Mr Robert Noble
Acting General Manager
Liverpool City Council
Locked Bag 7064
LIVERPOOL BC NSW 1871

Attention: Katie Miles

Dear Mr Noble

**Planning proposal to amend Liverpool Local Environmental Plan 2008 -
(Amendment No 41)**

I am writing in response to your Council's letter dated 1 April, 2014, requesting a Gateway determination under section 56 of the *Environmental Planning and Assessment Act 1979* ("EP&A Act"), in respect of the planning proposal for rezoning and reclassification of part of Lot 104 DP 876128, 4 Marulan Way, Prestons (part of Pasquale Minnici Park) from RE1 (Public Recreation) to R2 (Low Density Residential), and part of Lot 66 DP 1050611, 38 Newbridge Road, Chipping Norton, from R2 (Low Density Residential) to RE1 (Public Recreation), and to rectify anomalies in Clause 7.5(4)(a) of the Liverpool LEP 2008.

As delegate of the Minister for Planning and Infrastructure, I have now determined that the planning proposal should proceed subject to the conditions in the attached Gateway determination.

The Minister delegated his plan making powers to councils in October 2012. Council has requested for authorisation to use delegation of plan making function for the planning proposal, however, this delegation cannot be given in this instance as the Governor's approval is required in relation to the removal of covenants, trusts etc. for reclassification of Lot 104 DP 876128, 4 Marulan Way, Prestons (part of Pasquale Minnici Park).

I have agreed that the planning proposal's inconsistency with S117 Directions 3.1 Residential Zone and 4.3 Flood prone Land are of a minor nature. In relation to S117 Direction 6.2 Reserving Land for Public Purposes, I have also agreed to the reduction of land for public purposes. No further approval is required in relation to these Directions.

Council is reminded of its obligation for undertaking a public hearing in relation to the proposed reclassification of land in accordance with the agency's practice note PN09-003, *Classification and reclassification of public land through a local environmental plan*. Your attention is drawn to the requirements under attachment 2 of the practice note. A copy is enclosed for your information.

The amending Local Environmental Plan (LEP) is to be finalised within 6 months from the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made 6 weeks prior to the projected publication date.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Cho Cho Myint of the regional office of Planning and Infrastructure on 02 9860 1167.

Yours sincerely,

 17/4/2014

Rachel Cumming
Director, Metropolitan Delivery (Parramatta)
Growth Planning and Delivery

Gateway Determination

Planning proposal (Ref: PP_2014_LPOOL_005_00): for rezoning and reclassification of part of Lot 104 DP 876128, 4 Marulan Way, Prestons (part of Pasquale Minnici Park) from RE1 (Public Recreation) to R2 (Low Density Residential) and part of Lot 66 DP 1050611, 38 Newbridge Road, Chipping Norton, from R2 (Low Density Residential) to RE1 (Public Recreation), and to rectify anomalies in Clause 7.5(4)(a) of the Liverpool LEP 2008.

I, the Director, Metropolitan Delivery (Parramatta), at Planning and Infrastructure, as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act, that an amendment to the Liverpool Local Environmental Plan (LEP) 2008 for rezoning and reclassification of part of Lot 104 DP 876128, 4 Marulan Way, Prestons (part of Pasquale Minnici Park) from RE1 (Public Recreation) to R2 (Low Density Residential) and part of Lot 66 DP 1050611, 38 Newbridge Road, Chipping Norton, from R2 (Low Density Residential) to RE1 (Public Recreation), and to rectify anomalies in Clause 7.5(4)(a) of the Liverpool LEP 2008, should proceed subject to the following conditions:

1. Council is to ensure the planning proposal addresses the Director General's requirements relating to the reclassification of public land consistent with section 5.5.4 of a *Guide to Preparing LEPs* and Council complies with the relevant requirements of the agency's practice note PN09-003;
2. Consultation is required under section 56(2)(d) of the EP&A Act with the Office of Environment and Heritage (OEH). The OEH is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal;
3. Community consultation is required under sections 56(2)(c) and 57 of the Environmental and Planning and Assessment Act 1979 ("EP&A Act") as follows
 - (a) The planning proposal must be made publicly available for a minimum of 28 days; and
 - (b) The relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs* (Department of Planning & Infrastructure 2013);
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. However, a public hearing is required to be held into the matter in accordance with the agency's practice note PN009-003, as the Planning Proposal involves a reclassification from community to operational; and
5. The timeframe for completing the Local Environmental Plan is to be 6 months from the week following the date of the Gateway determination.

