

Gateway Determination

Planning Proposal (Department Ref: PP_2015_NARRO_004_00): to amend the Narromine LEP 2011 – rezone land and amend minimum lot size on land at part Lot 174 DP 775131 Old Backwater Road, Narromine.

I, the General Manager, Western Region at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the EP&A Act that an amendment to the Narromine Local Environmental Plan 2011 (LEP) to rezone land from zone RU1 Primary Production to zone R5 Large Lot Residential and amend minimum lot size from 400 hectares to 5 hectares on land at part Lot 174 DP 775131 Old Backwater Road, Narromine should proceed subject to the following conditions:

1. Prior to undertaking public exhibition, Council is to amend the planning proposal to clearly indicate the intent to rezone part of the land zone R5 Large Lot Residential and amend the minimum lot size to 5 hectares. Adequate maps shall be included in the planning proposal to indicate the proposed zoning and minimum lot sizes on the land.

The planning proposal is not to be placed on exhibition until the Department is satisfied that the proposal has been adequately amended.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 (EP&A Act) as follows:
 - (a) The planning proposal is required to be made publicly available on exhibition for 28 days as described in A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013).
 - (b) The relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of A Guide to Preparing LEPs.
3. Consultation is required with the following State Agencies under Section 56 (2)(d) of the EP&A Act and/or to comply with the requirements of relevant section 117 Directions:
 - (a) Department of Primary Industries - NSW Office of Water
 - (b) NSW Office of Environment and Heritage
Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the planning proposal prior to community consultation.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. Prior to submission of the planning proposal under Section 59 of the EP&A Act, the LEP maps must be prepared and be compliant with the Department's 'Standard Technical Requirements for LEP maps'.

Planning & Environment

6. The timeframe for completing the LEP is to be 12 months from the week following the date of the Gateway determination.

Dated 26 day of June 2015.
