Mr Phil Pinyon
General Manager
Wagga Wagga City Council
PO Box 20
WAGGA WAGGA NSW 2650

Dear Mr Pinyon,

Planning proposal to amend Wagga Wagga Local Environmental Plan 2010

I am writing in response to your Council's letter dated 18 April 2013 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to correct various mapping anomalies on the land zoning, lot size, land reservation acquisition, urban release area and protected regrowth maps for land within the Lloyd Urban Release Area.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed the planning proposal's inconsistencies with S117 Directions 1.2 Rural Zones and 2.1 Environment Protection Zone are of minor significance. In relation to S117 Direction 6.2 Reserving Land for Public Purposes, I have agreed to the reduction and creation of land for public purposes. No further approval is required in relation to these Directions.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 6 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Mr Graham Judge of the regional office of the department on 02 6229 7900.

Yours sincerely,

Neil McGaffin

Gateway Determination

Planning proposal (Department Ref: PP_2013_WAGGA_003_00): to correct various mapping anomalies under Wagga Wagga LEP 2010.

I, the Executive Director, Rural and Regional Planning at the Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Wagga Wagga Local Environmental Plan (LEP) 2010 to correct various mapping anomalies on the land zoning, lot size, land reservation acquisition, urban release area and protected regrowth maps for land within the Lloyd Urban Release Area should proceed subject to the following conditions:

1. Prior to undertaking public exhibition, council is to update the planning proposal to include current and proposed lot size, land zoning, urban release area, land reservation acquisition and protected regrowth maps, which are at an appropriate scale and clearly identify the subject sites.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)*.
3. Consultation is required with the following public authorities under section 56(2)(d) of the EP&A Act and/or to comply with the requirements of relevant S117 Directions:
 - Office of Environment and Heritage
 - Department of Trade and Investment (Crown Lands)
 - NSW Rural Fire Service (S117 Direction 4.4 Planning for Bushfire Protection) (consultation with RFS is to occur prior to community consultation)

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

5. The timeframe for completing the LEP is to be **6 months** from the week following the date of the Gateway determination.