17/4/2014

Rachel Cumming
Director, Metropolitan Delivery (Parramatta)

Planning and Infrastructure

Delegate of the Minister for Planning and Infrastructure

LEP practice note

STANDARD INSTRUMENT FOR LEPS

Note	PN 09-003
Date	12 June 2009
Related	Supersedes (re)classification advice in Best Practice Guideline (1997)

Classification and reclassification of public land through a local environmental plan

The purpose of this practice note is to update (and supersede) previous guidance on the process to classify or reclassify public land through a local environmental plan including a principal plan in accordance with the Standard Instrument.

Introduction

'Public land' is any land (including a public reserve) vested in, or under the control of, council. Exceptions include roads, land to which the *Crown Lands Act 1989* applies, a common, or land to which the *Trustees of Schools of Arts Enabling Act 1902* applies.

'Community' land is generally open to the public, for example, parks, reserves or sports grounds.

'Operational' land may be used for other purposes, for example, as works depots or garages, or held by council as a temporary asset.

'Classification' of public land refers to the process when this land is first acquired and first classified as either 'operational' land or 'community' land.

'Reclassification' of public land refers to the process of changing the classification of 'operational' land to 'community' land or from 'community' land to 'operational' land.

How is public land classified or reclassified?

Depending on circumstances, this is undertaken by either:

- resolution of council under section 31, 32 or 33 of the *Local Government Act 1993* (LG Act) [through section 27(2)], or
- a local environmental plan (LEP) under the *Environmental Planning and Assessment Act 1979* (EP&A Act) [through section 27(1) of the LG Act].

In both cases, it is not possible for councils to delegate their decision to classify or reclassify public land [section 377(1) of the LG Act]. Councils are encouraged to classify or reclassify land through the LG Act wherever circumstances conform to sections 31, 32 or 33 of the LG Act.

The remaining parts of this practice note identify the key areas councils must consider when proposing to classify or reclassify public land by means of a local environmental plan (LEP) under the second option.

This practice note supersedes the sections relating to classification and reclassification in *LEPs and council land*, Best Practice Guideline (Department of Urban Affairs and Planning 1997).

Procedure under the EP&A Act

Where classification or reclassification is proposed through an LEP, council is advised to include the proposal as early as possible in the draft LEP or planning proposal. If the public land to be classified or reclassified is not owned by council, landowner's consent is required prior to either section 54 or section 56 of the EP&A Act (when the Part 3 amendment to the EP&A Act applies).¹

The proposal would then form part of the material presented through either section 54 or section 56 of the EP&A Act (when the Part 3 amendment to the EP&A Act applies).

¹ In relation to the Part 3 amendment, council should also check the changes to the EP&A Act and Regulation once these commence.

To assist councils, the steps in preparing material either as a draft LEP or planning proposal are summarised in Attachment 1. Column 1 of Attachment 1 sets out the requirements in accordance with the EP&A Act **prior to** the Part 3 amendment commencing. Column 2 of the attachment sets out the requirements **after** the Part 3 amendment commences. In relation to the Part 3 amendment, council should also check the savings and transitional arrangements under the EP&A Act, once these commence.

Where land is proposed to be reserved for a public purpose such as provision of public services and facilities, section 117 Direction 6.2—Reserving Land for Public Purposes applies. The Direction also sets out requirements when a reservation of public land for such purposes is no longer required.

A summary of relevant matters that need to be available at the time the planning proposal is first forwarded are listed in Attachment 2 under 'Exhibition'. Other matters for exhibition and later stages are listed separately in that attachment.

Provisions in the Standard Instrument

The following Standard Instrument provisions are relevant to the classification and reclassification of public land.

Clause 5.2—Classification and reclassification of public land

The purpose of this clause is to enable councils to classify or reclassify public land identified in Schedule 4 of the Standard Instrument. Only public land to be classified or reclassified by publication on the NSW legislation website of that principal LEP is to be identified in the schedule. Schedule 4 must not contain a reference to any land already classified or reclassified.

Part 1 Schedule 4—change to 'operational' land, no interest changes

Land is identified in Part 1 of Schedule 4 where the trusts, estates, interests, dedications, conditions, restrictions or covenants over the land are to remain after reclassification to 'operational land', i.e. where **no** interests will change.

Part 2 Schedule 4—change to 'operational' land and an interest will change

Land is identified in Part 2 of Schedule 4 where the land is to be classified or reclassified as 'operational land' and some of the trusts, estates, interests, dedications, conditions, restrictions, or covenants over the land remain. The interests to remain are identified in column 3 of this part of the schedule.

