Dear Mr Rawlings

Planning proposal to amend Kempsey Local Environmental Plan 2013

I am writing in response to your Council's letter dated 16 August 2013 and subsequent additional information received on 13 September 2016 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning proposal to amend the provisions of Kempsey LEP 2013 relating to boundary changes and dwellings on rural land.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

Council will need to obtain the agreement of the Department's Secretary to comply with the requirements of S117 Direction 4.4 Planning for Bushfire Protection once consultation with the Commissioner of the NSW Rural Fire Service has been undertaken. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Mr Paul Garnett of the Department's regional office to assist you. Mr Garnett can be contacted on (02) 6641 6607.

Yours sincerely

21 September 2016

Gateway Determination

Planning proposal (Department Ref: PP_2016_KEMPS_004_00): to amend the provisions of the Kempsey LEP 2013 relating to boundary changes and dwellings on rural land.

I, the Acting Director Regions, Northern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Kempsey Local Environmental Plan (LEP) 2013 to amend the provisions relating to boundary changes and dwellings on rural land, should proceed subject to the following conditions:

1. Prior to undertaking community consultation the planning proposal is to be amended to clarify:
 - (a) Table 2 of the *Explanation of Provisions* that the provisions of Kempsey LEP 2013 Clause 4.2C(3)(c) and (d) are to be incorporated into a revised subclause 4.2C(4);
 - (b) the proposed subclause 4.2C(4) will also include a new consideration of the natural and physical constraints of the land and the need for continued protection and long term maintenance of any land in an E2 zone; and
 - (c) that a new provision preventing boundary changes that will facilitate new lots which can be further subdivided will be included in a new subclause 4.2C(5).
2. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2016)* and must be made publicly available for a minimum of **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2016)*.
3. Consultation is required with the NSW Rural Fire Service under section 56(2)(d) of the Act. The NSW Rural Fire Service is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.
