

Parramatta Local Environmental Plan 20XX

Potential draft consolidated LEP Provisions

PLEASE NOTE:

These potential draft LEP provisions have been prepared by Council as a **guide only** to assist the public in understanding the intent of the planning proposal to create a consolidated LEP for the City of Parramatta local government area. The final LEP provisions, which will be drafted by the NSW Parliamentary Counsel's Office, may appear different to those in this document.

Council is currently progressing a number of planning proposals relating to specific sites in the LGA which may amend LEP provisions. Where these site-specific LEP amendments are made prior to the finalisation of the consolidated LEP, the LEP provisions will be updated accordingly.

These draft provisions incorporate site-specific LEP amendments made as at 8/11/2019.

Part 1 Preliminary

1.1 Name of Plan

This Plan is Parramatta Local Environmental Plan 20XX.

1.1AA Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in the City of Parramatta in accordance with the relevant standard environmental planning instrument under section 33A of the Act.
- (2) The particular aims of this Plan are as follows
 - (a) to encourage a range of development, including housing, employment and recreation, that accommodates the needs of the existing and future residents, workers and visitors of the City of Parramatta,
 - (b) to foster environmental, economic, social and physical wellbeing so that the City of Parramatta develops as an integrated, balanced and sustainable city,
 - (c) to identify, conserve and promote the City of Parramatta's natural and cultural heritage as the framework for its identity, prosperity, liveability and social development,
 - (d) to improve public access to the city and facilitate the maximum use of improved public transport, together with walking and cycling,
 - (e) to minimise risk to the community in areas subject to environmental hazards, particularly flooding and bushfire, by restricting development in sensitive areas,
 - (f) to protect and enhance the natural environment, including urban tree canopy and areas of remnant bushland in the City of Parramatta, by incorporating principles of ecologically sustainable development into land use controls,
 - (g) to improve public access along waterways where natural values will not be diminished,
 - (h) to enhance the amenity and characteristics of established residential areas,
 - (i) to retain the predominant role of the City of Parramatta's industrial areas,
 - (j) to ensure that development does not detract from the economic viability of the City of Parramatta's commercial centres,
 - (k) to ensure that development does not detract from the operation of local or regional road systems,
 - (l) to ensure development occurs in a manner that protects, conserves and enhances natural resources, including waterways, riparian land, surface and groundwater quality and flows and dependant ecosystems,
 - (m) to protect and enhance the viability, identity and diversity of the Parramatta City Centre and recognise its role as the Central City of Greater Sydney,
 - (n) to encourage development that demonstrates efficient and sustainable use of energy and resources in accordance with ecologically sustainable development principles.

1.3 Land to which Plan applies

This Plan applies to the land identified on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:
 - (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.

(1AA) (Repealed)

- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note. The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning, Industry and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

Note. The following local environmental plans cease to apply to the land to which this Plan applies under this provision:

Auburn Local Environmental Plan 2010

Holroyd Local Environmental Plan 2013

Hornsby Local Environmental Plan 2013

Parramatta Local Environmental Plan 2011

Parramatta (former The Hills) Local Environmental Plan 2012

1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

Note. However, under Division 4B of Part 3 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 36 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies:

State Environmental Planning Policy No 1—Development Standards

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
 - (g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows:

Residential Zones

R2 Low Density Residential

R3 Medium Density Residential

R4 High Density Residential

Business Zones

B1 Neighbourhood Centre

B2 Local Centre

B3 Commercial Core

B4 Mixed Use

B5 Business Development

B6 Enterprise Corridor

B7 Business Park

Industrial Zones

IN1 General Industrial

IN2 Light Industrial

IN3 Heavy Industrial

Special Purpose Zones

SP1 Special Activities

SP2 Infrastructure

Recreation Zones

RE1 Public Recreation

RE2 Private Recreation

Environment Protection Zones

E2 Environmental Conservation

Waterway Zones

W1 Natural Waterways

W2 Recreational Waterways

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone:
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and

- (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part:
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

Notes.

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority:
 - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
 - (a) with development consent, or
 - (b) if the Schedule so provides—without development consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes.

- 1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying*

Development Codes) 2008, the Act enables it to be carried out without development consent.

- 2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes)* 2008 provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note. The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note. If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes)* 2008, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that:
 - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3) (d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

Land Use Table

Note. A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies:

State Environmental Planning Policy (Affordable Rental Housing) 2009 (including provision for secondary dwellings)

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

State Environmental Planning Policy (Infrastructure) 2007—relating to infrastructure facilities such as those that comprise, or are for, air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007

State Environmental Planning Policy No 33—Hazardous and Offensive Development

State Environmental Planning Policy No 50—Canal Estate Development

State Environmental Planning Policy No 64—Advertising and Signage

State Environmental Planning Policy (Primary Production and Rural Development) 2019

Zone R2 Low Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To maintain the existing low density residential character of the area.
- To protect and enhance tree canopy, existing vegetation and other natural features.
- To ensure that non-residential land uses are located in a context and setting that minimises impacts on the amenity of a low density residential environment.
- To allow for a range of community facilities to be provided to serve the needs of residents, workers and visitors in residential neighbourhoods.

Zone B5 Business Development

1 Objectives of zone

- To enable a mix of business and warehouse uses, and specialised retail premises that require a large floor area, in locations that are close to, and that support the viability of, centres.
- To maintain the economic strength of nearby centres by limiting retailing activity.
- To enable land uses that provide facilities or services to meet the day to day needs of workers in the area.
- To encourage a range of tourism, recreation, function and entertainment uses in proximity to the Rosehill Racecourse, the Parramatta River and the Western Sydney University.
- To provide for automotive businesses, trades and services to reinforce the existing functions of land within the zone.
- To ensure that development is arranged and carried out in a way that does not intrude on the amenity of adjoining residential areas or detract from the function of commercial development in the commercial core.

Zone B7 Business Park

1 Objectives of zone

- To provide a range of office and light industrial uses.
- To encourage employment opportunities.
- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.
- To encourage creation of well-designed and sustainable business park developments.
- To provide the flexibility required to encourage a range of office uses in the zone.
- To create an accessible and safe public domain.
- To maximise opportunities to increase walking, cycling and public transport use.
- To minimise adverse effects on the natural environment

Zone IN1 General Industrial

1 Objectives of zone

- To provide a wide range of industrial and warehouse land uses.
- To encourage employment opportunities.
- To minimise any adverse effect of industry on other land uses.
- To support and protect industrial land for industrial uses.
- To facilitate a range of non-industrial land uses that serve the needs of workers and visitors.
- To minimise adverse effects on the natural environment

Zone IN3 Heavy Industrial

1 Objectives of zone

- To provide suitable areas for those industries that need to be separated from other land uses.
- To encourage employment opportunities.
- To minimise any adverse effect of heavy industry on other land uses.
- To support and protect industrial land for industrial uses.
- To allow a wide range of industrial and heavy industrial uses serving the Greater Metropolitan Area of Sydney and beyond.
- To ensure that opportunities are not lost for realising potential foreshore access on land that is contaminated and currently not suitable for public access.

4 Prohibited

Any other development not specified in item 2 or 3

Zone E2 Environmental Conservation

1 Objectives of zone

- To protect, manage and restore areas of high ecological, scientific, cultural or aesthetic values.
- To prevent development that could destroy, damage or otherwise have an adverse effect on those values.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

Zone W1 Natural Waterways

1 Objectives of zone

- To protect the ecological and scenic values of natural waterways.
- To prevent development that would have an adverse effect on the natural values of waterways in this zone.
- To provide for sustainable fishing industries and recreational fishing.
- To provide for cultural and scientific study of natural waterways.
- To enable works associated with the rehabilitation of land towards its natural state.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

Zone W2 Recreational Waterways

1 Objectives of zone

- To protect the ecological, scenic and recreation values of recreational waterways.
- To allow for water-based recreation and related uses.
- To provide for sustainable fishing industries and recreational fishing.
- To enable works associated with the rehabilitation of land towards its natural state.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

or boating facilities

4 Prohibited

Industries; Multi dwelling housing; Residential flat buildings; Seniors housing;
Warehouse or distribution centres; Any other development not specified in item 2 or 3

Part 3 Exempt and complying development

3.1 Exempt development

Note. Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

- (a) must be of minimal environmental impact, and
- (b) cannot be carried out in a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*, and
- (c) cannot be carried out in a wilderness area (identified under the *Wilderness Act 1987*).

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
- (3) To be exempt development, the development:
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2–9 is exempt development only if:
 - (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must:
 - (a) be installed in accordance with the manufacturer's specifications, if applicable, and
 - (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in accordance with a permit, development consent or other approval.

Note. See *State Environmental Planning Policy (Vegetation in Non-Rural Areas) 2017* and Part 5A of the *Local Land Services Act 2013*.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:
 - (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,is complying development.

