**RE. MENANGLE PARK – PROPOSED MASTER PLAN**  
ASSESSMENT OF IMPACT ON ABORIGINAL CULTURAL HERITAGE

**Proposal Description**

This Aboriginal Heritage Assessment has been prepared to support an amendment to Campbelltown Local Environmental 2015 (Campbelltown LEP 2015) in relation to the Menangle Park Urban Release Area (URA), which comprises of 898 hectares of land at Menangle Park. The URA incorporates 498 ha of land owned or under the control of Dahua Group (Aust) Pty Ltd (Dahua) with the remaining area owned or under the control of other landowners.

The URA was rezoned from rural land to urban purposes on 18 November 2017 to accommodate approximately 3,400 residential lots, a retail/commercial town centre, employment lands and community and recreational facilities.

The proposed amendment builds upon the previous rezoning and associated Structure Plan to create a new sustainable, healthy and high quality residential community comprising:

- 5,250 dwellings (an increase of 1,850 dwellings);
- a new major town centre comprising 30,000m<sup>2</sup> of retail / employment gross floor area;
- a new neighbourhood centre (approximately 3,500m<sup>2</sup> of employment floor space);
- a revised road and street network to provide better permeability throughout the site;
- sporting fields and parks;
- integrated passive recreation area within a riparian corridor network;
- land for environmental conservation;
- community facilities to support the proposed increase to the population; and
- primary school.

Kelleher Nightingale Consulting (KNC) has been engaged by Dahua to prepare an Aboriginal Heritage Assessment. The purpose of the report is to assess the potential harm to Aboriginal cultural heritage as the result of proposed development of Menangle Park to inform the proposed Master Plan.

The Aboriginal Heritage Assessment has addressed the following local and state planning policies and plans:

- *National Parks and Wildlife Act 1974*

**Land to which the planning proposal relates and the Structure Plan**

The land to which the proposed LEP amendment and planning proposal relates (the site) includes all land owned or under the control of Dahua and six (6) additional properties on the eastern side of Cummins Road owned or under the control of other landowners. The Structure Plan, as proposed to be amended, continues to relate to all land within the Menangle Park URA.

For the purposes of Aboriginal Heritage Assessment an assessment of the proposal's impact on the site and broader area has been undertaken as the potential impact of the proposal may extend beyond the boundaries of the master plan and / or land to which the planning proposal relates.

## **Aboriginal Heritage Assessment – Menangle Park Master Plan**

The proposed master plan and identified Aboriginal heritage constraints are shown on Figure 2.

The master plan proposal will potentially impact 28 Aboriginal archaeological sites (Figure 2). The sites and associated development lands will require an Aboriginal Heritage Impact Permit (AHIP) prior to any impact to Aboriginal objects.

Beyond the AHIP process, the sites are not a hindrance to the proposed development of Menangle Park.

Part 6 of the *National Parks and Wildlife Act 1974* provides specific protection for Aboriginal objects by establishing offences of harm. Harm is defined as destroying, defacing, damaging or moving an object from the land.

There are a number of defences for harming an Aboriginal object. One of the defences is that the harm was carried out under an AHIP.

This report 1) identifies the Aboriginal constraints for the master plan area and 2) outlines the required process to obtain an AHIP prior to harming Aboriginal objects within the area.

### **Desktop Assessment**

The proposed development area has been assessed in comprehensive Aboriginal heritage reports:

