

Gateway Determination

Planning proposal (Department Ref: PP_2017_NBEAC_002_00): to make various amendments to Manly Local Environmental Plan 2013 to resolve anomalies in the maps and written instrument.

I, the Director Regions, Sydney Region East at the Department of Planning and Environment as delegate of the Greater Sydney Commission, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Manly Local Environmental Plan 2013 should proceed subject to the following conditions:

1. Prior to the commencement of community consultation, Council is to update the Planning Proposal to:
 - (a) Delete reference to E2 Environmental Management zone and replace with E4 Environmental Living;
 - (b) include written advice from Crown Lands confirming agreement to RE1 Public Recreation zone at 52 Raglan Street, Manly; and
 - (c) include attachments referred to in the proposal.
2. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**;
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Environment 2016)*.
3. Consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:
 - Office of Environment and Heritage
 - Department of Industry – Lands

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Attention: Paul Christmas

Dear Mr Ferguson

Planning proposal to amend Manly Local Environmental Plan 2013 Housekeeping Amendments

I am writing in response to Council's request for a Gateway determination under section 56 of the *Environmental Planning and Assessment Act 1979* (the Act) in respect of the planning proposal to make various amendments to Manly Local Environmental Plan 2013 to resolve anomalies in the maps and written instrument.

As delegate of the Greater Sydney Commission, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistencies with S117 Directions 2.1 Environment Protection Zones and 6.2 Reserving Land for Public Purposes are justified in accordance with terms of directions. In relation to S117 Direction 6.2 Reserving Land for Public Purposes, I have agreed to the changes of zoning of land for the public purposes. No further approval is required in relation to these Directions.

Plan making powers were delegated to councils in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 6 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Kate Hanson of the Department's regional office to assist you. Ms Hanson can be contacted on (02) 9860 1453

Yours sincerely