Note. See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must:
 - (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause:

environmentally sensitive area for exempt or complying development means any of the following:

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection

purposes,

- (j) land that is a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*.
- (ja) land identified as “Biodiversity” on the Natural Resources Map.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

- (1) The objectives of this clause are as follows:
 - (a) to ensure that new subdivisions reflect characteristic lot sizes and patterns of the area,
 - (b) to prevent fragmentation or isolation of land,
 - (c) to ensure that lots are of a sufficient size to provide a high level of amenity for new development and neighbouring land uses,
 - (d) to ensure that new lots are able to accommodate development that is consistent with development controls including adequate areas for vehicle and pedestrian access, private open space and landscaping.
- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) This clause does not apply in relation to the subdivision of any land:
 - (a) by the registration of a strata plan or strata plan of subdivision under the *Strata Schemes Development Act 2015*, or
 - (b) by any kind of subdivision under the *Community Land Development Act 1989*.
- (5) Despite subclause (3):
 - (a) the size of any battleaxe lot, or other lot with an access handle, must not be less than:
 - (i) 670 square metres, or
 - (ii) not less than minimum size shown on the [Lot Size Map](#) where this is greater than 670 square metres.
 - (b) if a lot is a battleaxe lot, or other lot with an access handle, the area of the access handle is not to be included when calculating the size of the lot for the purposes of this clause.
- (6) Subclause (3) does not apply to the subdivision of a lot in any of the following zones if there is a dual occupancy on the lot and one dwelling will be situated on each lot resulting from the subdivision:
 - (a) Zone R2 Low Density Residential,
 - (b) Zone R3 Medium Density Residential,
 - (c) Zone R4 High Density Residential.

- (7) Despite subclause (6) development consent must not be granted for the subdivision of a lot on which a dual occupancy is erected if:
 - (a) the lot is located on land shown coloured purple and edged heavy black on the [Dual Occupancy Prohibition Map](#), and
 - (b) development consent for the dual occupancy was issued after the *[date to be inserted, based on exhibition of the planning proposal]*

4.1AA Minimum subdivision lot size for community title schemes

- (1) The objectives of this clause are as follows:
 - (a) to ensure that land to which this clause applies is not fragmented by inappropriate subdivisions that would create additional dwelling entitlements,
 - (b) to provide for the subdivision of land under a community title scheme at a density that is appropriate for the site constraints, development potential and infrastructure capacity of the land,
- (2) This clause applies to a subdivision (being a subdivision that requires development consent) under the Community Land Development Act 1989 of land in any of the following zones:
 - (a) Zone R2 Low Density Residential,
but does not apply to a subdivision by the registration of a strata plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the Community Land Development Act 1989) is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (3A) Despite subclause (3):
 - (a) the size of any battleaxe lot, or other lot with an access handle, must not be less than:
 - (i) 670 square metres, or
 - (ii) not less than minimum size shown on the Lot Size Map where this is greater than 670 square metres.
 - (b) if a lot is a battleaxe lot, or other lot with an access handle, the area of the access handle is not to be included when calculating the size of the lot for the purposes of this clause.
- (4) This clause applies despite clause 4.1.

4.1A Minimum subdivision lot sizes for strata plan schemes in certain zones

- (1) The objectives of this clause are as follows:
 - (a) to ensure that land to which this clause applies is not fragmented by inappropriate subdivisions that would create additional dwelling entitlements,
 - (b) to provide for the subdivision of land under a strata plan scheme at a density that is appropriate for the site constraints, development potential and infrastructure capacity of the land.
- (2) This clause applies to land in the following zones that is used, or is proposed to be used, for residential accommodation or tourist and visitor accommodation:

- (a) Zone R2 Low Density Residential.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies for a strata plan scheme (other than any lot comprising common property within the meaning of the Strata Schemes (Freehold Development) Act 1973 or Strata Schemes (Leasehold Development) Act 1986) is not to be less than the minimum size shown on the Lot Size Map in relation to that land.

Note. Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that strata subdivision of a building in certain circumstances is specified complying development.

- (4) Despite subclause (3):
 - (a) the size of any battleaxe lot, or other lot with an access handle, must not be less than:
 - (i) 670 square metres, or
 - (ii) not less than minimum size shown on the Lot Size Map where this is greater than 670 square metres.
 - (b) if a lot is a battleaxe lot, or other lot with an access handle, the area of the access handle is not to be included when calculating the size of the lot for the purposes of this clause.

4.1B Exceptions to minimum lot sizes for certain residential development

- (1) The objective of this clause is to encourage housing diversity without adversely impacting on residential amenity.
- (2) This clause applies to development on land in the following zones:
 - (a) Zone R3 Medium Density Residential,
 - (b) Zone R4 High Density Residential.
- (3) Despite any other provisions of this Plan, development consent may be granted to a single development application for development to which this clause applies that is both of the following:
 - (a) the subdivision of land into 3 or more lots, where the size of one or more lots resulting from the subdivision is less than the minimum size shown on the Lot Size Map, and
 - (b) the erection of a single dwelling on each lot resulting from the subdivision.

4.1C Particular dual occupancy subdivisions must not be approved

- (1) This clause applies to land shown in red hatching and marked “South Parramatta Conservation Area” on the [Heritage Map](#).
- (2) Development consent must not be granted for a subdivision that would create separate titles for each of the two dwellings resulting from a dual occupancy development.
- (3) This clause does not apply in relation to a subdivision under either of the following Acts:
 - (a) the *Community Land Development Act 1989*,
 - (b) the *Strata Schemes Development Act 2015*.

4.1D Minimum lot sizes for dual occupancies and manor houses

- (1) The objectives of this clause are to:
 - (a) ensure that lots are of sufficient size and dimensions to accommodate dual occupancy or manor house development that provides a high level of residential amenity and is consistent with development controls including providing adequate areas for vehicle and pedestrian access, setbacks, private open space, landscaping and tree retention, and
 - (b) to minimise any likely adverse impacts of the development on the amenity of adjoining properties.
- (2) Development consent may only be granted to development on a lot shown in a zone shown in Column 2 of the table to this clause for a purpose shown in Column 1 of the table opposite that zone, if:
 - (a) the area of the lot is equal to or greater than the area specified for that purpose and shown opposite in Column 3 of the table, and
 - (b) it has a frontage to a public road equal to or greater than 15 metres.

Column 1	Column 2	Column 3
Dual occupancies	Zone R2 Low Density Residential	600 square metres
	Zone R3 Medium Density Residential	600 square metres
	Zone R4 High Density Residential	600 square metres
Manor houses	Zone R3 Medium Density Residential	600 square metres
	Zone R4 High Density Residential	600 square metres

4.2 Rural subdivision

[Not applicable]

4.3 Height of buildings

- (1) The objectives of this clause are as follows:
 - (a) to nominate heights that will provide a transition in built form and land use intensity within the area covered by this Plan,
 - (b) to ensure the height of buildings is compatible with that of existing and desired future surrounding development and the overall streetscape,
 - (c) to minimise visual impact, disruption of views, loss of privacy and loss of solar access to existing development,
 - (d) to require the height of future buildings to have regard to heritage sites and their settings,
 - (e) to ensure the preservation of historic views,
 - (f) to reinforce and respect the existing character and scale of low density residential areas,
 - (g) to maintain satisfactory sky exposure and daylight to existing buildings within commercial centres, to the sides and rear of tower forms and to key areas of the public domain, including parks, streets and lanes.
- (2) The height of a building on any land is not to exceed the maximum height shown for

the land on the [Height of Buildings Map](#).

- (2A) Despite subclause (2), any development on land identified with a thick blue line and labelled “Area 1” on the [Height of Buildings Map](#) is not to exceed the height determined in accordance with the Table to this clause.

Site area	Maximum height
≤ 950 square metres	15 metres
> 950 ≤ 2,100 square metres	21 metres
> 2,100 ≤ 3,200 square metres	39 metres
> 3,200 square metres	52 metres

- (2B) Despite subclause (2), the consent authority may grant consent to development for the purposes of a building on land shown edged heavy blue and identified as “Area A” on the [Height of Buildings Map](#) with a maximum height as follows, but only if the development has a site area of at least 3,000 square metres and includes a footpath or road, at least 8 metres wide, between Benaud Place and Evans Road, Telopea:

- (a) 34 metres—if the site area of the development is 6,000 square metres or less,
- (b) 40 metres—in any other case.

- (2C) Despite subclause (2), the maximum height for a building on land shown edged heavy blue and identified as “Area B” on the [Height of Buildings Map](#) may exceed the maximum height identified for that land on the [Height of Buildings Map](#) by 5 metres, but only if the consent authority is satisfied that the building will have retail premises, business premises or community facilities on any ground level.

- (2D) Despite subclause (2), the maximum height for a building on land identified as “Telopea Precinct” on the [Key Sites Map](#) may exceed the maximum building height identified for that land on the [Height of Buildings Map](#), but only if the consent authority is satisfied that:

- (a) the building is in Zone B4 Mixed Use or Zone R4 High Density Residential, and
- (b) any additional height that exceeds the maximum will be used for or in relation to an open roof-top, and
- (c) there will be no additional overshadowing.

- (2E) In this clause:

open roof-top means an area used for the purpose of recreation by building tenants, including communal amenities and gardens.

4.4 Floor space ratio

- (1) The objectives of this clause are as follows:
- (a) to regulate density of development and generation of vehicular and pedestrian traffic,
 - (b) to ensure development is compatible with the bulk, scale and character of existing and desired future surrounding development,
 - (c) to provide a transition in built form and land use intensity within the area covered by this Plan,
 - (d) to require the bulk and scale of future buildings to have regard to heritage sites

and their settings,

- (e) to reinforce and respect the existing character and scale of low density residential areas.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).
- (2A) Despite subclause (2), land identified as “Area 1” on the [Floor Space Ratio Map](#) is not to exceed the relevant floor space ratio determined in accordance with the Table to this clause.

