Dear Mr Jackson,

Planning proposal to amend Hawkesbury Local Environmental Plan 2012

I am writing in response to Council's letter dated 31 January 2013 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land at 36 Argyle Street, South Windsor from RE2 Private Recreation to IN2 Light Industrial.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed the planning proposal's inconsistencies with S117 Direction 4.1 Acid Sulfate Soils and 4.3 Flood Prone Land are of minor significance. No further approval is required in relation to these Directions.

It is noted that part of Mileham Street, which adjoins the subject site, is not proposed to be rezoned to IN2 Light Industrial. Council is encouraged to consider extending the light industrial zoning to include this adjoining land, to be consistent with the industrial zoning of the road to the north east of the site. If agreed, the planning proposal can be amended to include the adjoining land.

Council is to ensure that land owners adjoining the subject site are consulted with directly, as part of the public exhibition of this planning proposal.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan. Council should contact the regional planning team of the department should it require assistance in relation to the exercise of its delegation, including assistance with access to GIS support.

The amending LEP is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The NSW State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under s54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Chris Browne of the regional office of the department on 02 9860 1560.

Yours sincerely,

Richard Pearson
A/Director General

Gateway Determination

Planning proposal (Department Ref: PP_2013_HAWKE_001_00): to rezone land at 36 Argyle Street, South Windsor for light industrial purposes.

I, the Acting Director General, Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Hawkesbury Local Environmental Plan (LEP) 2012 to rezone land at 36 Argyle Street, South Windsor from RE2 Private Recreation to IN2 Light Industrial should proceed subject to the following conditions:

1. Council may add part of Mileham Street adjoining the subject land to the planning proposal, if agreed.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal must be made publicly available for **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2012)*.
3. Consultation is required with the following public authorities under section 56(2)(d) of the EP&A Act:
 - Hawkesbury – Nepean Catchment Management Authority
 - Office of Environment and Heritage
 - State Emergency Service

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material. Each public authority is to be given at least 21 days to comment on the proposal, or to indicate that they will require additional time to comment on the proposal. Public authorities may request additional information or additional matters to be addressed in the planning proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.