Part 3 Schedule 4—change to 'community' land

Land proposed to be classified or reclassified as 'community land' through the LEP is identified in Part 3 of the schedule.

Where there is no land to be classified or reclassified through the LEP, the clause remains with the schedule empty.

General requirements for exhibition

Public exhibition of the LEP occurs after certification of the LEP (in accordance with section 66 of the EP&A Act). Public exhibition of a planning proposal may occur in accordance with section 57(2) (when the Part 3 amendment to the EP&A Act commences). To assist the public in understanding an exhibited draft LEP or planning proposal to classify or reclassify land, requirements are summarised in Attachment 2.

A copy of council's response to these requirements together with a copy of this practice note is to be part of material displayed during public exhibition of an LEP or planning proposal to reclassify or classify public land.

Public hearing

A public hearing must be held when 'community land' is proposed to be reclassified as 'operational land'.

To ensure council and the community have sufficient time to consider relevant matters associated with the proposed change, the public hearing is held **after** the close of the exhibition period under section 68 of the EP&A Act (section 29 of the LG Act) for an LEP and in accordance with section 57(6) (when the Part 3 amendment to the EP&A Act commences).

Public hearing provisions are set out in the EP&A Regulation (clause 14) and public notice of a hearing must be sent or published **at least 21 days** before the start of the public hearing.

The independence of the person chairing the public hearing and requirements relating to the preparation and inspection of reports from the hearing are specified in section 47G of the LG Act.

Further information

A copy of this practice note, Standard Instrument, and other specific practice notes and planning circulars on using the Standard Instrument, can be accessed on the Department's website <http://www.planning.nsw.gov.au/lep/index.asp>

Sam Haddad, Director-General

List of attachments:

1. Main steps (in sequence) for classifying and reclassifying public land under the *Environmental Planning and Assessment Act 1979*
2. General requirements for classification or reclassification of land through local environmental plans and planning proposals

Attachment 1. Main steps (in sequence) for classifying and reclassifying public land under the *Environmental Planning and Assessment Act 1979*

Requirements prior to commencement of the 2008 Part 3 amendment to the EP&A Act	Requirements after commencement of the 2008 Part 3 amendment to the EP&A Act when it applies to a proposal
Council notifies the Department of a decision to prepare a draft LEP including a proposal to classify or reclassify public land (section 54 of the EP&A Act). This notification is accompanied by an appropriate level of information including for the following: - a justification for the proposal - reasons why council acquired an interest - details that would also accompany a plan at exhibition stage (see Attachment 2) - any proposal to extinguish or retain other interests in the land through the reclassification - a justification /explanation as to why such interests are being extinguished - any rezoning associated with the classification/ reclassification - any preliminary comments by a relevant government agency, including agency's consent where land is vested or held by an agency other than council - consideration of any relevant directions e.g. section 117 Direction 6.2—Reserving Land for Public Purposes, where appropriate.	A planning proposal is forwarded by council to the Minister (new section 56 of the EP&A Act), including a proposal to classify or reclassify public land. This proposal contains an appropriate level of information including for the following: - a justification for the planning proposal - reasons why council acquired an interest - details that would also accompany a plan at exhibition stage (see Attachment 2) - any proposal to extinguish or retain other interests in the land through the reclassification - a justification /explanation as to why such interests are being extinguished - any rezoning associated with the classification/ reclassification - any preliminary comments by a relevant government agency, including an agency in which the land is vested or held - consideration of any relevant directions, e.g. section 117 Direction 6.2—Reserving Land for Public Purposes, where appropriate.
Consultation with relevant public agencies and other stakeholders (section 62 of the EP&A Act).	See below.
After consultation, council submits a draft LEP to the Department and, subject to the issue of a section 65 certificate, the draft LEP is exhibited for a minimum of 28 days and the public invited to provide written submissions to the exhibited LEP within the exhibition period.	Following review, at the gateway, if the planning proposal is to proceed, requirements for the various stages of the proposal, including consultation requirements, will be provided to council (new section 56(1), 56(2) of the EP&A Act).
Where a draft LEP includes reclassification of 'community' land to 'operational' land, council holds a public hearing into the proposal in accordance with section 68 of the EP&A Act (section 29 of the Local Government Act). *	Where a planning proposal includes reclassification of 'community' land to 'operational' land, council holds a public hearing into the proposal in accordance with new section 57(6) of the EP&A Act. *
Such a hearing follows the requirements of clause 14 of the EP&A Regulation including that a notice of the details for the hearing must be published in a local newspaper and sent to any person requesting a hearing a minimum of 21 days prior to the hearing.	Such a hearing follows the requirements of clause 14 of the EP&A Regulation including that a notice of the details for the hearing must be published in a local newspaper and sent to any person requesting a hearing a minimum of 21 days prior to the hearing.
Where it is considered appropriate, the draft LEP is submitted to the Director-General together with details of all submissions and the report of the public hearing, together with a statement of other matters set out in section 68 of the EP&A Act.	Consultation for a planning proposal under new section 57 of the EP&A Act is completed when council has considered any submissions made concerning the proposed instrument and the report of any public hearing. Where the planning proposal is to proceed, the Director-General makes arrangements for the drafting of the LEP to give effect to the final proposal (new section 59 of the EP&A Act).
The Director-General furnishes a report to the Minister if the Director-General is satisfied that the draft LEP has been prepared in accordance with any applicable standard instrument under section 33A (section 69 of the EP&A Act).	
The Minister determines whether to make the LEP under section 70 of the EP&A Act. **	The Minister (or Minister's delegate) determines whether to make the LEP under new section 59 of the EP&A Act. **

