Background

Camden Local Environmental Plan 2010 (Camden LEP 2010) was gazetted on 3 September 2010 and applies to all land within the Camden Local Government Area (LGA), with the exception of land which falls under State Environmental Planning Policy (Sydney Region Grown Centres) 2006.

In 2010, Camden prepared a new LEP to comply with the Standard Instrument (SI) LEP, as required by the State Government. At that time, the previous LEPs were translated to fit into the new SI framework zones and clauses. Camden LEP 2010 was therefore a “like for like” translation, as far as possible.

Since 2010 there have been a number of amendments to the Camden LEP, however there has never been a comprehensive strategic review. A comprehensive and strategic review of the LEP is necessary to ensure that planning controls continue to be relevant and responsive to local development trends. This amendment forms the first phase of the comprehensive LEP review.

The comprehensive LEP Review Program has been separated into three phases to be undertaken between 2016 and 2018.

- Phase 1 - Minor Amendments (2016)
- Phase 2 - Higher level investigations (2016 – 2017)
- Phase 3 - Significant investigations (2017 – 2018)

PART 1 – OBJECTIVES OR INTENDED OUTCOMES

The aim of this Planning Proposal is to improve the overall operation and accuracy of the Camden LEP 2010 by making changes which are administrative or low-impact in nature.

The types of amendments proposed in this Planning Proposal include:

- Administrative review of Schedule 5 (Environmental Heritage);
- Comprehensive review of LEP Mapping;
- Review of LEP clauses & exempt development provisions;
- Review of Land Use Table; and
- Review of Additional Permitted Uses.

PART 2 – EXPLANATION OF PROVISIONS

To achieve the proposed objective of improving the overall operation and accuracy of the Camden LEP 2010, the Planning Proposal amends the provisions of the LEP as shown in Table 1. A detailed explanation, justification and drafting instruction for each amendment is provided in Appendix A.

Table 1 – List of amendments

Amendment	Name of item	Proposal	Changes
1.	Administrative Review of Heritage Listings	This item seeks to update Schedule 5 to reflect instances where the property description and/or address of heritage items have changed since the LEP was made, and to correct typographical errors, an error of name, and the extent of the mapped heritage listing.	Items: 3, 12, 13, 17, 19, 25, 28, 29, 38, 39, 42, 43, 44, 63, 74, 77, 78, 79, 81, 82, 84, 97, 98, 107, 114, 119, 123, 127, 128, 131, 135, 137, 145
2.	LEP Mapping	This item seeks to make minor amendments to correct anomalies on various Camden LEP 2010 maps that are not in line with DPE's Standard Technical Requirements.	<u>Land Zoning Maps</u> LZN_002, LZN_003, LZN_007, LZN_013, LZN_015, LZN_016, LZN_017 <u>Lot Size Maps</u> LSZ_003, LSZ_007, LSZ_009, LSZ_011 LSZ_013, LSZ_015, LSZ_016 <u>Height of Building Maps</u> HOB_003, HOB_013, HOB_015, HOB_017 <u>FSR Maps</u> FSR_017 <u>Heritage Maps</u> HER_008, HER_009, HER_012 <u>Additional Permitted Uses Maps</u> All
3.	Review of Clause 7.1 – Flood Planning	The definition for “flood planning level” is proposed to be changed to bring this local provision in line with the Growth Centres, best practice	<u>Proposed definition</u> Flood Planning Level means the level of 1% Annual Exceedance Probability (AEP) flood event plus a Freeboard.