Site area	Maximum floor space ratio
≤ 950 square metres	1.5:1
> 950 ≤ 2,100 square metres	3.5:1
> 2,100 ≤ 3,200 square metres	4.5:1
> 3,200 square metres	6:1

- (2B) Despite subclause (2), the floor space ratio for development on land identified as “Area 2” on the [Floor Space Ratio Map](#) may exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#) if the development is for the purposes of:
 - (a) shop top housing, and
 - (b) any other land use permitted in the zone, other than residential accommodation, that comprises a floor space ratio of at least 0.5:1.
- (2C) Despite subclause (2), the maximum floor space ratio for the following development on land identified as “Area 3” on the [Floor Space Ratio Map](#), is as follows:
 - (a) 1.5:1 for bulky goods premises, entertainment facilities, function centres and registered clubs, and
 - (b) 2:1 for office premises and hotel or motel accommodation.
- (2D) Despite subclause (2), development consent must not be granted for development on land identified as “Area 4” on the [Floor Space Ratio Map](#), if the floor space ratio for any part of a building used or proposed to be used for residential purposes exceeds 1.5:1.
- (2E) Despite subclause (2), the consent authority may grant consent to development for the purposes of a building on land shown edged heavy blue and identified as “Area A” on the [Floor Space Ratio Map](#) with a maximum floor space ratio as follows, but only if the development has a site area of at least 3,000 square metres and includes a footpath or road, at least 8 metres wide, between Benaud Place and Evans Road, Telopea:
 - (a) 2.4:1—if the site area of the development is 6,000 square metres or less,
 - (b) 3:1—in any other case.
- (2F) Despite subclause (2), the maximum floor space ratio for a building on land shown edged heavy blue and identified as “Area B” on the [Floor Space Ratio Map](#) may exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#), but only if the consent authority is satisfied that the additional floor space will be used for community facilities.
- (2G) Despite subclause (2), the floor space ratio for a building on land shown edged heavy pink and identified as “Area C” on the [Floor Space Ratio Map](#) is not to exceed 2:1 if

the site area is at least 2,000 square metres.

(2H) The following provisions apply to land identified as “Area 5” on the [Floor Space Ratio Map](#):

- (a) Despite subclause (2), the maximum floor space ratio for all buildings on land to which this subclause applies may exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#), but only if the consent authority is satisfied that:
 - (i) development on the land provides for a minimum area of 3,200 square metres of publicly accessible open space, and
 - (ii) the floor space ratio will not exceed 6:1.
- (b) The site area of proposed development on the land is, for the purpose of applying a floor space ratio under clause 4.5, taken to include land that—
 - (i) is dedicated to the Council for a public purpose or otherwise set aside as publicly accessible open space, and
 - (ii) would have been part of the site area if it had not been so dedicated or set aside.

(2I) In calculating the gross floor area of proposed development on land identified as “Area 6” on the [Floor Space Ratio Map](#), for the purpose of applying a floor space ratio, the consent authority may exclude, up to a maximum of 400 square metres across the proposed development, the floor area of enclosed balconies with a frontage on to the railway line.

4.5 Calculation of floor space ratio and site area

(1) Objectives

The objectives of this clause are as follows:

- (a) to define *floor space ratio*,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
 - (iii) require community land and public places to be dealt with separately.

(2) Definition of “floor space ratio”

The *floor space ratio* of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) Site area

In determining the site area of proposed development for the purpose of applying a floor space ratio, the *site area* is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least

one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) Exclusions from site area

The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) Strata subdivisions

The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) Only significant development to be included

The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) Certain public land to be separately considered

For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) Existing buildings

The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) Covenants to prevent “double dipping”

When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) Covenants affect consolidated sites

If:

- (a) a covenant of the kind referred to in subclause (9) applies to any land (*affected land*), and
- (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition**

In this clause, **public place** has the same meaning as it has in the *Local Government Act 1993*.

4.6 Exceptions to development standards

- (1) The objectives of this clause are as follows:
 - (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,
 - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:
 - (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
 - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Development consent must not be granted for development that contravenes a development standard unless:
 - (a) the consent authority is satisfied that:
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
 - (b) the concurrence of the Secretary has been obtained.
- (5) In deciding whether to grant concurrence, the Secretary must consider:
 - (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
 - (b) the public benefit of maintaining the development standard, and
 - (c) any other matters required to be taken into consideration by the Secretary before granting concurrence.
- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living if:

- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.
- Note.** When this Plan was made it did not include Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E3 Environmental Management or Zone E4 Environmental Living.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
 - (8) This clause does not allow development consent to be granted for development that would contravene any of the following:
 - (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated,
 - (c) clause 5.4,
 - (ca) a development standard that relates to the height of a building, or a floor space ratio, in Parramatta City Centre (as referred to in clause 7.1 (1)) by more than 5%,
 - (cb) clause 4.1D
 - (cc) clause 6.8,
 - (cd) clause 6.19.
- [NB. Other exclusions may be identified through separate planning proposals and will be added to the LEP once finalised and adopted]*

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the Land Acquisition (Just Terms Compensation) Act 1991 (*the owner-initiated acquisition provisions*).

Note. If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the *Land Acquisition (Just Terms Compensation) Act 1991* requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked “Local open space”	Council
Zone RE1 Public Recreation and marked “Regional open space”	The corporation constituted under section 8 of the Act
Zone SP2 Infrastructure and marked “Classified road”	Roads and Maritime Services
Zone SP2 Infrastructure and marked “School”	Department of Education
Zone E1 National Parks and Nature Reserves and marked “National Park”	Minister administering the <i>National Parks and Wildlife Act 1974</i>
Zone R2 Low Density Residential marked “Local road widening”	Council
Zone B1 Neighbourhood Centre marked “Local road widening”	Council
Zone B2 Local Centre marked “Local road widening”	Council
Zone B3 Commercial Core and marked “Local road widening”	Council
Zone B4 Mixed Use marked “Local road widening”	Council
Zone B6 Enterprise Corridor marked “Local road widening”	Council
Zone SP2 Infrastructure and marked “Public Transport Corridor”	Roads and Maritime Services
Zone E2 Environmental Conservation and marked “Local environmental conservation”	Council

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to land shown on the [Land Reservation Acquisition Map](#) and specified in Column 1 of the Table to this clause and that has not been acquired by the relevant authority of the State specified for the land in clause 5.1.
- (3) Development consent must not be granted to any development on land to which this clause applies other than development for a purpose specified opposite that land in Column 2 of that Table.

Column 1	Column 2
Land	Development
Zone B1 Neighbourhood Centre, B2 Local Centre, B4 Mixed Use, B6 Enterprise Corridor or R2 Low Density Residential and marked “Local road widening”	Roads
Zone B3 Commercial Core and marked “Local road widening”	Roads
Zone SP2 Infrastructure and marked “Classified road”	Roads
Zone R4 High Density Residential “Classified road”	Roads
Zone SP2 Infrastructure and marked “Public Transport corridor”	Roads
Zone RE1 Public Recreation and marked “Local open space”	Recreation areas
Zone RE1 Public Recreation and marked “Regional open space”	Recreation areas
Zone E2 Environmental Conservation and marked “Local environmental conservation”	Environmental facilities

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.

Note. Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4:
 - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
 - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the *Crown Lands Act 1989*).

Note. In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 1 metre.
- (3) This clause does not apply to:
 - (a) land in Zone RE1 Public Recreation, Zone E1 National Parks and Nature Reserves, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone W1 Natural Waterways, or
 - (b) land within the coastal zone, or
 - (c) land proposed to be developed for the purpose of sex services or restricted premises.
- (4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that:
 - (a) the development is not inconsistent with the objectives for development in both zones, and
 - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) This clause does not prescribe a development standard that may be varied under this Plan.

5.4 Controls relating to miscellaneous permissible uses

(1) Bed and breakfast accommodation

If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

Note. Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

(2) Home businesses

If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.

(3) Home industries

If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 50 square metres of floor area.

(4) Industrial retail outlets

If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed:

- (a) 5% of the gross floor area of the industry or rural industry located on the same

land as the retail outlet, or

(b) 400 square metres,

whichever is the lesser.

(5) **Farm stay accommodation**

If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

(6) **Kiosks**

If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 10 square metres.

(7) **Neighbourhood shops**

If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.

(7AA) **Neighbourhood supermarkets**

If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.

(8) **Roadside stalls**

If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 8 square metres.

(9) **Secondary dwellings**

If development for the purposes of a secondary dwelling is permitted under this Plan, the total floor area of the dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:

(a) 60 square metres,

(b) 5% of the total floor area of the principal dwelling.

(10) **Artisan food and drink industry exclusion**

If development for the purposes of an artisan food and drink industry is permitted under this Plan in an industrial or rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed:

(a) 5% of the gross floor area of the industry, or

(b) 400 square metres,

whichever is the lesser.

5.5 (Repealed)

5.6 Architectural roof features

(1) The objectives of this clause are as follows:

(a) to allow architectural roof features that integrate with the building composition and form where the height of the building also satisfies the objectives of clause 4.3 of this Plan.

(2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with development consent.

