#### Schedules of Proposed Changes to Council's Heritage Inventory (Schedule 5 of LEP 2015)

The following tables detail the recommended changes to Council's existing heritage inventory within Schedule 5 of LEP 2015. Separate tables are provided for proposed new items, proposed deletions and existing items proposed to be modified. The schedule is not a full list of items proposed to be contained within Schedule 5 of LEP 2015; it is a schedule of the affected items only.

The tables also detail which properties are currently deferred from LEP 2015. An explanation of the matters deferred from LEP 2015 is provided within the 19 September 2017 Council report.

This document has been updated following Stage 1 community consultation. Changes following Stage 1 consultation are indicated in a new column.

## **SCHEDULE OF PROPOSED MODIFIED HERITAGE ITEMS (305 ITEMS)**

The following table provides a list of proposed modifications to existing heritage items. A column of the table provides a brief statement (identified in bold below) on the reason for the recommended change. Below is a key with explanatory information on each statement:

1. **Previous study recommendation:** A variety of natural/walking track, built, archaeological and landscape items previously nominated by a consultant to be modified.
2. **Align with State heritage listing:** Review of the alignment of state-listed items with their local listings, in terms of name, address, lot/DP, curtilage and mapping.
3. **Minor updates / Names:** Changes since the gazettal of LEP 2005 include changes to lots, ownership, item names, addresses and mapping through the passage of time. Updates include the rationalisation of naming conventions for commercial buildings.
4. **Local knowledge:** The provision to Council of historical information provided by former owners, family members or other interested parties. Note these are non-statutory changes.
5. **DLEP2013:** Item changes nominated by the DLEP 2013 exhibition process, and including the **recognition of the interiors** of certain items. The Wilson Park Water Feature (Map of Australia) and the Woodford Memorial Park (which includes the Railway Footbridge) were existing items modified under this category.
6. **Further assessment:** Item modified by new research.