Amendment	Name of item	Proposal	Changes
		and recent Flood Studies / Floodplain Risk Management Studies in the LGA	Freeboard: For Freeboard refer to Council's Floodplain Risk Management Policy.
4.	Review of Clause 7.2 - Airspace Operations	This item seeks to provide clarity with regard to development application referrals for land shown on the Obstacle Limitation Surface Map.	A new clause to provide clarity on when development applications must be referred and to which Commonwealth body.
5.	Amend Clause 7.3 - Development in areas subject to airport noise	This item seeks to remove the link to the Noise Exposure Forecast Contour Map in Clause 7.3.	The link is non-functioning and the map does not sit within the Camden LEP. It is proposed to remove the link to avoid confusion.
6.	Remove Clause 7.5 - Child care centres	This item seeks to remove Clause 7.5.	Clause 7.5 will be repealed as the provisions are no longer relevant due to the fact that Council has introduced detailed controls for traffic, parking and the bulk and scale of Child Care Centres into the Camden Development Control Plan 2011.
7.	Review list of acquisition authorities	This item seeks to update Clause 5.1	Clause 5.1 still refers to the 'Roads and Traffic Authority' instead of 'Roads and Maritime Services' as the Authority of the State for land zoned SP2 Infrastructure marked "Future Classified road widening".
8.	'Community events clause'	This item seeks to add a new clause to Schedule 2 Exempt Development, 'Special events and temporary uses of land'.	The new clause will only apply to Council land, enabling greater ease in facilitating community events.
9.	Land Use Table	This item seeks to amend permissible uses across all zones in the LEP.	Council conducted a comprehensive review of the Land Use Table in Part 2 of the LEP, assessing all uses against the objectives of each zone. There are changes proposed across all zones.
10.	Clause 7.8 Road widening of Camden Valley Way, Catherine Field	This item seeks to remove Clause 7.8.	Clause 7.8 addresses the Road Widening of Camden Valley Way, Catherine Field. This road widening is complete, and as such the clause is no longer necessary.
11.	Review of Schedule 1 – Additional Permitted Uses	This item seeks to update Schedule 1.	Several additional permitted uses will have their property descriptions updated to reflect subdivision, while three will be removed as they are no longer needed. Furthermore, as a result of the mapping amendments proposed in Amendment 2 several clauses will be updated with regard to

PART 3 – JUSTIFICATION

Section A – Need for the Planning Proposal

1. Is the Planning Proposal a result of any strategic study or report?

No. The Planning Proposal is not a result of any strategic study or report. The Planning Proposal is the result of the first stage of a comprehensive review that is being undertaken by Council staff to identify any necessary corrections to the Camden LEP 2010. These corrections will ensure consistency, clarity and usability within the LEP.

The Planning Proposal does not generate any significant implications in terms of findings and recommendations of major strategic planning studies. The undertaking of the amendments to Camden LEP 2010 is primarily an administrative and mapping exercise.

2. Is the Planning Proposal the best means of achieving the objectives or intended outcomes, or is there a better way?

Yes. It is considered that the Planning Proposal provides the best means of achieving the intended outcomes, as it seeks to correct identified errors and anomalies in a relatively prompt and efficient manner that will ensure clarity in the LEP.

All the matters covered by the Planning Proposal relate to statutory issues under Part 3 of the Environmental Planning and Assessment Act 1979. In this regard, the Planning Proposal is the only mechanism for achieving the objectives or intended outcomes relating to the properties and provisions covered by the Planning Proposal.

3. Is there a net community benefit?

Given the minor housekeeping nature of the matters contained within this Planning Proposal, it is not considered that a Net Community Benefit Test needs be undertaken. The matters addressed by this Planning Proposal will strengthen the Camden LEP 2010 by ensuring that it is up-to-date and robust, thereby providing greater certainty and clarity to landowners and the broader community.

Section B – Relationship to strategic planning framework.

4. Is the Planning Proposal consistent with the objectives and actions contained within the applicable regional or sub-regional strategy (including A Plan for Growing Sydney and the exhibited draft strategies)?

The Planning Proposal is consistent with the relevant goals, directions and actions of both the draft sub-regional strategy and A Plan for Growing Sydney.

The Planning Proposal is consistent with Camden Council's Strategic Plan, 'Camden 2040'.

I127	Cottage	267 Camden Valley Way, Narellan	Lot 101, DP 739343	Local	Remove I127 from Schedule and combine with I128	The rear dwelling that is mapped as a heritage item is a modern dwelling (it is shown as '3' on the image below). It is at 269 Camden Valley Way, on Lot 1021, DP 1021756. The listing was meant to be of the separate cottage adjoining the shop that both front Camden Valley Way (to be corrected in I128). The rear dwelling was mapped in error and has no heritage significance. The Item should therefore be removed to correct the error.