Notes:

* Where a proposal includes a classification of 'operational' land to 'community' land, a public hearing is not generally required.

** Where a reclassification proposes to extinguish other interests in the land, the approval of the Governor is required in accordance with section 30 of the LG Act.

Attachment 2. General requirements for classification or reclassification of land through local environmental plans and planning proposals

Exhibition

When exhibiting a planning proposal or draft LEP to classify or reclassify public land, council must provide a written statement including the following:

- the reasons why the draft LEP or planning proposal is being prepared including the planning merits of the proposal, e.g. the findings of a centres' strategy, council's intention to dispose of the land, provision of open space in a town centre
- the current and proposed classification of the land
- the reasons for the reclassification including how this relates to council's strategic framework, council's proposed future use of the land, proposed zones, site specific requirements, e.g. heritage controls, anticipated physical or operational changes resulting from the reclassification
- council's ownership of the land, if this applies
- the nature of council's interest in the land, e.g. council has a 50 year lease over the site
- how and when the interest was first acquired, e.g. the land was purchased in 20XX through section 94
- the reasons council acquired an interest in the land, e.g. for the extension of an existing park; council was given responsibility for the land by a State agency
- any agreements over the land together with their duration, terms, controls, agreement to dispose of the land, e.g. whether any aspect of the draft LEP or planning proposal formed part of the agreement to dispose of the land and any terms of any such agreement
- an indication, as a minimum, of the magnitude of any financial gain or loss from the reclassification and of the type(s) of benefit that could arise e.g. council could indicate the magnitude of value added to the land based on comparable sites such as the land is currently valued at \$1500 per square metre, nearby land zoned for business development is valued at between \$2000 and \$5000 per square metre
- the asset management objectives being pursued, the manner in which they will be achieved and the type of benefits the council wants, i.e. without necessarily providing details of any possible financial arrangements, how the council may or will benefit financially
- whether there has been an agreement for the sale or lease of the land; the basic details of any such agreement and, if relevant, when council intends to realise its asset, either

immediately after rezoning/reclassification or at a later time

- Relevant matters required in plan making under the EP&A Act
- A copy of this practice note must be included in the exhibition material to assist the community in identifying information requirements. Council staff may wish to identify the column in Attachment 1 that applies.

Post-exhibition

Once a decision has been made regarding whether the draft LEP or planning proposal proceeds, everyone who made a written submission must be notified in writing of the decision.

Written notification must occur within 14 days of the decision and needs to clearly identify the reasons for council's decision. An explanation must be included of how issues raised in submissions were addressed including the reasons for council's decision.

The final report after exhibition to either the Director-General or the Minister should include:

- a brief summary of council's interest in the land
- issues raised in any relevant submissions
- the dates of the exhibition and the hearing
- an explanation of how issues raised were addressed or resolved.

Additional matters to be addressed when the Governor's approval is required

The Governor's approval is required for the extinguishment of public reserve status and other interests in land which a council proposes to reclassify from 'community' to 'operational' status under the LG Act.

Council must provide sufficient information in accordance with this practice note to inform the Minister of any public reserve and/or other third party property interests (e.g. trust, covenant, easement) that are proposed to be extinguished upon the making of such a draft LEP or planning proposal.

Important note

This note does not constitute legal advice. Users are advised to seek professional advice and refer to the relevant legislation, as necessary, before taking action in relation to any matters covered by this note.
