**Re: Draft Liverpool Local Environmental Plan 2008 Amendment 89  
Section 9.1 Local Planning Panels Direction**

Liverpool City Council has prepared a planning proposal (Amendment 89) to amend Schedule 1 of the Liverpool Local Environmental Plan to permit, with development consent, a recreation facility (outdoor) at 25 Dwyer Road, Bringelly.

The Department has requested confirmation that the Chief Executive Officer has determined that the planning proposal satisfies Clause 1(c) of the Local Planning Panels Direction – Planning Panels issued by the Minister for Planning and Public Spaces under Section 9.1 of the Environmental Planning & Assessment Act 1979.

Clause 1 states: “a council to whom this direction applies is required to refer all planning proposals prepared after 1 June 2018 to the local planning panel for advice, unless the council’s general manager determines that the planning proposal relates to... (c) matters that council’s general manager considers will not have any significant adverse impact on the environment or adjoining land”.

Given the minor nature of the planning proposal, I formed the view, based on advice from Council’s Acting Director of City Economy & Growth, that the planning proposal is of a minor nature and will not have any significant adverse impact on the environment or adjoining land. I therefore consider that the proposal satisfies Clause 1(c) of the Local Planning Panels Direction – Planning Panels

Should you require any further information on this matter, please do not hesitate to contact Luke Oste, Executive Planner on (02) 8771 7886 or at [ostel@liverpool.nsw.gov.au](mailto:ostel@liverpool.nsw.gov.au)

Yours sincerely

**Dr Eddie Jackson**  
Acting Chief Executive Officer
