Attachment No. 1 – Explanation of Provisions (inventory of mapping anomalies)

Map type	Map identification numbers	Corrections	Source of error
N/A	Common changes to all maps/ other comments.	1. Add "DM" and "MDP" notations to all maps as this improves readability, provides legibility and directs person to the appropriate instrument. 2. The grid sits crooked on the page. It should be straightened so that the lines of the grid run straight with the page boarders. 3. Whilst on the screen the page boarder appears on all (4) sides. This can be seen on the grid in the legend: the red box does not sit symmetrically over the yellow grid. the page boarder only prints on three sides (ie. The external boarder sits outside the printer margins). This occurs no matter which printer is used. This should be re-positioned in most / all cases, so the full external boarder of all sides prints successfully. 4. The cadastre should be updated on all mapping layers.	DP&I error
Land Application Map			
LAP_001	0200_COM_LAP_001_040_20100728 (675 kB)	• "Lidcome" is misspelt. Correct spelling is "Lidcombe".	DP&I error
		• Deferred Matter area needs to be adjusted to take in the parcel of water adjacent to Mariner's Cove.	DP&I error
		• Reference to Ryde Council suggests it flanks Council's northern LGA boundary because it is shown no differently to the other adjoining LGA notations. Either delete or suggest adding reference to Parramatta River.	DP&I error