- (3) Development consent must not be granted to any such development unless the consent authority is satisfied that:
 - (a) the architectural roof feature:
 - (i) comprises a decorative element on the uppermost portion of a building, and
 - (ii) is not an advertising structure, and
 - (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
 - (iv) will cause minimal overshadowing, and
 - (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

5.7 Development below mean high water mark

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent:
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
 - (a) internal alterations to a building, or
 - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:
private service provider means a person or body that has entered into an agreement

that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9, 5.9AA (Repealed)

5.10 Heritage conservation

Note. Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

(1) Objectives

The objectives of this clause are as follows:

- (a) to conserve the environmental heritage of the City of Parramatta,
- (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
- (c) to conserve archaeological sites,
- (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) Requirement for consent

Development consent is required for any of the following:

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance):
 - (i) a heritage item,
 - (ii) an Aboriginal object,
 - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land:
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land:
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) When consent not required

However, development consent under this clause is not required if:

- (a) the applicant has notified the consent authority of the proposed development and

the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:

- (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
 - (b) the development is in a cemetery or burial ground and the proposed development:
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
 - (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
 - (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance**
- The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).
- (5) **Heritage assessment**
- The consent authority may, before granting consent to any development:
- (a) on land on which a heritage item is located, or
 - (b) on land that is within a heritage conservation area, or
 - (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.
- (6) **Heritage conservation management plans**
- The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites**
- The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance**

The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance:

 - (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
 - (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
- (9) **Demolition of nominated State heritage items**

The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item:

 - (a) notify the Heritage Council about the application, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (10) **Conservation incentives**

The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that:

 - (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and
 - (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and
 - (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
 - (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and
 - (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

Note. The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.13 Eco-tourist facilities

[Not adopted]

5.14 Siding Spring Observatory—maintaining dark sky

[Not adopted]

5.15 Defence communications facility

[Not adopted]

5.16 Subdivision of, or dwellings on, land in certain rural, residential or environmental protection zones

[Not applicable]

5.17 Artificial waterbodies in environmentally sensitive areas of operation of irrigation corporations

[Not applicable]

5.18 Intensive livestock agriculture

[Not applicable]

5.19 Pond-based, tank-based and oyster aquaculture

(1) Objectives

The objectives of this clause are as follows:

- (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
- (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.

(2) Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent

The consent authority must not grant development consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following:

- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
- (b) in the case of:
 - (i) pond-based aquaculture or tank-based aquaculture in Zone R1 General

Residential, Zone R2 Low Density Residential or Zone R5 Large Lot Residential—that the development is for the purpose of small scale aquarium fish production, and

- (ii) pond-based aquaculture in Zone E3 Environmental Management or Zone E4 Environmental Living—that the development is for the purpose of extensive aquaculture, and
 - (iii) tank-based aquaculture in Zone R3 Medium Density Residential, Zone E3 Environmental Management or Zone E4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and
 - (iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.
- (3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.
- (4) **Extensive pond-based aquaculture permitted without consent in certain zones**
Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if:
- (a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and
 - (b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.
- (5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application**
In determining a development application for development for the purpose of oyster aquaculture, the consent authority must consider:
- (a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and
 - (b) the NSW Oyster Industry Sustainable Aquaculture Strategy.
- (6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas**
Development for the purpose of oyster aquaculture may be carried out without development consent:
- (a) on land that is wholly within a priority oyster aquaculture area, or
 - (b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.
- (7) **Definitions**

In this clause:

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management*

(*Aquaculture*) Regulation 2017.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry Sustainable Aquaculture Strategy*, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

Part 6 Additional local provisions—generally

6.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the *Acid Sulfate Soils Manual* and has been provided to the consent authority.
- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if:
 - (a) a preliminary assessment of the proposed works prepared in accordance with the *Acid Sulfate Soils Manual* indicates that an acid sulfate soils management plan is not required for the works, and
 - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.

- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power):
 - (a) emergency work, being the repair or replacement of the works of the public authority required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
 - (b) routine maintenance work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
 - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Despite subclause (2), development consent is not required under this clause to carry out any works if:
 - (a) the works involve the disturbance of less than 1 tonne of soil, and
 - (b) the works are not likely to lower the watertable.

6.2 Earthworks

- (1) The objectives of this clause are as follows:
 - (a) to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land,
 - (b) to allow earthworks of a minor nature without requiring separate development consent.
- (2) Development consent is required for earthworks unless:
 - (a) the work is exempt development under this Plan or another applicable environmental planning instrument, or
 - (b) the work is ancillary to other development for which development consent has been given.
- (3) Before granting development consent for earthworks (or to development involving ancillary earthworks), the consent authority must consider the following matters:
 - (a) the likely disruption of, or any detrimental effect on, flooding or existing drainage patterns and soil stability in the locality,
 - (b) the effect of the proposed development on the likely future use or redevelopment of the land,
 - (c) the quality of the fill or the soil to be excavated, or both,
 - (d) the effect of the proposed development on the existing and likely amenity of adjoining properties,
 - (e) the source of any fill material and the destination of any excavated material,
 - (f) the likelihood of disturbing relics,
 - (g) the proximity to and potential for adverse impacts on any waterway, drinking water catchment or environmentally sensitive area,
 - (h) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

Note. The *National Parks and Wildlife Act 1974*, particularly section 86, deals with disturbing or excavating land and Aboriginal objects.

6.3 Flood planning

- (1) The objectives of this clause are as follows:
 - (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the land's flood hazard, taking into account projected changes as a result of climate change,
 - (c) to avoid significant adverse impacts on flood behaviour and the environment.
- (2) This clause applies to land at or below the flood planning level.
- (3) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development:
 - (a) is compatible with the flood hazard of the land, and
 - (b) is not likely to significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) incorporates appropriate measures to manage risk to life from flood, and
 - (d) is not likely to significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and
 - (e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.
- (4) A word or expression used in this clause has the same meaning as it has in the *Floodplain Development Manual* (ISBN 0 7347 5476 0), published in 2005 by the NSW Government, unless it is otherwise defined in this clause.
- (5) In this clause:
flood planning level means the level of a 1:100 ARI (average recurrent interval) flood event plus 0.5 metre freeboard.

6.4 Biodiversity protection

- (1) The objective of this clause is to maintain terrestrial and aquatic biodiversity, including the following:
 - (a) protecting native fauna and flora,
 - (b) protecting the ecological processes necessary for their continued existence, including habitat connectivity,
 - (c) encouraging the conservation and recovery of native fauna and flora and their habitats.
- (2) This clause applies to land identified as “Biodiversity” on the [Natural Resources Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider:
 - (a) whether the development is likely to have:
 - (i) any adverse impact on the habitat of any threatened species, populations,

- ecological community, or regionally significant species of flora, fauna or habitat,
- (ii) any adverse impact on the condition, ecological value and significance of the fauna and flora on the land,
- (iii) any adverse impact on the importance of the vegetation and habitat elements on the land to the survival of native fauna, and
- (iv) any potential to fragment, disturb or diminish the biodiversity structure, function and composition of the land, and
- (v) any adverse impact on the condition and role of the vegetation as a habitat corridor, and
- (b) any appropriate measures proposed to avoid, minimise or mitigate the adverse impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
 - (a) the development is designed, sited and will be managed to avoid any adverse environmental impact, or
 - (b) if that impact cannot be avoided—the development is designed, sited and will be managed to minimise that impact, or
 - (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

6.5 Protection of riparian land and waterways

- (1) The objective of this clause is to maintain the hydrological functions of riparian land, waterways and aquifers, including protecting the following:
 - (a) water quality within waterways,
 - (b) natural water flows,
 - (c) the stability of the bed and banks of waterways,
 - (d) groundwater systems,
 - (e) aquatic and riparian communities and habitats,
 - (f) ecological processes within waterways and riparian areas.
- (2) This clause applies to land identified as “Riparian Land and Waterways” on the [Natural Resources Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider:
 - (a) whether or not the development is likely to have any adverse impact on the following:
 - (i) the water quality and flows within the waterway,
 - (ii) aquatic and riparian species, habitats and ecosystems of the waterway,
 - (iii) the stability of the bed and banks of the waterway,
 - (iv) the free passage of fish and other aquatic organisms within or along the waterway,
 - (v) any future rehabilitation of the waterway and riparian areas, and

- (vi) the flows, capacity and quality of groundwater systems
- (b) whether or not the development is likely to increase water extraction from the waterway, and
- (c) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
 - (a) the development is designed, sited and will be managed to avoid any adverse environmental impact, or
 - (b) if that impact cannot be avoided—the development is designed, sited and will be managed to minimise that impact, or
 - (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

6.6 Stormwater management

- (1) The objectives of this clause are as follows:
 - (a) to minimise the impacts of urban stormwater on properties, native vegetation and receiving waters,
 - (b) to avoid any adverse impacts on soils and land stability,
 - (c) to protect the environmental and social values of water identified for urban waterways in the Sydney Harbour and Parramatta River and Lane Cove River catchments.
- (2) Development consent must not be granted to development on any land unless the consent authority is satisfied that the development:
 - (a) is designed to maximise the use of water permeable surfaces on the land having regard to the soil characteristics affecting on-site infiltration of water, and
 - (b) includes, if practicable, on-site stormwater retention for use as an alternative supply to mains water, groundwater or river water, and
 - (c) avoids any adverse impacts of stormwater runoff on adjoining properties, native vegetation and receiving waters, including water-based recreation areas, or if that impact cannot be reasonably avoided, minimises and mitigates the impact.