- Jo McDonald Cultural Heritage Management Pty Ltd, May 2010. Archaeological Assessment of Indigenous Heritage Issues, Menangle Park Draft Structure Plan. Report prepared for APP Corporation Pty Ltd on behalf of Landcom and Campbelltown City Council.
- Jo McDonald Cultural Heritage Management Pty Ltd, September 2004. Additional Archaeological Assessment of Indigenous Heritage Issues, Menangle Park Rezoning. Report prepared for APP Corporation Pty Ltd on behalf of Landcom and Campbelltown City Council.
- HLA-Envirosciences Pty Limited, May 2004. Indigenous Heritage Assessment, Menangle Park Rezoning. Report to APP Corporation Pty Ltd.
- Niche Environment and Heritage, November 2013. Menangle Park Aboriginal Heritage Impact Assessment, Precinct 100, 200, 300, 400 and supporting infrastructure. Report to UrbanGrowth NSW.
- Niche Environment and Heritage, May 2012. Menangle Park Aboriginal Heritage Impact Assessment, Precinct 600 Howes Creek. Report to UrbanGrowth NSW.

The study area for the Menangle Park Rezoning and Urban Release Area reports encompassed the master plan area.

### **Aboriginal Community Consultation**

Assessments to date have included detailed consultation with relevant Aboriginal stakeholders in accordance with Office of Environment and Heritage (OEH) requirements. All Aboriginal community consultation will be completed in accordance with the OEH *Aboriginal cultural heritage consultation requirements for proponents 2010*.

### **Database Search (AHIMS)**

A search of the OEH Aboriginal Heritage Information Management System (AHIMS) was conducted on 12 October 2018 to identify any registered Aboriginal sites within the Menangle Park area (Appendix A). The AHIMS database search was conducted within the following coordinates (GDA, Zone 56):

Easting: 0290550 - 0295060  
Northing: 6221330 - 6227780  
Number of records on AHIMS database: 105

The AHIMS search identified 28 Aboriginal archaeological sites within the boundaries of the Menangle Park master plan area. The findings of the AHIMS search correlate with the findings of the detailed Aboriginal heritage assessments.

## Impacts on Aboriginal Cultural Heritage

Aboriginal heritage desktop assessment identified 28 archaeological sites within the master plan area which may be impacted by the proposed works. Any impacted Aboriginal archaeological sites will require an Aboriginal Heritage Impact Permit (AHIP) under section 90 of the *National Parks and Wildlife Act 1974* prior to any impact.

## Process to Obtain an Aboriginal Heritage Impact Permit

An AHIP will be required prior to harming Aboriginal objects associated with Menangle Park. KNC is currently in the process of obtaining the AHIP to facilitate Menangle Park development. The process to obtain an AHIP is detailed in the OEH guide: *Applying for an Aboriginal Heritage Impact Permit: Guide for applicants* (2011). For the current proposal the process is as follows:

### Step 1 Concurrent with development application process

- Ongoing consultation with the Aboriginal community in accordance with the OEH *Aboriginal cultural heritage consultation requirements for proponents 2010*;
- Prepare an Aboriginal cultural heritage assessment report (CHAR) in accordance with the OEH *Guide to investigating, assessing and reporting on Aboriginal cultural heritage in NSW*;
- Obtain development approval.

### Step 2 Post development approval

OEH generally only issue an AHIP after the proponent has obtained development approval.

- Apply for an AHIP and attach copy of development approval;
- Receive AHIP and comply with the permit conditions.

## Conclusion and Recommendations

Aboriginal heritage assessment identified 28 archaeological sites within the master plan area (Figure 2). Impacted Aboriginal sites will require an AHIP prior to any impact. Beyond the AHIP process, the sites are not a hindrance to the proposed development of Menangle Park.

KNC (on behalf of the proponent) has commenced Step 1 of the process to obtain an AHIP for the Aboriginal sites and lands associated with the proposed development area which includes the continued consultation with the Aboriginal community in accordance with OEH requirements.

Once a development approval has been issued for the development area, the proponent will undertake Step 2 of the process to obtain an AHIP.

If you have any questions or require further information, please do not hesitate to contact me on (02) 9232 5373 or email [Matthew.Kelleher@knconsult.com.au](mailto:Matthew.Kelleher@knconsult.com.au)

Yours sincerely,

Dr Matthew Kelleher  
Director/Archaeologist
