Dear Mr Meyers

Planning proposal to amend Armidale Dumaresq Local Environmental Plan 2012

I am writing in response to your Council's letter dated 4 November 2016 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning proposal to rezone land for residential and environmental living purposes and amend associated planning controls at 48-72 Kurrawatha Avenue, Armidale.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistencies with S117 Directions 1.3 Mining, Petroleum Production and Extractive Industries and 4.3 Flood Prone Land are of minor significance. No further approval is required in relation to these Directions. It is recommended that prior to exhibition Council consider whether all potentially flood prone land on the site should be included within the E4 Zone consistent with the approach it has adopted for the proposal in relation to Martins Gully.

Council may still need to obtain the agreement of the Department's Secretary to comply with the requirements of S117 Direction 3.5 Development Near Licensed Aerodromes. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Gina Davis of the Department's regional office to assist you. Ms Davis can be contacted on (02) 6701 9687.

Yours sincerely

18 November 2016

Gateway Determination

Planning proposal (Department Ref: PP_2016_AREGI_001_00): to rezone land for residential and environmental living purposes and amend associated planning controls at 48-72 Kurrawatha Avenue, Armidale.

I, the Acting Director Regions, Northern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Armidale Dumaresq Local Environmental Plan (LEP) 2012 to rezone land for residential and environmental living purposes and amend associated planning controls at 48-72 Kurrawatha Avenue, Armidale should proceed subject to the following conditions:

1. Prior to undertaking agency or community consultation, Council is to amend the planning proposal to:
 - (a) ensure that all maps comply with the 'Standard Technical requirements for *Standard Technical Requirements for Spatial Datasets and Maps* (Department of Planning and Environment 2015 – Version 1.0);
 - (b) update the threatened species assessment to ensure its currency;
 - (c) undertake an Aboriginal cultural heritage assessment; and
 - (d) undertake a geotechnical assessment of the land to confirm the suitability of the site for development particularly in relation to potential spring activity.
2. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**;
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs* (Department of Planning and Environment 2016).
3. Consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:
 - Office of Environment and Heritage
 - Department of Primary Industries – Water
 - the Department of the Commonwealth responsible for aerodromes

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated 18 day of November 2016