6.7 Foreshore building line

- (1) The objective of this clause is as follows:
 - (a) to maintain and improve the health of the Parramatta River and its tributaries as natural, cultural and recreational assets,
 - (b) to ensure that development in the foreshore area will not impact on natural foreshore processes or affect the significance and amenity of the area,
 - (c) to ensure that development considers the prevailing character of the river environment.
- (2) Development consent must not be granted to development on land in the foreshore area except for the following purposes:
 - (a) the extension, alteration or rebuilding of an existing building wholly or partly in

- the foreshore area,
 - (b) the erection of a building in the foreshore area, if the levels, depth or other exceptional features of the site make it appropriate to do so,
 - (c) development for the purposes of boat sheds, sea retaining walls, wharves, slipways, jetties, waterway access stairs, swimming pools, fences, cycleways, walking trails, picnic facilities or other recreation facilities (outdoors).
- (3) Development consent must not be granted under subclause (2) unless the consent authority is satisfied that:
- (a) the development will contribute to achieving the objectives for the zone in which the land is located, and
 - (b) the appearance of any proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area, and
 - (c) the development will not cause environmental harm such as:
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, fauna and flora habitats, or
 - (iii) an adverse effect on drainage patterns, and
 - (d) the development will not cause congestion of, or generate conflicts between, people using open space areas or the waterway, and
 - (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised, and
 - (f) any historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained, and
 - (g) in the case of development for the alteration or rebuilding of an existing building wholly or partly in the foreshore area, the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore, and
 - (h) the sea level rise or change of flooding patterns as a result of climate change have been considered.

6.8 Essential services

- (1) Development consent must not be granted to development unless the consent authority is satisfied that any of the following services that are essential for the proposed development are available or that adequate arrangements have been made to make them available when required:
- (a) the supply of water,
 - (b) the supply of electricity,
 - (c) the disposal and management of sewage,
 - (d) stormwater drainage or on-site conservation,
 - (e) suitable road access.
- (2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any essential service referred to in this clause.

6.9 Development on landslide risk land

- (1) The objective of this clause is to ensure that proposed development on land to which this clause applies is commensurate with the underlying geotechnical conditions and to restrict development on unsuitable land.
- (2) This clause applies to land identified as “Landslide risk land” on the [Natural Resources Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider whether or not the development’s design is responsive to the constraints of landslide risk, including the following:
 - (a) site layout, including access,
 - (b) the building’s design and construction methods,
 - (c) the amount of cut and fill that will be required,
 - (d) wastewater management, stormwater and drainage across the site,
 - (e) the specific geotechnical constraints of the site.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
 - (a) the development is designed and will be sited, constructed and managed to avoid any landslide risk and potential adverse impact on the development or on land in the vicinity of the development; and
 - (b) wastewater, stormwater and drainage across the site will be managed so as to not affect the rate, volume and quantity of water leaving the land.

6.10 Restricted premises

- (1) Development consent must not be granted for development for the purpose of restricted premises if the premises would be located within 100m (measured from the closest boundary of the lot on which the premises is proposed) from any land within a residential zone or RE1 Public Recreation Zone.
- (2) Despite any other provision of this Plan, development consent must not be granted to the carrying out of development for the purpose of restricted premises unless the consent authority is satisfied that:
 - (a) no part of the restricted premises, other than an access corridor, will be located on ground floor level, and
 - (b) no part of the restricted premises or building in which the premises will be situated will be used as a dwelling unless separate access will be available to the dwelling, and
 - (c) any signage related to the premises will be of a size, shape and content that does not interfere with the amenity of the locality, and
 - (d) no other objects, products or goods related to the restricted premises will be visible from outside the premises.
- (3) In deciding whether to grant development consent for the purpose of restricted premises, the consent authority must take into account the impact the proposed development would have on any place that is regularly frequented by children for educational, recreational or cultural activities.

6.11 Location of sex services premises

- (1) The objective of this clause is to minimise land use conflicts and adverse amenity impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.
- (2) Despite any other provision of this Plan, development consent must not be granted to development for the purposes of sex services premises unless the premises are located:
 - (a) at least 200 metres (measured from the closest boundary of the lot on which the premises are proposed) from any residence or any land in a residential zone, and
 - (b) at least 200 metres (measured from the closest boundary of the lot on which the premises are proposed) from any place of public worship, hospital, school, centre-based child care facility, community facility or recreation area.
- (3) Development consent must not be granted to development for the purposes of sex services premises in a building that contains a dwelling if any part of the access to the sex services premises is shared with the dwelling.
- (4) In deciding whether to grant development consent to development for the purposes of sex services premises, the consent authority must consider the following:
 - (a) whether the operation of the sex services premises will be likely to cause a disturbance in the neighbourhood because of its size, location, hours of operation, clients or the number of employees and other people working in it,
 - (b) whether the operation of the sex services premises will be likely to interfere with the amenity of the neighbourhood,
 - (c) whether the operation of the sex services premises will be likely to cause a disturbance in the neighbourhood when taking into account other sex services premises operating in the neighbourhood involving similar hours of operation,
 - (d) the impact the proposed development would have on any place that is regularly frequented by children for educational, recreational or cultural activities that adjoins or is in view of the proposed development.

6.12 Dual occupancies on land in Zones R2, R3 and R4

- (1) Despite any other provision of this Plan:
 - (a) development consent must not be granted to development for the purpose of a dual occupancy on land identified on the [Dual Occupancy Prohibition Map](#), and
 - (b) development for the purpose of a dual occupancy (detached) is only permitted on land in Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone R4 High Density Residential if the land:
 - (i) contains a heritage item, or
 - (ii) contains 2 street frontages or is a corner lot, or
 - (iii) is located on land shown in red hatching and marked “South Parramatta Conservation Area” on the [Heritage Map](#).

6.13 Ground floor development in Zones B1 and B2

- (1) The objective of this clause is to restrict residential accommodation at the street level in certain business zones to enable the provision of a range of commercial and community uses.

- (2) This clause applies to land in the following zones:
 - (a) Zone B1 Neighbourhood Centre,
 - (b) Zone B2 Local Centre.
- (3) Despite any other provision of this Plan, development consent must not be granted to the erection of a building, or to a change of use of a building, on land to which this clause applies unless the consent authority is satisfied that the ground floor of any building facing a street will not be used for the purposes of residential accommodation.
- (4) Subclause (3) does not apply to any part of a building that faces a service lane or is required for entrances and lobbies, access for fire services or vehicular access.

6.14 Design excellence

- (1) The objective of this clause is to ensure that development exhibits design excellence that contributes to the natural, cultural, visual and built character values of the City of Parramatta.
- (2) This clause applies to development involving the erection of a new building or external alterations to an existing building on land identified as a “Design Excellence Precinct” on the [Design Excellence Map](#).
- (3) Development consent must not be granted to development to which this clause applies unless the consent authority considers that the proposed development exhibits design excellence.
- (4) In considering whether the development exhibits design excellence, the consent authority must have regard to the following matters:
 - (a) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,
 - (b) whether the form and external appearance of the proposed development will improve the quality and amenity of the public domain,
 - (c) whether the proposed development detrimentally impacts on view corridors,
 - (d) the requirements of the *Parramatta Development Control Plan*,
 - (e) how the proposed development addresses the following matters:
 - (i) the suitability of the land for development,
 - (ii) the existing and proposed uses and use mix,
 - (iii) any heritage and archaeological issues and streetscape constraints or opportunities,
 - (iv) the location of any tower proposed, having regard to the need to achieve an acceptable relationship with other towers (existing or proposed) on the same site or on neighbouring sites in terms of separation, setbacks, amenity and urban form,
 - (v) the bulk, massing and modulation of buildings,
 - (vi) street frontage heights,
 - (vii) environmental impacts and factors, such as sustainable design, overshadowing and solar access, visual and acoustic privacy, noise, wind, urban heat and solar reflectivity, water and energy efficiency and water sensitive urban design,

- (viii) the achievement of the principles of ecologically sustainable development, including the protection and enhancement of urban tree canopy and green infrastructure,
 - (ix) pedestrian, cycle, vehicular and service access and circulation requirements, including the permeability of any pedestrian network,
 - (x) the impact on, and any proposed improvements to, the public domain.
 - (xi) the impact of any special character area,
 - (xii) achieving appropriate interfaces at ground level between the building and the public domain,
 - (xiii) excellence and integration of landscape design,
- (5) Development consent must not be granted to the following development to which this clause applies unless an architectural design competition that is consistent with the Design Excellence Guidelines has been held in relation to the proposed development:
- (a) development in respect of a building that is, or will be, higher than 55 metres above ground level (existing),
 - (b) development having a capital value of more than \$100,000,000,
 - (c) development for which the applicant has chosen to have such a competition.
- (6) Subclause (5) does not apply if the Council certifies in writing that the development is one for which an architectural design competition is not required.
- (7) In deciding whether to grant development consent to the development application, the consent authority is to take into account the results of the architectural design competition.

6.15 Development on certain land at Westmead

- (1) This clause applies to the land identified as “Area A” on [Key Sites Map](#).
- (2) If development on land to which this clause applies has a frontage to Hawkesbury and Darcy Roads, development consent must not be granted to the development unless at least 30% of the gross floor area of the building is used for a purpose other than residential accommodation.

6.16 Development on certain land at Granville

- (1) This clause applies to the land identified as “Area B” on the [Key Sites Map](#).
- (2) Development consent must not be granted to development on land to which this clause applies involving the erection of a building unless the consent authority is satisfied that the gross floor area of the part of the building that is used for purposes other than residential accommodation will not exceed 4,000 square metres.

6.17 Underground power lines at Carlingford

- (1) The objective of this clause is to deliver the highest standard of urban design.
- (2) In determining whether to grant development consent to development on land identified as “Area C” on the [Key Sites Map](#), the consent authority must consider whether all 132kV double circuit electricity power lines in relation to that development will be placed underground.

