Dear Mr Walker

**Planning proposal to amend *The Hills Local Environmental Plan 2012* –
40 Solent Circuit, Baulkham Hills (PP_2016_THILL_015_00)**

I am writing in response to your Council's letter requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning to amend the height of buildings and floor space ratio and to allow additional permitted uses at 40 Solent Circuit, Baulkham Hills.

As delegate of the Greater Sydney Commission, I have now determined that the planning proposal should proceed subject to the conditions in the attached Gateway determination. As you are aware, the Department and Council have agreed on a methodology to deliver a mix of apartment sizes and mix for the North-West Rail Corridor, while ensuring Government expectation for overall dwelling yields are met.

I have also agreed, as delegate of the Secretary, that the planning proposal's inconsistencies with s117 Direction 5.9 North-West Rail Link Corridor Strategy and s117 Direction 6.3 Site Specific Provisions are of minor significance. No further approval is required in relation to these Directions.

Plan making powers were delegated to councils in October 2012. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (the Plan) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the Plan should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request is to be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete Local Environmental Plans by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Commission may take

action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

If you have any queries in regard to this matter, please contact Mr Chris Browne of the Department's Sydney Region West office on (02) 9860 1508.

Yours sincerely

 31 January 2017

I, the Executive Director, Regions at the Department of Planning and Environment as delegate of the Greater Sydney Commission, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to *The Hills Local Environmental Plan 2012* to facilitate mixed use development at 40 Solent Circuit, Baulkham Hills by amending the height of buildings and floor space ratio and allowing additional permitted uses, applying the methodology for incentivised floor space ratios agreed between the Department and Council, should proceed subject to the following conditions:
