Dear Mr Murphy

Planning proposal to amend Lismore Local Environmental Plan 2012

I am writing in response to your Council's letter dated 5 July 2016 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning proposal to rezone land at 37 Baldock Drive, McLeans Ridges for large lot residential purposes and to apply appropriate minimum lot size and maximum building height standards to the land.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistency with S117 Direction 1.2 Rural Zones is justified in accordance with the terms of the Direction.

Council may still need to obtain the agreement of the Department's Secretary to comply with the requirements of relevant S117 Direction 2.1 Environmental Protection Zones, 2.3 Heritage Conservation and 4.4 Planning for Bushfire Protection. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Mr Luke Blandford of the Department's regional office to assist you. Mr Blandford can be contacted on (02) 6641 6612.

Yours sincerely

 12 July 2016

Gateway Determination

Planning proposal (Department Ref: PP_2016_LISMO_006_00): to rezone land at 37 Baldock Drive, McLeans Ridges for large lot residential purposes and to apply appropriate minimum lot size and maximum building height standards to the land.

I, the Acting Director Regions, Northern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Lismore Local Environmental Plan (LEP) 2012 to rezone land at 37 Baldock Drive, McLeans Ridges for large lot residential purposes and to apply appropriate minimum lot size and maximum building height standards to the land should proceed subject to the following conditions:

1. Prior to undertaking community consultation the following site investigations should be undertaken and placed on public exhibition with the planning proposal:
 - (a) Bushfire Hazard Assessment; and
 - (b) Ecological.
2. Prior to undertaking community consultation the planning proposal is to be amended as follows:
 - (a) to include maps within Appendix 3 that show the current zone, lot size and building height controls as well as the proposed zone, lot size and building height controls;
 - (b) to incorporate a copy of the AHIMS search and existing preliminary site contamination assessment, which are referenced in the proposal;
 - (c) written advice from the Local Aboriginal Land Council that the site has no significant cultural heritage value; and
 - (d) to incorporate any necessary changes to the proposal arising from the additional site investigations or consultation with State agencies or organisations.
3. Consultation is required with the following public authorities and agencies prior to public exhibition under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:
 - (a) NSW Rural Fire Service
 - (b) Department of Primary Industries (Agriculture and Water)
 - (c) Office of Environment and Heritage

Each public authority and agency is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

4. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
- (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**;
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013)*; and
 - (c) Any mapping material must meet the specifications in the current *Standard Technical Requirements for Spatial Datasets and Maps (Department of Planning and Environment 2015)*.
5. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
6. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.

Dated 12 day of July 2016