I145	Mural and Wishing Well	Corner Broughton Street and Menangle Road, Camden	Lot 2, DP 530480	Local	Remove Lot and DP from property description. Include in property description: "Within road reserve".	The mural and wishing well do not lie on Lot 2 in DP 530480, but rather are located in the road reserve. Amendment 2. LEP Mapping

2.1 Technical Requirements

All maps are to be updated in line with the new *Standard Technical Requirements for Spatial Datasets and Maps* (Version 1.0 dated 30 November 2015). This includes amending all legends and scale bars to ensure consistency, updating the cadastre in areas where new lots have been released, and updating borders to align with cadastre boundaries.

Changes also include bringing Camden's approach to the mapping of 'Additional Permitted Uses' in line with the requirements. That is, land which holds an additional permitted use will be shaded mauve (HEX code: D69DBC) and labelled with the appropriate clause number, not bordered with a bold blue line as is current practise. Various clauses of Schedule 1 will also be amended to reflect this (see Item 11.3 of this document).

2.2 Mapping Anomalies

As part of Council's comprehensive review of the LEP, the following anomalies have been identified and are proposed to be rectified as set out in the table below.

No.	LEP Map	Current	Proposed	Explanation of change
1.	LZN_002			Location: Cobbitty The labelling of the Nepean River needs to be corrected in both instances.
2.	LZN_003			Location: Cobbitty On the zoning map, the SP2 Zone at the north is not coloured. It should be coloured yellow.

No.	LEP Map	Current	Proposed	Explanation of change
3.	LSZ_003			Location: Cobbitty On the lot size map, the same lot should be white to indicate no minimum lot size.
4.	HOB_003			Location: Cobbitty The same lot, again, must be coloured white to indicate that no height controls apply on the height of buildings map.
5.	LZN_003			Location: Grasmere The labelling of the Nepean River must be corrected to follow the rivers alignment.
6.	LZN_007 HOB_007			Location: Intersection of Forestgrove Dr and Wingham Ave, Harrington Park The zone boundary at the roundabout must be amended to match the cadastre. Note: This error also occurs on HOB_007, which shall be amended correspondingly.

No.	LEP Map	Current	Proposed	Explanation of change
7.	LSZ_007			Location: Oran Park Precinct (West), Cobbitty There is an inconsistency between the lot size border and cadastre. The lot size border should be amended to match the cadastre as per this location on other maps.
8.	HER_008			Location: Macquarie Grove Road, Camden The heritage map needs to be amended to include an additional two lots in 126 that are not mapped on HER_008 but are included in the property description in Schedule 5 (i.e. Lot A, DP 337924 & Lot 1, DP 532049). Both of these lots form part of the Town Farm and were part of the original bequest to Council by Llewella Davies

No.	LEP Map	Current	Proposed	Explanation of change
9.	LSZ_009			Location: High Street, Camden The map needs to be amended to remove the lot size zoning from road, as there is no need for it to extend that far.
10.	LSZ_009			Location: Macarthur Road, Spring Farm The "Area 3" label in the lower right hand corner does not exist in the Camden LEP. The label should be amended to "Area 1" as per adjoining land in LSZ_013 and LSZ_014, and Clause 4.1A of the LEP. The map should also be amended so that the area is edged with a heavy blue line, as per Clause 4.1A (2).

No.	LEP Map	Current	Proposed	Explanation of change
11.	HER_009			Location: Corner of Broughton Street and Menangle Road, Camden I145 'Mural and Wishing Well' is located in the road reserve on the aforementioned corner. The map should be amended to reflect this.
12.	LSZ_011			Location: Macarthur Road, Spring Farm The "Area 3" label in the upper right hand corner does not exist in the Camden LEP. The label should be amended to "Area 1" as per adjoining land in LSZ_013 and LSZ_014 and Clause 4.1A of the LEP. The map should also be amended so that the area is edged with a heavy blue line, as per Clause 4.1A (2).

