

Appendix 8:

Achievement of South West Subregional Strategy Objectives

Objective	Contribution to Achievement	Comment
B1: Provide places and locations for all types of economic activity and employment across the Sydney Regions;	Yes	The proposed rezoning will increase the choice and supply of locations to accommodate economic activity and employment in the Camden LGA.
B4: Concentrate activities near public transport;	Yes	Yes, rezoning enables an agglomeration of activities within the Narellan town Centre that capitalises on existing public transport and facilitates the viable improvement in services.
B5: Focus development in renewal corridors to maximise infrastructure use where demand and opportunities exist;	Yes	Rezoning of the site will enable a new use for a large parcel of land within an established town centre with good access to existing infrastructure and services.
C3: Renew local centres; and	Yes	Rezoning of the site will contribute to the ongoing evolution of the Narellan Town Centre.
D3: Influence travel choices to encourage more sustainable travel.	Yes	Provision and agglomeration of an increased range of locally based retail, commercial and associated activities within Narellan will enhance the attractiveness and scope of using cycles and walking as a viable transport mode, compared to the provision of activities in more distant locations.
