Responsible Division: Health and Planning

CSP Goal: 1.0 Wentworth is a vibrant, growing and thriving Shire
Delivery Program Objective: 1.2 Encourage and support population growth and resident attraction
Delivery Program Strategy: 1.2.1 Develop and implement a Population Attraction Strategy

Summary

This report relates to the expiry of the 'Sunset' Clause 4.2B(4)(a) and Items 1(3), 2(4), 3(4) and 4(4) of Schedule 1 Additional Permitted Uses of the Wentworth Local Environmental Plan 2011.

A previous report to Council on 17 February 2016 sought a resolution to amend the Wentworth LEP 2011 to extend the expiry date by 12 months, ie. 16 December 2017. The amendment was notified on the legislative website 15 July 2016.

Due to the Rural Land Use and Rural Residential Strategy (the Strategy) not being completed to date, this report now seeks Council endorsement to amend the Wentworth LEP 2011 by extending the expiry date for a further 12 months.

Recommendation

That Council resolves to submit the Planning Proposal to amend the Wentworth Local Environmental Plan 2011, by extending the expiry date of Clause 4.2B(4)(a) and Items 1(3), 2(4), 3(4) and 4(4) of Schedule 1 Additional Permitted Uses from 16 December 2017 to 16 December 2018, to the Minister for the Department of Planning and Environment for consideration of a Gateway Determination in accordance with Section 56 of the Environmental Planning and Assessment Act 1979.

Detailed Report

Purpose

The purpose of this report is to provide Council with the information required to make an informed decision with respect to the intent of the planning proposal to extend the expiry date of the 'Sunset' clause to 16 December 2018.

Refer to Attachment 1 - Planning Proposal.

Background

During the process of preparing the current draft Strategy, an issue was raised regarding the 'Sunset' Clause which effectively is an expiry date for dwelling entitlements on former rural lots and existing holdings in the RU1 Primary Production zone and E3 Environmental Management zone.

Once the expiry date has passed, this will result in the permanent loss of these dwelling entitlements for former rural lots that were originally created for the purpose of a dwelling to support agricultural activities on the land and existing holdings.

Council has held the opinion that the dwelling entitlements should be continued in perpetuity as this was the provision in the Wentworth LEP 1993, prior to the conversion to the current LEP.

Matters under consideration

The expectation has been that the Strategy would provide a reasonable resolution to this issue by including a recommendation that would be satisfactory to Council.

However, the project has been significantly delayed due to Council pecuniary interest issues. These issues have now been resolved and a process has been provided to progress this project. This option will be explained in a detailed report and presented to Council in the coming weeks.

However, in the meantime, the immediate issue of the 'Sunset' clause and its imminent expiry date remains.

This planning proposal will afford Council the time to work through the process to finalise the Strategy with the Department of Planning. It will also allow time for Council to further investigate and consider the implications of the expiry of this provision and any available options to retain the provision in perpetuity.

Should Council decide to not support the planning proposal and allow the expiry to take effect, the process as to the manner in which Council advises those landowners of the expiry and their option to apply for dwelling consent prior to the expiry date will need to be considered and implemented immediately.

Options

Based on the information contained in this report, the options available to address this matter are to:

- Submit the Planning Proposal to the Department of Planning and Environment for consideration of a Gateway Determination, or
- Refuse to submit the Planning Proposal to the Department of Planning and Environment for consideration of a Gateway Determination and allow the expiry date of the 'Sunset' clause to take effect from 16 December 2017.

Conclusion

This report provides Council with the opportunity to ensure that the 'Sunset' Clause relating to dwelling permissibility for former rural lots and existing holdings, including the properties listed in Schedule 1 Additional Permitted Uses, is retained for an additional 12 months.

By seeking an extension to the expiry date of the 'Sunset' clause, this will also allow time for investigative work to be conducted to determine the impact of retaining this provision in perpetuity or identifying a suitable alternative option and for the completion of the Rural Land Use and Rural Residential Strategy.

1. INTRODUCTION

1.1 The Planning Proposal

Wentworth Shire Council is currently undertaking a Rural Land Use & Rural Residential Strategy (the Strategy) to review the current and future trends of agricultural and horticultural land within the shire area.

The completion of the Strategy has been significantly delayed due to a pecuniary interest exemption request made to the Office of Local Government by all Wentworth Shire Councillors, which was ultimately refused. The advice provided by the Minister was for Council to resolve to delegate its powers to finalise the project to the Western Joint Regional Planning Panel. This advice is being acted upon at present.

