Dear Mr Lindsay

Planning Proposal PP_2017_CLARE_005_00 to amend Council Local Environmental Plan 2011

I am writing in response to Council's request for a Gateway determination under Section 56 of the *Environmental Planning and Assessment Act 1979* (the Act) 3 July 2017 in respect of the Planning Proposal to rezone and reclassify Lot 2313, DP 857839 being the Ilarwill Sewerage Treatment Plant.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the Planning Proposal's inconsistency with Section 117 Direction 4.1 Acid Sulfate Soils is justified in accordance with the terms of the Direction. No further approval is required in relation to this Direction.

Plan making powers were delegated to Councils by the Minister in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under Section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any further enquiries about this matter, I have arranged for Ms Jenny Johnson to assist you. Ms Johnson can be contacted on (02) 6641 6614.

Yours sincerely

4 August 2017

Gateway Determination

Planning Proposal (Department Ref: PP_2017_CLARE_005_00): to rezone and reclassify Lot 2313, DP 857839 being the Ilarwill Sewerage Treatment Plant.

I, the Director Regions, Northern, at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under Section 56(2) of the *Environmental Planning and Assessment Act, 1979* (the Act) that an amendment to the Clarence Valley Local Environmental Plan (LEP) (2011) to rezone and reclassify Lot 2313, DP 857839 being the Ilarwill Sewerage Treatment Plant should proceed subject to the following conditions:

1. The planning proposal is to be updated prior to community consultation to remove any references to the mortgage being discharged, and clarify that no interests are being changed as a result of this proposal.
2. Community consultation is required under Sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in Section 5.5.2 of *A guide to preparing local environmental plans* (Department of Planning and Environment 2016).
 - (c) Council is to conduct a public hearing (21 days after completion of the public exhibition period) in accordance with the requirements of section 29 of the Local Government Act 1993 as the planning proposal involves reclassification of land.
3. Consultation is required with the Department of Finance, Services and Innovation (Public Works Advisory) under Section 56(2)(d) of the Act. Department of Finance, Services, and Innovation (Public Works Advisory) is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
4. A public hearing is not required to be held into the matter by any person or body under Section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

Planning & Environment

5. The timeframe for completing the LEP is to be **9 months** following the date of the Gateway determination.

Dated: 4th day of August 2017.
