[3] Clause 4.2B

- (2) This clause applies to land in the following zones:
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape.
- (3) Despite clause 4.1, development consent may be granted to subdivide land by way of a boundary adjustment between adjoining lots where one or more resulting lots do not meet the minimum lot size shown on the Lot Size Map in relation to that land, if the consent authority is satisfied that:
 - (a) the subdivision will not create additional lots or the opportunity for additional dwellings, and
 - (b) the number of dwellings or opportunities for dwellings on each lot after the subdivision will remain the same as before the subdivision, and
 - (c) the potential for land use conflict will not be increased as a result of the subdivision, and
 - (d) the subdivision will not have a significant adverse effect on the agricultural viability of the land.