No.	LEP Map	Current	Proposed	Explanation of change
13.	HER_012			<u>Location:</u> Camden Valley Way, Narellan 1127 and 1128 have been labelled incorrectly. It is also proposed that 1127 at the rear be removed from the map and combined with 1128, as they occupy the same lot (see Section 1.0 of this document, 'Administrative Review of Heritage Listings').
14.	HOB_013			<u>Location:</u> Hampshire Boulevard, Spring Farm The heavy red line refers to Clause 4.3B, which allows a height of up to 12.5m if the building exhibits design excellence. While dwellings have already been constructed, the red line on the map does not match the cadastre, and so it should be amended to ensure clarity for landholders.

No.	LEP Map	Current	Proposed	Explanation of change
15.	LZN_013			Location: Bengal Crescent, Elderslie The boundaries of the RE1 zone should be amended to follow the cadastre. The aerial image below demonstrates that the land in question already serves a public recreation purpose 

No.	LEP Map	Current	Proposed	Explanation of change
16.	LSZ_013			Location: Bengal Crescent, Elderslie The previous error from LZN_013 has translated to the lot size map as well. The lot size border should be amended to match the cadastre.
17.	LZN_015 + HOB_015 LSZ_015 APU_015			Location: Stage 1 Leppington Precinct Remove Stage 1 from <u>all LEP maps</u> and mark 'SRGC', as this area now falls under SEPP (Sydney Region Growth Centres) 2006. Gazetted on 13 November 2015.

No.	LEP Map	Current	Proposed	Explanation of change
18.	LSZ_016 LZN_016			Location: Springfield Road, Catherine Field The lot size boundary follows old property boundaries from Lot 10, DP 610181 and Lot 2, DP 718806, which were subdivided together into the current landform (i.e. DP1163060) in 2011. The map should be amended so that the lot size boundary follows the new subdivision. Note: This anomaly also translates to LZN_016 Note: As part of the smaller lot crosses over the sheet border, LSZ_007 and LZN_007 will need to be amended as well.
19.	LZN_017			Location: The Clearwater, Mt Annan The four lots in question were developed in 2001 with dwelling houses. At that time the sites were zoned 3(g) Business District Zone. Dwelling houses were permissible under this zone; however they are prohibited in B2. As a result of the developed uses and the sites' interface with the residential street, a B2 zone would not be practicable in this location.

No.	LEP Map	Current	Proposed	Explanation of change
20.	HOB_017 LZN_017 FSR_017			Location: Hartley Road, Smeaton Grange The boundary between the 11m and 9.5m zones does not match the cadastre. The map should be amended to ensure clarity for landholders. Note: This anomaly also translates to FSR_017 and LZN_017.

Amendment 3. Review of Clause 7.1 – Flood Planning

The definition for “flood planning level” is proposed to be changed to bring this local provision in line with the Growth Centres, best practice and recent Flood Studies / Floodplain Risk Management Studies in the LGA.

Proposed definition

Flood Planning Level means the level of 1% Annual Exceedance Probability (AEP) flood event plus a Freeboard.

Freeboard: For Freeboard refer to Council's Floodplain Risk Management Policy.

Amendment 4. Review of Clause 7.2 – Airspace Operations

This Clause includes onerous referral requirements for referral of development applications. Based on information provided by Sydney Metro Airports, a revised clause has been drafted with the intent to provide clarity on referral to the relevant Commonwealth body.

Suggested revised wording of Clause 7.2

(1) If a development application is received and the consent authority is satisfied that the proposed development will penetrate the Obstacle Limitation Surface, as shown on the Obstacle Limitation Surface Map, the consent authority must not grant development consent unless it has consulted with the relevant Commonwealth body about the application.

(2) The consent authority may grant development consent for the development if the relevant Commonwealth body advises that:

- (a) the development will penetrate the Obstacle Limitation Surface, but it has no objection to its construction, or
- (b) the development will not penetrate the Obstacle Limitation Surface.

(3) The consent authority must not grant development consent for the development if the relevant Commonwealth body advises that the development will penetrate the Limitation or Operations Surface and should not be constructed.

