Hi Graham,

The LEP amendment was adopted as amended, as detailed in the September 2019 report to Council, which detailed items to remain prohibited, following consultation with NSW Department of Primary Industries.

Thanks for that

2. Can you also advise me on any changes made by Council to the original planning proposal for our records. For example are the changes made by Council to the exhibited PP only the ones highlighted in the Council report 19 September 2019, i.e. 22 (?) items will now remain prohibited in the RU1 Primary Production Zone in response to a DPI submission?