The Strategy has raised a debated issue pertaining to Clause 4.2B Subclause (4)(a) and Items 1(3), 2(4), 3(4) and 4(4) of Schedule 1 Additional permitted uses, commonly referred to as the 'Grandfather' or 'Sunset' Clause.

The 'Sunset' clause is due to expire on the sixth anniversary of the commencement of Wentworth Local Environmental Plan 2011 (WLEP 2011), effectively 16 December 2017. Once expired, the provision for the permissibility of a dwelling on an existing holding, former rural lot that is less than the minimum lot size and as listed in Schedule 1, will cease to exist.

It is not anticipated that the Rural Land Use & Rural Residential Strategy will be completed in time to address or act on any recommendation provided within the Strategy by 16 December 2017, therefore there is certainty that prior to the completion of the project, the 'Sunset' clause will expire.

Therefore, this planning proposal seeks to extend the expiry date by one more year to ensure the provision of this clause does not expire prior to the completion of the Strategy.

2. OBJECTIVES OR INTENDED OUTCOMES

The objectives and intended outcomes of the planning proposal are to:

- To ensure the 'Sunset' Clause does not expire prior to the completion of the Rural Land Use and Rural Residential Strategy

- To allow for more time to investigate the implications of the expiry or removal of the 'Sunset' Clause and
- To amend Wentworth Local Environmental Plan 2011 Part 4 Clause 4.2B (4)(a) and Items 1(3), 2(4), 3(4) and 4(4) of Schedule 1 Additional permitted uses by extending the expiry date by twelve months.

3. EXPLANATION OF THE PROVISIONS

Clause 4.2B Erection of dwelling houses on land in certain rural and environmental protection zones

Wentworth LEP 2011 allows the development of a dwelling house on rural or environmentally protected land subject to the following:

(3) Development consent must not be granted for the erection of a dwelling house on land in a zone to which this clause applies, and on which no dwelling house has been erected, unless the land is:

(a) a lot that is at least the minimum lot size specified for that land by the Lot Size Map, or

(b) a lot created under an environmental planning instrument before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or

(c) a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or

(d) an existing holding, or

(e) a former rural lot.

(4) Land ceases to be an existing holding for the purposes of subclause (3) (d) or a former rural lot for the purposes of subclause (3) (e) if:

(a) an application for development consent referred to in the relevant subclause is not made in relation to that land before the sixth anniversary of the commencement of Wentworth Local Environmental Plan 2011, or

(b) development consent has been granted for the erection of a dwelling on the land and that development consent has been surrendered in accordance with the Act.

(6) In this clause:

existing holding means land that:

(a) was a holding on 7 May 1993, and

(b) is a holding at the time the application for development consent referred to in subclause (3) is lodged,

whether or not there has been a change in the ownership of the holding since 7 May 1993, and includes any other land adjoining that land acquired by the owner since 7 May 1993.

former rural lot means a lot created for the purpose of a rural dwelling before 7 May 1993.

holding means all adjoining land, even if separated by a road or railway, held by the same person or persons.

4. JUSTIFICATION**4.1 Need for the Planning Proposal**

Wentworth Shire Council has expressed an explicit desire to reinstate the dwelling entitlements previously provided in perpetuity by the Wentworth LEP 1993. The provisions of the WLEP 1993 permitted the development of a rural dwelling on an allotment that was created for the purposes of a dwelling and listed dwelling entitlements in Schedule 1. There was no expiry applied to these provisions.

At the time of conversion from the WLEP 1993 to the WLEP 2011 these provisions were included, however, a 'Sunset' clause was added. There is no known evidence of justification for the inclusion of the 'Sunset' clause in the WLEP 2011.

The current rural strategy project raises equity concerns around the issue of the 'Sunset' clause and the expiry of such clause. However, the Strategy is still to be finalised by the Western Joint Regional Planning Panel.

It should also be noted that the draft report also requires further investigation into the implications of either allowing the expiry to proceed or removing the 'Sunset' clause altogether. Based on the findings of the rural strategy, it is expected that the Strategy will guide future decisions made by Council in respect to future rural development.

However, the progress of the Strategy was delayed due to an application to the Office of Local Government seeking Pecuniary Interest Exemptions for Councillors and the subsequent response from the OLG and the necessity to seek advice as to the ongoing process to complete the project.

Therefore the amendment is required to ensure that the expiry of the clause is extended until such time as the completion of the Strategy that will provide decision guidance for Wentworth Shire Council with respect to the 'Sunset' clause.