(4) Before granting development consent to development on land shown on the Procedures for Air Navigation Services—Aircraft Operations Map for which a PANS-OPS surface is identified the consent authority must take into account whether the proposed development may compromise the effective and on-going operation of Camden Airport.

(4) In this clause:

Obstacle Limitation Surface Map means the Obstacle Limitation Surface Map for the Camden Airport prepared by the operators of Camden Airport and approved by the relevant Commonwealth body or relevant Commonwealth Minister.

Procedures for Air Navigation Services—Aircraft Operations Map means the Procedures for Air Navigation Services—Aircraft Operations Map for the Camden Airport prepared by the operators of Camden Airport and approved by the relevant Commonwealth body or relevant Commonwealth Minister.

relevant Commonwealth body means the body that is responsible for development decisions relating to the Camden Airport under Commonwealth legislation.

Amendment 5. Amend Clause 7.3 – Development in areas subject to airport noise

The current clause includes a link to the Noise Exposure Forecast Contour Map. This link is non-functioning and the map does not sit within the Camden LEP. It is proposed to remove the link to avoid confusion. The wording, however, will remain.

Amendment 6. Remove Clause 7.5 – Child Care Centres

Council has recently undertaken a review of DCP controls for Child Care Centres (Part D5.1 of Camden DCP 2011) which now includes detailed controls for traffic, parking, bulk and scale. In this regard, it is considered that the provisions in Clause 7.5 of the Camden LEP are no longer relevant.

It is proposed to remove Clause 7.5 (below) as the provisions are no longer relevant. The current clause is as follows:

7.5 Child care centres

- (1) The objectives of this clause are as follows:
 - (a) to ensure that child care centres do not unreasonably impact on the amenity of adjoining residential development,
 - (b) to ensure that child care centres do not adversely affect traffic and pedestrian safety due to increased traffic congestion.
- (2) Before granting development consent to the erection of a child care centre on land in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone R5 Large Lot Residential the consent authority must consider whether the land:
 - (a) has an area of not less than 1,200 square metres, and
 - (b) has a boundary that adjoins an existing or proposed classified road.

Amendment 7. Review of list of acquisition authorities

Clause 5.1 identifies the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes.

It is proposed to amend the Authority of the State for land zoned SP2 Infrastructure marked “Future Classified road widening” from ‘Roads and Traffic Authority’ to ‘Roads and Maritime Services’.

Amendment 8. Add a community events clause to make some events exempt development

It is proposed to add a new clause, ‘Special events and temporary uses of land’, to Schedule 2 Exempt Development.

Suggested wording

Camden LEP 2010 Schedule 2 Exempt development

Special events and temporary use of land (for community events such as concerts, fetes, exhibitions, parades etc)

- (1) *The event must take place on a public road or public land owned by, or under the care or control of, the Council.*

(2) *Must have obtained any necessary approval to stage the event.*

Note. *Other approvals may be required, and must be obtained, under other Acts, including the Local Government Act 1993, the Roads Act 1993 and the Crown Lands Act 1989.*

Amendment 9. Review of Land Use Table

Council has undertaken a comprehensive review of the Land Use Table in Part 2 of the LEP. This included assessing all uses against the objectives of each zone. The following changes are proposed:

Zone	Proposed Change	Justification
RU1 Primary Production	Prohibit exhibition villages	This use is not considered consistent with the objectives of the RU1 zone.
RU2 Rural Landscape	Prohibit exhibition villages	This use is not considered consistent with the objectives of the RU2 zone.

	Prohibit industrial training facilities	This use is not considered consistent with the objectives of the R1 zone.
R2 Low Density Residential	Permit secondary dwellings with consent	This was inadvertently prohibited by the use of the residential accommodation group term. This proposed change will also bring the Camden LEP into line with the State Environmental Planning Policy (Affordable Rental Housing SEPP) 2009 which applies to Camden and permits secondary dwellings in R2 zones. By permitting secondary dwellings under the Camden LEP, Council may be able to contribute to a positive built form outcome.