6.18 Development requiring the preparation of a development control plan

- (1) The objective of this clause is to ensure that development on certain land occurs in accordance with a site-specific development control plan.
- (2) This clause applies to development on land identified as “Telopea Precinct” or as “Granville Precinct” on the [Key Sites Map](#).
- (3) The development control plan must provide for all of the following:
 - (a) design principles drawn from an analysis of the site and its context,
 - (b) heritage conservation, including both Aboriginal and European heritage,
 - (c) encouragement of sustainable transport, including increased use of public transport, walking and cycling, road access and the circulation network and car parking provision, including integrated options to reduce car use,
 - (d) impact on, and improvements to, the public domain,
 - (e) identification and conservation of native flora and fauna habitat and habitat corridors on the site, including any threatened species, populations or ecological communities,
 - (f) application of the principles of ecologically sustainable development,
 - (g) identification, extent and management of watercourses, wetlands and riparian lands and any buffer areas,
 - (h) environmental constraints, including climate change, acid sulfate soils, flooding, contamination and remediation,
 - (i) opportunities to apply integrated natural water-cycle design and integrated renewable energy design.

6.19 Arrangements for designated State public infrastructure

- (1) The objective of this clause is to require satisfactory arrangements to be made for the provision of designated State public infrastructure to satisfy needs arising from intensive urban development of land.
- (2) This clause applies to the development of land shown on the [Key Sites Map](#) and specified in Column 1 of the Table to this clause for a purpose specified opposite that land in Column 2 of the Table.

Column 1	Column 2
Land	Development
Carter Street Precinct	Development for residential accommodation or commercial purposes (including by way of subdivision) that results in an increase in floor space for residential accommodation or commercial purposes.
Telopea Precinct	Development for residential accommodation (whether as part of a mixed use development or otherwise) that results in an increase in the number of dwellings.
Granville Precinct	Development for residential accommodation (whether as part of a mixed use development or otherwise) that results in an increase in the number of dwellings. Development for commercial premises and mixed use development that results in an increase in the floor space for commercial premises and mixed use development.

- (3) Despite all other provisions of this Plan, development consent must not be granted for development to which this clause applies unless the Secretary has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to that development.
- (4) This clause does not apply to a development application to carry out development if all or any part of the land to which the application applies is a special contributions area (as defined by section 7.1 of the Act).
- (5) In this clause, **designated State public infrastructure** means public facilities or services that are provided or financed by the State (or, if provided or financed by the private sector, to the extent of a financial or an in-kind contribution by the State) of any of the following kinds:
 - (a) State and regional roads,
 - (b) bus interchanges and bus lanes,
 - (c) land required for regional open space,
 - (d) land required for social infrastructure and facilities (such as land for schools, hospitals, emergency services and justice purposes), or land required for such purposes,
 - (e) light rail infrastructure.

Part 7 Additional local provisions—Parramatta City Centre

[NB. Amendments to the provisions in this section are being pursued through the Parramatta CBD Planning Proposal. Should these amendments be made prior to the finalisation of this planning proposal, it is intended they will be carried over into the new consolidated LEP.]

7.1 Land to which this Part applies

- (1) This Part applies to all land in Parramatta City Centre, as identified on the [Additional Local Provisions Map](#).
- (2) A provision in this Part prevails over any other provision of this Plan to the extent of any inconsistency.

7.2 Floor space ratio

- (1) Despite clause 4.4, the maximum floor space ratio for buildings on land for which the maximum floor space ratio shown on the [Floor Space Ratio Map](#) is specified in Column 1 of the table to this subclause is the amount specified opposite that floor space ratio in:
 - (a) if the site area for the development is less than or equal to 1,000 square metres—Column 2 of the table, or
 - (b) if the site area for the development is greater than 1,000 square metres but less than 1,800 square metres—Column 3 of the table, or
 - (c) if the site area for the development is equal to or greater than 1,800 square metres—Column 4 of the table.

Column 1	Column 2	Column 3	Column 4
6:1	4:1	(4 + 2X):1	6:1
8:1	5:1	(5 + 3X):1	8:1
10:1	6:1	(6 + 4X):1	10:1

- (2) For the purposes of Column 3 of the table to subclause (1):

$X = (\text{the site area in square metres} - 500)/1500$

- (3) This clause does not apply to land marked “Area 8” on the Special Provisions Area Map.

7.3 Car parking

- (1) If development for a purpose set out in Column 1 of the table to this subclause includes a car parking space in connection with that use, the development must provide no more than the number of car parking spaces specified opposite that use in Column 2 of that table.

Column 1	Column 2
Proposed use	Maximum number of parking spaces
Centre-based child care facilities	A maximum of 1 parking space to be provided for every 4 child care places
Commercial premises	A maximum of 1 parking space to be provided for every 100 square metres of gross floor area
Drive-in take away food and drink premises with seating	A maximum of 1 parking space to be provided for every 10 square metres of gross floor area or 1 parking space to be provided for every 6 seats (whichever is the lesser)
Health consulting rooms	A maximum of 1 parking space to be provided for every 300 square metres of gross floor area

Column 2

Shops

A maximum of 1 parking space to be provided for every 30 square metres of gross floor area

Warehouses or distribution centres

A maximum of 1 parking space to be provided for every 300 square metres of gross floor area

- (2) The number of car parking spaces to be provided under subclause (1) is to be calculated by including any existing car parking spaces.
- (3) The consent authority may approve additional car parking spaces in excess of the number of car parking spaces calculated under subclause (2), but only if the additional car parking spaces approved are to be included as part of the building's gross floor area, whether the space is below or above ground level (existing).
- (4) If the consent authority is satisfied that there are car parking spaces in excess of the requirements of the occupiers of an existing building, the consent authority may grant development consent to the use of those car parking spaces by persons other than the occupiers of the building.
- (5) Subclause (3) does not apply to a public car parking station owned by the Council.

7.4 Sun access

- (1) The objective of this clause is to protect public open space in Parramatta Square, the Lancer Barracks site and Jubilee Park from overshadowing.
- (2) The consent authority must not grant consent to development on any land if the consent authority is satisfied that the development will result in any additional overshadowing, between 12 noon and 2pm, on Parramatta Square, being the land at Parramatta Square shown with blue hatching on the [Sun Access Protection Map](#).
- (3) If the consent authority considers that development that is the subject of a development application is likely to cause excessive overshadowing of the Lancer Barracks site or Jubilee Park, it must take into consideration the relevant sun access plane controls specified for that land in section 4.3.3 of the Parramatta Development Control Plan in determining that development application.
- (4) This clause applies despite clause 7.11 (2) (f).

7.5 Serviced apartments

- (1) Development consent must not be granted to development on land in Zone B3 Commercial Core for the purpose of the strata subdivision of a building or part of a building that is or has been used for serviced apartments.
- (2) Development consent must not be granted to development on land in Zone B4 Mixed Use for the purpose of the strata subdivision of a building or part of a building that is or has been used for serviced apartments, unless the consent authority is satisfied that the following design principles are achieved for the development as if it were a residential flat development:
 - (a) the design quality principles set out in Schedule 1 to *State Environmental Planning Policy No 65—Design Quality of Residential Apartment Development*,
 - (b) the design principles of the *Apartment Design Code* (within the meaning of that Policy).
- (3) Development consent must not be granted to development for the purpose of serviced

apartments on the following land, comprising the eastern part of the land bounded by Macquarie Street, Smith Street, Darcy Street and Church Street, Parramatta:

- (a) any part of Lot 2, DP 1192394 that is in Zone B3 Commercial Core (eastern part of Civic Place),
- (b) Lot 1, DP 863571 (153 Macquarie Street, Parramatta),
- (c) Lot 1, DP 1192394 (169 Macquarie Street, Parramatta),
- (d) Lot 1, DP 1136922 (1 Smith Street, Parramatta).

7.6 Airspace operations

- (1) The objective of this clause is to protect airspace around airports.
- (2) This clause applies to land identified as “Area 3”, “Area 6” or “Area 7” on the [Special Provisions Area Map](#).
- (3) The consent authority must not grant development consent to development that is a controlled activity within the meaning of Division 4 of Part 12 of the *Airports Act 1996* of the Commonwealth on land to which this clause applies unless the applicant has obtained approval for the controlled activity under regulations made for the purposes of that Division.

Note. Controlled activities include the construction or alteration of buildings or other structures that cause an intrusion into prescribed airspace (being generally airspace around airports). Controlled activities cannot be carried out without an approval granted under regulations made for the purposes of Division 4 of Part 12 of the *Airports Act 1996* of the Commonwealth.

7.7 Development on land at Church and Early Streets, Parramatta

- (1) This clause applies to the following land:
 - (a) land at 83 Church Street, Parramatta, being Lot 10, DP 733044 and at 44 Early Street, Parramatta, being Lot B, DP 304570 (Site 1),
 - (b) land at 63 Church Street, Parramatta, being Lot 20, DP 732622 (Site 2).
- (2) The objectives of this clause are to ensure that development on land to which this clause applies:
 - (a) provides employment opportunities in the precinct by ensuring that a minimum proportion of the available floor space is provided for commercial purposes, and
 - (b) does not adversely impact the amenity of the precinct by reason of the scale and bulk of the development.
- (3) Development consent must not be granted for development (including staged development) for the purposes of a new building, or extension of an existing building, on Site 1 unless the following conditions are satisfied:
 - (a) at least 40% of the gross floor area of Site 1 is used for a purpose other than residential accommodation or serviced apartments,
 - (b) the floor space ratio of Site 1 does not exceed:
 - (i) if the development includes a basement to be used for commercial purposes—7.2:1, or
 - (ii) in any other case—6.4:1,
 - (c) the gross floor area of each storey of a building above a height of 40 metres does not exceed 700 square metres.

