Dear Chris

**Planning Proposal to Amend Murray Local Environmental Plan 2011 - 11//285511
312 Perricoota Road Moama**

We refer to your letter dated 22 August 2016 seeking comment regarding compliance with Section 117 Direction 4.4.

The RFS has reviewed the submitted documents and plans and raises no objections to the proposal with regard to the extant bush fire hazard in the precinct.

The proposed rezoning and changed subdivision lot size are deemed to comply with the Section 117 Directions.

Yours sincerely

Amanda Moylan
