

9.3 TRENTHAM CLIFFS DEVELOPMENT - PROVISION OF WATER AND SEWER

File Number: RPT/20/302

Responsible Officer: Ken Ross - General Manager

Responsible Division: Office of the General Manager

Reporting Officer: Ken Ross - General Manager

Objective: 1.0 Wentworth is a vibrant, growing and thriving Shire

Strategy: 1.2 Encourage and support population growth and resident attraction

Summary

This report should be read in conjunction with one with the same title which was deliberated with the following resolution of Council being carried at the 18 December 2019 meeting.

That Council authorises the Mayor and General Manager to negotiate an agreement with the developer regarding the provision of water and sewer infrastructure to Trentham Cliffs and beyond, and that it be brought back to council for ratification.

Since the December meeting of Council the final costing has been prepared for the delivery of the project which equates to \$1,841,106.00

Under the terms of the agreement the Council contribution is capped at \$1,500,000.00 in line with the December Report.

This report now seeks Council endorsement of the agreement.

Recommendation

That Council authorises the Mayor and General Manager to attach the common seal of the Wentworth Shire Council to the agreement pertaining to the provision of water and sewer infrastructure to Trentham Cliffs and beyond, noting that the agreement caps the Council contribution at \$1,500,000.00.

Detailed Report**Purpose**

The purpose of this report is for council to endorse the attached agreement which has in the opinion of the author delivered suitable arrangements in the apportionment of costs associated with the provision of filtered water to Trentham Cliffs and beyond and the return of sewer from the development site.

Background

Council has previously approved three developments in the Trentham Cliffs precinct, for which water and sewer infrastructure is required. In part the rationale behind this was to open up Gol Gol to Trentham Cliffs to more development opportunities.

Matters under consideration

Within the development of the Trentham Cliffs highway service center and cabin park patrons are to be provided with filtered water and a pressurized sewer, with the developer to supply the required infrastructure for the development.

The provision of this water and sewer infrastructure to the Trentham Cliffs development allows the opportunity for Council to futuristically connect approximately 300 tenements to this infrastructure in the rapidly developing area over Gol Gol creek in the R5 large lot resident zone.

The concept for consideration is for the developer of the Trentham Cliffs development to supply the required infrastructure for water to the Trentham Cliffs winery and install a sewer pump station upon the development site to pump the sewer back to Gol Gol.

Since the December meeting the design and costing of the project has been undertaken. The cost associated with the supply and installation of the required infrastructure to satisfy Council standards has been calculated at \$1,841,106.00

This report seeks council endorsement of the separately circulated agreement, whereby council shares in the upfront costs of providing the infrastructure which will be of future benefit to the council.

Conclusion

Through the approval of previous development applications Council has provided its support for the progression of development out to the Trentham Cliffs area.

The provision of essential infrastructure to the rapidly developing area of Gol Gol creek in the R5 large lot residential zone is necessary to facilitate the progression of development plans. Subsequent to the December meeting of Council the final costing for the project has been calculated at \$1,841,106.00

The agreement has been drafted to support the resolution of Council and now the agreement is returned to Council for endorsement.