- (4) Development consent must not be granted for development (including staged development) for the purposes of a new building, or extension of an existing building, on Site 2 unless at least 40% of the gross floor area of Site 2 is used for a purpose other than residential accommodation or serviced apartments.

7.8 Development on land at 160–182 Church Street, Parramatta

- (1) This clause applies to land marked “Area 3” on the [Special Provisions Area Map](#).
- (2) Despite clauses 4.3, 4.4 and 7.10 (5), the consent authority may grant consent to development on land to which this clause applies, but only if the consent authority is satisfied that the gross floor area of any resulting building will not be greater than 95,000 square metres and of that gross floor area:
 - (a) not less than 10% will be used for common areas such as common rooms, communal gardens, corridors, foyers and recreation facilities (indoor), and
 - (b) not less than 5% will be used for private open space.

7.9 Development on land at 189 Macquarie Street, Parramatta

- (1) This clause applies to land marked “Area 4” on the [Special Provisions Area Map](#).
- (2) Despite clauses 4.3, 4.4 and 7.10 (5), the consent authority may grant consent to development involving the construction of a new building or external alterations to an existing building on land to which this clause applies if:
 - (a) the design of the building or alteration is the result of a competitive design process as required by clause 7.10 (5), and
 - (b) the consent authority is of the opinion that the building or alteration exhibits design excellence with regard to the design criteria specified in clause 7.10 (4), and
 - (c) the development continues to include a public car park on the site (the area of which is not subject to paragraphs (e) and (f)), and
 - (d) the development does not result in a building with a building height that exceeds 91.3 metres above natural ground level, and
 - (e) the development does not result in a building with a gross floor area that exceeds 36,000 square metres, excluding any floor space used only for private balconies and communal open space, and
 - (f) the development does not result in a building with a gross floor area that exceeds 2,750 square metres that is used for the purposes of communal open space and private balconies.

- (3) In this clause:

communal open space means areas for the purpose of recreation for use by building tenants, including gymnasiums, common rooms and communal gardens.

private balcony means a balcony, terrace, deck or winter garden (whether unenclosed, partially enclosed or wholly enclosed) that is attached to a dwelling for private use.

7.9A Development of land at 7 Charles Street and 116 Macquarie Street, Parramatta

- (1) This clause applies to Lots 3 and 4, DP 17466 (7 Charles Street) and Lot 12, DP 706694 (116 Macquarie Street), Parramatta.
- (2) Development consent must not be granted to the erection of a building on land to

which this clause applies unless the consent authority is satisfied that at least 6,000 square metres of the floor space of the building will be used for commercial premises.

7.10 Design Excellence—Parramatta City Centre

- (1) The objective of this clause is to deliver the highest standard of architectural, urban and landscape design.
- (2) This clause applies to development involving the erection of a new building or external alterations to an existing building on land to which this Part applies.
- (3) Development consent must not be granted to development to which this clause applies unless, in the opinion of the consent authority, the proposed development exhibits design excellence.
- (4) In considering whether development to which this clause applies exhibits design excellence, the consent authority must have regard to the following matters:
 - (a) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,
 - (b) whether the form and external appearance of the proposed development will improve the quality and amenity of the public domain,
 - (c) whether the proposed development detrimentally impacts on view corridors,
 - (d) the requirements of the *Parramatta Development Control Plan*,
 - (e) how the proposed development addresses the following matters:
 - (i) the suitability of the land for development,
 - (ii) the existing and proposed uses and use mix,
 - (iii) any heritage and archaeological issues and streetscape constraints or opportunities,
 - (iv) the location of any tower proposed, having regard to the need to achieve an acceptable relationship with other towers (existing or proposed) on the same site or on neighbouring sites in terms of separation, setbacks, amenity and urban form,
 - (v) the bulk, massing and modulation of buildings,
 - (vi) street frontage heights,
 - (vii) environmental impacts and factors, such as sustainable design, overshadowing and solar access, visual and acoustic privacy, noise, wind, urban heat and solar reflectivity, water and energy efficiency and water sensitive urban design,
 - (viii) the achievement of the principles of ecologically sustainable development, including the protection and enhancement of urban tree canopy and green infrastructure,
 - (ix) pedestrian, cycle, vehicular and service access and circulation requirements, including the permeability of any pedestrian network,
 - (x) the impact on, and any proposed improvements to, the public domain,
 - (xi) the impact on any special character area,
 - (xii) achieving appropriate interfaces at ground level between the building and the public domain,
 - (xiii) excellence and integration of landscape design.

- (5) Development consent must not be granted to the following development to which this clause applies unless a competitive design process has been held in relation to the proposed development:
 - (a) development in respect of a building that has, or will have, a height above ground level (existing) greater than 55 metres,
 - (b) development on a site greater than 1,000 square metres and up to 1,800 square metres seeking to achieve the maximum floor space ratio identified on the [Floor Space Ratio Map](#), where amalgamation with adjoining sites is not physically possible,
 - (c) development having a capital value of more than \$10,000,000 on a “Key site” identified on the [Key Sites Map](#),
 - (d) development having a capital value of more than \$100,000,000 on any other site,
 - (e) development for which the applicant has chosen such a process.
- (6) A competitive design process is not required under subclause (5) if the consent authority is satisfied that such a process would be unreasonable or unnecessary in the circumstances and that the development:
 - (a) involves only alterations or additions to an existing building, and
 - (b) does not significantly increase the height or gross floor area of the building, and
 - (c) does not have significant adverse impacts on adjoining buildings and the public domain, and
 - (d) does not significantly alter any aspect of the building when viewed from public places.
- (7) If, before the commencement of this clause, the Secretary issued a certificate under clause 22B (5) of *Parramatta City Centre Local Environmental Plan 2007* for any development to which subclause (5) of this clause applies, then subclause (5) of this clause does not apply to that development.
- (8) If the design of a new building, or an external alteration to an existing building, is the winner of a competitive design process and the consent authority is satisfied that the building or alteration exhibits design excellence, it may grant development consent to the erection of the new building, or the alteration to the existing building, with:
 - (a) in any case—a building height that exceeds the maximum height shown for the land on the [Height of Buildings Map](#) or an amount of floor space that exceeds the maximum floor space ratio shown for the land on the [Floor Space Ratio Map](#) (or both) by up to 15%, or
 - (b) if the proposal is for a building containing entirely non-residential floor space in Zone B4 Mixed Use—a building height that exceeds the maximum height shown for the land on the [Height of Buildings Map](#) or an amount of floor space that exceeds the maximum floor space ratio shown for the land on the [Floor Space Ratio Map](#) (or both) by up to 25%.
- (9) In this clause:

building or alteration exhibits design excellence means a building where the design of the building (or the design of an external alteration to the building) is the winner of a competitive design process and the consent authority is satisfied that the building or alteration exhibits design excellence.

competitive design process means an architectural design competition carried out in accordance with procedures approved by the Secretary of the Department of Planning, Industry and Environment.

7.11 Development on land at 153 Macquarie Street and part of 1A Civic Place, Parramatta

- (1) This clause applies to land marked “Area 5” on the [Special Provisions Area Map](#).
- (2) The consent authority may grant consent to development involving the construction of a new building or external alterations to an existing building on land to which this clause applies if:
 - (a) the design of the building or alteration is the result of a competitive design process as required by clause 7.10 (5), and
 - (b) the consent authority is of the opinion that the building or alteration exhibits design excellence with regard to the design criteria specified in clause 7.10 (4), and
 - (c) the development does not result in a building with a gross floor area that exceeds 46,200 square metres, and
 - (d) at least 90% of the floor space of the building will be used for business premises, office premises or retail premises, and
 - (e) no part of the building will be used for residential purposes, and
 - (f) the development does not result in any additional overshadowing on the land shown with blue hatching on the [Sun Access Protection Map](#) between 12 noon and 2pm on 21 June in each year.

7.12 Development on land at 180 George Street, Parramatta

- (1) This clause applies to land marked “Area 6” on the [Special Provisions Area Map](#).
- (2) Despite clauses 4.4 and 7.2, the minimum floor space ratio for a building on land to which this clause applies that is used for any of the following purposes is 1:1:
 - (a) commercial premises,
 - (b) tourist and visitor accommodation,
 - (c) centre-based child care facilities,
 - (d) serviced apartments.
- (3) Despite clause 7.3, the maximum number of car parking spaces for residential accommodation on land to which this clause applies is as follows:
 - (a) 0.1 space per studio apartment,
 - (b) 0.3 space per 1 bedroom apartment,
 - (c) 0.7 space per 2 bedroom apartment,
 - (d) 1 space per 3 bedroom apartment.
- (4) Despite clause 7.3, the maximum number of car parking spaces for a building on land to which this clause applies that is used for the purposes of commercial premises, tourist and visitor accommodation, centre-based child care facilities or serviced apartments, and has a floor space ratio greater than 3.5:1, is to be calculated using the following formula:

$$M = (G \times A) \div (50 \times T)$$

where:

- M** is the maximum number of parking spaces, and
- G** is the gross floor area of all commercial premises, tourist and visitor accommodation, centre-based child care facilities and serviced apartments in the building in square metres, and
- A** is the site area in square metres, and
- T** is the total gross floor area of all buildings on the site in square metres.