It is considered that the planning proposal is the most appropriate means of achieving the intended objectives and outcomes of the planning proposal.

4.2 Strategic Planning Framework

The planning proposal is consistent with the aims and objectives of current strategic documents that are relevant to Wentworth Shire Council and its community.

4.2.1 Community Strategic Plan 2017-2027

The following strategies under *Goal 1 – Wentworth is a vibrant, growing and thriving shire* of the plan are relevant to this planning proposal:

- *1.1 Grow the potential for business and industry to develop and expand*
- *1.2 Encourage and support population growth and resident attraction*

4.2.2 Draft Rural Land Use & Rural Residential Strategy

The draft RLU&RRS identifies that:-

*The deletion of the grandfather clause is **supported** through:*

- *Consistency in landowner equity*

- *Growth of the local economy through the entitlement to construct a dwelling in rural areas that are less than the minimum lot size*
- *The former rural lots are generally located in areas with or close to river frontage and access to water.*

Referenced from Page 93.

4.2.3 Draft Far West Regional Plan 2036

To apply Direction 1: Grow the economic potential of the agribusiness sector of this plan should encourage the requirement to develop dwellings particularly where that development enhances and supports the operational practices and management of the rural enterprise.

Refer to Attachment 1 - Section 117 Directions Checklist.

Refer to Attachment 2 - SEPP Checklist

Environmental, Social & Economic Impact

4.3.1 Environmental Impact

No adverse environmental impact would result from the planning proposal.

4.3.2 Social Impact

Any social impact would be positive as it allows rural landholders the continuation of their existing dwelling entitlement for an additional twelve months and until such time as the rural strategy is completed providing a permanent and justified, recommendation for action.

4.3.3 Economic Impact

The retainment of dwelling permissibility on existing holdings and former rural lots has the potential to assist and support with the day to day operations of individual enterprises. This would be achieved by management of the enterprise being present and on site at all times.

4.3.4 State and Commonwealth Interests

There are no known inconsistencies or issues of State or Federal significance.

5 COMMUNITY CONSULTATION

It is recommended that the planning proposal be exhibited for a period of two weeks. The exhibition would include advertising in a local newspaper, on Council's website and copies available for inspection at libraries and the Shire Office.

Community consultation will be complete when Wentworth Shire Council has appropriately and effectively considered all submissions received relative to the planning proposal.

6 PROPOSED PROJECT TIMELINE

This project timeline provides a mechanism to monitor the progress of the planning proposal:

Gateway Determination	September 2017
Community Consultation, incl State Agencies	October 2017
Consideration of submissions	October 2017
Consideration of a proposal post exhibition	October 2017
RPA Adoption to make Plan	November 2017
Submission to PCO to finalise LEP	November 2017
Forward to Department for notification	December 2017

7 CONCLUSION

The extension of the 'Sunset' clause, of the Wentworth Local Environmental Plan 2011, ensures that existing dwelling entitlements for former rural lots and existing holdings in certain rural and environmental protection zones are retained for a further twelve months, ie 16 December 2018.

This will allow for the completion of the Rural Land Use & Rural Residential Strategy by the Western Joint Regional Planning Panel including further investigation of any potential impacts of either permanently removing the clause or allowing the expiry of this clause to occur.

Delivery Program Objective: 1.2 Encourage and support population growth and resident attraction
Delivery Program Strategy: 1.2.1 Develop and implement a Population Attraction Strategy

Summary

This report relates to the expiry of the 'Sunset' Clause 4.2B(4)(a) and Items 1(3), 2(4), 3(4) and 4(4) of Schedule 1 Additional Permitted Uses of the Wentworth Local Environmental Plan 2011.

A previous report to Council on 17 February 2016 sought a resolution to amend the Wentworth LEP 2011 to extend the expiry date by 12 months, ie. 16 December 2017. The amendment was notified on the legislative website 15 July 2016.

Due to the Rural Land Use and Rural Residential Strategy (the Strategy) not being completed to date, this report now seeks Council endorsement to amend the Wentworth LEP 2011 by extending the expiry date for a further 12 months.

Recommendation

That Council resolves to submit the Planning Proposal to amend the Wentworth Local Environmental Plan 2011, by extending the expiry date of Clause 4.2B(4)(a) and Items 1(3), 2(4), 3(4) and 4(4) of Schedule 1 Additional Permitted Uses from 16 December 2017 to 16 December 2018, to the Minister for the Department of Planning and Environment for consideration of a Gateway Determination in accordance with Section 56 of the Environmental Planning and Assessment Act 1979.
