving Land for Public Purposes are of minor significance. In relation to S117 Direction 6.2 Reserving Land for Public Purposes, I have agreed to the creation of land for public purposes on the basis that it will help facilitate the delivery of important regional infrastructure being the Tenterfield heavy vehicle bypass. No further approval is required in relation to these Directions.

Council will still need to obtain the agreement of the Department's Secretary to comply with the requirements of S117 Direction 4.4 Planning for Bushfire Protection. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary

Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Gina Davis of the Department's regional office to assist you. Ms Davis can be contacted on (02) 6701 9687.

Yours sincerely

2 October 2015

Gateway Determination

Planning proposal (Department Ref: PP_2015_001_00): to rezone land from RU1 Primary Production and RU5 Village to SP2 Infrastructure 'classified road' for the purpose of the Tenterfield Heavy Vehicle Bypass and to identify the land on the Land Reservation Acquisition Map.

I, the General Manager, Northern Region at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the EP&A Act that for an amendment to Tenterfield LEP 2013 to rezone land from RU1 Primary Production and RU5 Village to SP2 Infrastructure 'classified road' for the purpose of the Tenterfield Heavy Vehicle Bypass and to identify the land on the Land Reservation Acquisition Map should proceed subject to the following conditions:

1. Prior to undertaking public exhibition, Council is to amend the Planning Proposal to:
 - (a) include mapping illustrating the land that will be identified on the Land Reservation Acquisition Map; and
 - (b) include notification on Council's website of the community consultation period.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Environment 2013)*.
3. Consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:
 - NSW Rural Fire Service
 - NSW Roads and Maritime Services

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated 2 day of October 2015.