7.13 Development on land at 2–10 Phillip Street, Parramatta

- (1) This clause applies to land marked “Area 7” on the [Special Provisions Area Map](#).
- (2) The consent authority may, despite any other provision of this Plan, grant consent to the erection of a building on land to which this clause applies that has a floor space ratio that exceeds the maximum floor space ratio shown for the land on the [Floor Space Ratio Map](#) by an amount of up to 5.5:1, but only if the consent authority is satisfied that the additional floor area will be used only for the purposes of hotel or motel accommodation or commercial premises.
- (3) The consent authority must not grant consent to the erection of a new building on land to which this clause applies unless the consent authority is satisfied that part of the building will be used for the purposes of commercial premises and that part will have a minimum gross floor area that equates to a floor space ratio of 1:1.
- (4) Gross floor area that is to be used for the purposes of commercial premises may be counted only for the purposes of satisfying subclause (2) or (3), but not for the purposes of satisfying both those subclauses.
- (5) Despite clause 7.3, the maximum number of car parking spaces permitted for a building on land to which this clause applies is the number permitted under subclauses (6) and (7).
- (6) The maximum number of car parking spaces for residential accommodation in the building is as follows:
 - (a) 0.1 space per studio apartment,
 - (b) 0.3 space per 1 bedroom apartment,
 - (c) 0.7 space per 2 bedroom apartment,
 - (d) 1 space per 3 bedroom apartment.
- (7) The maximum number of car parking spaces for hotel or motel accommodation or commercial premises in the building is to be calculated using the following formula (but only if the building has a floor space ratio greater than 3.5:1):

$$M = (G \times A) \div (50 \times T)$$

where:

- M** is the maximum number of parking spaces, and
- G** is the gross floor area of all hotel or motel accommodation or commercial premises in the building in square metres, and
- A** is the site area in square metres, and
- T** is the total gross floor area of all buildings on the site in square metres.

7.14 Car parking for certain land in Parramatta City Centre

- (1) This clause applies to the following land:
 - (a) Lot 1, DP 1041242, 220 Church Street, Parramatta,
 - (b) Lot 1, DP 702291, 230 Church Street, Parramatta,
 - (c) Lot B, DP 394050, 48 Macquarie Street, Parramatta.
 - (d) Lot 11, DP 1115358, Lot 30, DP 1115365 and Lot 20, DP 1115360, 184–188 George Street, Parramatta.
- (2) The maximum number of car parking spaces for residential accommodation in a building on land to which this clause applies is as follows:
 - (a) 0.1 space per studio apartment,
 - (b) 0.3 space per 1 bedroom apartment,
 - (c) 0.7 space per 2 bedroom apartment,
 - (d) 1 space per 3 bedroom apartment.
- (3) The maximum number of car parking spaces for non-residential premises in a building on land to which this clause applies is to be calculated using the following formula (but only if the building has a floor space ratio greater than 3.5:1):

$$M = (G \times A) \div (50 \times T)$$

where:

M is the maximum number of parking spaces.

G is the gross floor area of all non-residential premises in the building in square metres.

A is the site area in square metres.

T is the total gross floor area of all buildings on the site in square metres.

- (4) This clause applies despite clause 7.3.

7.15 Development on land at 2–6 Hassall Street, Parramatta

- (1) This clause applies to land at 2–6 Hassall Street, Parramatta, being Lot 22, DP 608861, Lot 62, DP 1006215 and Lot 7, DP 128820.
- (2) The maximum number of car parking spaces for commercial premises and educational establishments in a building on land to which this clause applies is to be calculated using the following formula (but only if the building has a floor space ratio greater than 3.5:1)—

$$M = (G \times A) \div (50 \times T)$$

where—

M is the maximum number of parking spaces, and

G is the gross floor area of all commercial premises and educational establishments in the building in square metres, and

A is the site area in square metres, and

T is the total gross floor area of all buildings on the site in square metres.

- (3) Development consent must not be granted to development involving the construction

of a new building or external alterations to an existing building on land to which this clause applies unless the consent authority is satisfied that—

- (a) the building complies with the following standards (but only if the building has a gross floor area that exceeds 10,000 square metres)—
 - (i) the energy target is a maximum 140 kg/m² per year,
 - (ii) the water target is a maximum 0.65 kL/m² per year, and
 - (b) the building utilises a dual water reticulation system containing pipes for potable water and recycled water for all internal and external water uses.
- (4) This clause applies despite clause 7.3.

7.16 Development on land at 12A Parkes Street, Harris Park

- (1) This clause applies to land marked “Area 8” on the Special Provisions Area Map.
- (2) The consent authority must not grant consent to the erection of a new building on land to which this clause applies unless, in addition to being satisfied of the matters mentioned in clause 6.3 (3) in relation to the development on the land, the consent authority is satisfied that the building:
 - (a) contains an area that is:
 - (i) located above the probable maximum flood level, and
 - (ii) connected to an emergency electricity and water supply, and
 - (iii) of sufficient size to provide refuge for all occupants of the building (including residents, workers and visitors), and
 - (b) has an emergency access point to the land that is above the 1% annual exceedance probability event, and
 - (c) is able to withstand the forces of floodwaters, debris and buoyancy resulting from a probable maximum flood event.
- (3) Despite clause 7.3, the maximum number of car parking spaces permitted for a building on land to which this clause applies is the number permitted under subclauses (4) and (5).
- (4) The maximum number of car parking spaces for residential accommodation in the building is as follows:
 - (a) 0.1 space per studio apartment,
 - (b) 0.3 space per 1 bedroom apartment,
 - (c) 0.7 space per 2 bedroom apartment,
 - (d) 1 space per 3 bedroom apartment.
- (5) The maximum number of car parking spaces for commercial premises in the building is to be calculated using the following formula (but only if the building has a floor space ratio greater than 3.5:1):

$$M = (G \times A) \div (50 \times T)$$

where:

M is the maximum number of parking spaces.

G is the gross floor area of all hotel or motel accommodation or commercial premises in the building in square metres.

A is the site area in square metres

T is the total gross floor area of all buildings on the site in square metres.

- (6) A word or expression used in this clause has the same meaning as it has in the Floodplain Development Manual (ISBN 0 7347 5476 0), published in 2005 by the NSW Government

Schedule 2 Exempt development

(Clause 3.1)

Note 1. *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specifies exempt development under that Policy. The Policy has State-wide application. This Schedule contains additional exempt development not specified in that Policy.

Note 2. Exempt development may be carried out without the need for development consent under the Act. Such development is not exempt from any approval, licence, permit or authority that is required under any other Act and adjoining owners' property rights and the common law still apply.

Temporary events on council land (including markets)

- (1) Development for the purposes of temporary uses including community events (such as ceremonies, cultural celebrations, exhibitions, fetes, fairs, gatherings, markets or sporting events), commercial events and festivals.
- (2) Must be carried out with Council's prior written consent on land owned by, or under the care or control of, the Council.
- (3) Must not be for more than 28 days (whether or not consecutive days) in any 12 month period. Within the Parramatta City Centre, as identified on the [Additional Local Provisions Map](#), a maximum period of 52 days (whether or not consecutive days) in any 12 month period applies.
- (4) Must operate only between 7.00 am and midnight.
- (5) Must not include permanent physical change to the fabric of the location where the use occurs. At the end of the temporary use the land must be restored to the condition in which it was before the commencement of the use.
- (6) Must maintain emergency vehicle access to and around the premises.
- (7) Must not restrict pedestrian access to shops, public facilities or the foreshore unless alternative access is provided.
- (8) Must not prevent pedestrian access to existing footpaths unless alternative pedestrian pathways are provided (alternative pedestrian pathways are to have physical barriers erected between the pathway and any adjoining road).
- (9) Must undertake and submit to Council a risk assessment and emergency management plan addressing, to the satisfaction of Council, issues relevant to the site such as flood and bushfire hazard, and provide notifications to appropriate emergency services.
- (10) Must not include the clearing or disturbance of vegetation on the road or land.

Note 1. Events that do not involve the erection of a temporary structure, the erection of an amusement device or disruption to normal traffic and pedestrian flows and are events for which the land has been designed do not need to meet the above requirements. (For example, family picnics, regular sports training or games, casual exercise and passive enjoyment of a park.)

Note 2. If on community land, the use may need to be approved under Division 2 of Part 2 of Chapter 6 of the *Local Government Act 1993*. Other provisions of the *Local Government Act 1993* may also apply, including provisions relating to plans of management and alcohol free zones

Advertising on bus shelters

- (1) The display of commercial advertisements on bus shelters owned or managed by Council.

Schedule 3 Complying development

(Clause 3.2)

Note. *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specifies complying development and the complying development conditions for that development under that Policy. Schedule 6 Pond-based and tank-based aquaculture

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water:
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.
- (2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the land concerned:
 - (a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,
 - (b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note. Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division:

intensive aquaculture has the same meaning as it has in the *Fisheries Management (Aquaculture) Regulation 2017*.

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water:
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note. Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.

Dictionary

(Clause 1.4)

Note. The Act and the *Interpretation Act 1987* contain definitions and other provisions that affect the interpretation and application of this Plan.

Aboriginal object means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

Aboriginal place of heritage significance means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the [Heritage Map](#), that is:

- (a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or
- (b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

Note. The term may include (but is not limited to) places that are declared under section 84 of the *National Parks and Wildlife Act 1974* to be Aboriginal places for the purposes of that Act.

acid sulfate soils means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).
