Peter Goth
Regional Director
Sydney West Region
Department of Planning
Locked Bag 5020
PARRAMATTA NSW 2124

Dear Mr Goth

PLANNING PROPOSAL - RECLASSIFICATION OF 5 RAY STREET, TURRAMURRA

At its meeting on 24 November 2010, the Ku-ring-gai Planning Panel considered a report on a planning proposal for the inclusion of provisions for the reclassification of 5 Ray Street, Turramurra from Community land to Operational land in the Ku-ring-gai Local Environmental Plan Town Centres 2010.

Council resolved:

- A. *That the Ku-ring-gai Planning Panel, in accordance with Part 3 of the Environmental Planning and Assessment Act, 1979 (as amended), initiate a draft Local Environmental Plan for Council Land at 5 Ray Street, Turramurra (Lot 2 DP 221290) to be included as Operational land in Schedule 4 -Classification and Reclassification of Public Land.*
- B. *That the General Manager be granted delegation to prepare and submit a Planning Proposal to the Minister for Planning in accordance with Section 55 of the Environmental Planning and Assessment Act, 1979 (as amended) to reclassify 5 Ray Street, Turramurra from Community Land to Operational Land.*
- C. *That the Planning Proposal exhibition process be in accordance with the NSW Department of Planning's LEP Practice Note (PN09-003) 12 June 2009 and the conditions of any gateway determination.*
- D. *That a report be brought back to the Ku-ring-gai Planning Panel at the conclusion of the exhibition period.*

The **attached** planning proposal has been drafted in accordance with Section 55 of the *EP&A Act, 1979* and the Department of Planning's "*A guide to Preparing Planning Proposals*".

It is requested that the Planning Proposal be forwarded to the LEP review panel for a gateway determination under section 56 of the EP&A Act.

If you have any further enquiries on this matter, please do not hesitate to contact Craige Wyse, Team leader Urban Planning on 9424 0855.

Yours sincerely

A handwritten signature in black ink, appearing to read 'AF', is positioned above the typed name.

Part 3	Justification
A	Need for the Planning Proposal.
B	Relationship to Strategic Planning Framework.
C	Environmental, Social and Economic Impact.
D	State and Commonwealth Interests
Part 4	Community Consultation
Part 5	Owners Concurrence
Attachment A	Table of Site for Reclassification
Attachment B	Table assessing proposal against S117 Directions and SEPPs
Attachment C	Mapping identifying site locations

Part 1 A statement of the Objectives or Intended Outcomes of the proposed Local Environmental Plan

The planning proposal seeks to reclassify Council owned community land to operational land status.

The objective of this proposed Local Environmental Plan is to reclassify the Council owned public land as listed below from “community” land to “operational” land in accordance with Clause 5.2 of the Ku-ring-gai Local Environmental Plan (Town Centres) 2010.

1. 5 Ray Street, Turramurra (Lot 2 DP 221290)

The above site has also been mapped, see Attachment C. The reclassification to operational status of this site will assist Council to consider long term leases, sale, subdivision, or land swaps where appropriate.

This will assist in the planning and delivery of new and improved facilities and services, aligned with the objectives of the Ku-ring-gai Local Environmental Plan (Town Centres) 2010, Ku-ring-gai Development Control Plan (Town Centres) 2010 and the Ku-ring-gai Contributions Plan 2010.

Part 2 An Explanation of the Provisions that are to be included in the proposed Local Environmental Plan

The Ku-ring-gai Local Environmental Plan (Town Centres) 2010 will be amended to include in Schedule 4 the subject land as operational land.

The zoning of the Council site remains unchanged being zoned B2 local centre as per the Ku-ring-gai Local Environmental Plan (Town Centres) 2010.

Part 3 The Justification for those Objectives, Outcomes and Provisions and the process for their implementation

- A. Need for the planning proposal.

A1. Is the planning proposal the result of any strategic study or report?

Council on behalf of the community, is a significant land owner within the Town Centres. In particular, some of the sites that Council holds are strategic sites that can directly affect the realisation of a number of key proposals identified by Ku-ring-gai Development Control Plan (Town Centres) 2010 and the draft Ku-ring-gai Contributions Plan 2010, in accordance with the stated aims of Ku-ring-gai Local Environmental Plan (Town Centres) 2010.

The development of the Ku-ring-gai Town Centres documentation involved a comprehensive integrated planning approach over a 4+ year period and was based on a considerable range of planning studies. These studies included:

- Urban design studies.
- Traffic and parking studies.
- Retail study.
- Employment lands study.
- Open space acquisition.
- Ecological and biodiversity studies.
- Heritage conservation area and items assessments.
- Community facilities strategy.
- Economic feasibility assessments.

The extent of development envisaged under the Ku-ring-gai Town Centres LEP is supported by the findings of these studies.

In undertaking the Town Centre planning process Council and the Ku-ring-gai Planning Panel has sought to prepare a vision and direction for its Town Centres over the next 30 year period that outlines an integrated response to planning for the future of Ku-ring-gai. The town centres planning process has taken into account and is consistent with the planning strategies of the Sydney Metropolitan Strategy and the Draft Sydney North (Ku-ring-gai and Hornsby LGAs) Subregional Strategy.

The key documents are:

- Ku-ring-gai Local Environmental Plan (Town Centres) 2010.
- Ku-ring-gai Development Control Plan (Town Centres) 2010 and the (Adopted) Ku-ring-gai Contributions Plan 2010.
- Ku-ring-gai Town Centres Public Domain Plan.

The series of proposed plans include a range of opportunities for investment in public infrastructure. Initiatives that have been identified include:

- Public transport facilities and services.
- Creation of new urban spaces for outdoor dining and new public domain areas.
- Changes to the road network and redesign of car parking layout and locations.
- Streetscape redesign and embellishment including new street trees, undergrounding of power lines, new footpaths and cycleways.
- Masterplans for existing parks and identification of potential future open space acquisitions.

- New and refurbished community facilities including expansion of library facilities and new civic precincts.
- Protection of an addition to the native tree canopy and other environmental improvements.

A2. Is the planning proposal the best means of achieving the objectives or intended outcomes, or is there a better way?

Yes, the planning proposal is the best way of achieving the intended outcomes. The Ku-ring-gai Town Centres LEP when made on 25 May 2010 did not reclassify any land. The matter needs now to be addressed by amendment of the Town Centres LEP to insert the relevant land into Schedule 4.

A3. Is there a net community benefit?

This proposal does not involve a rezoning and therefore the “Net Community Benefit Test” is not applicable. However, the planning proposal is considered to be a benefit to the community as it will provide more certainty in the implementation of the Ku-ring-gai Town Centres LEP and will facilitate appropriate inclusion of the site in any future development of the Turramurra Town centre.

B. Relationship to strategic planning framework.

B1. Is the planning proposal consistent with the objectives and actions contained within the applicable regional or sub-regional strategy?

Yes. The planning proposal will help facilitate the implementation of the Ku-ring-gai Town Centre LEP which is consistent with the objectives and actions contained in the Sydney Metropolitan Strategy and the draft Sydney North Subregional Strategy.

B2. Is the planning proposal consistent with the local Council's Community Strategic Plan, or other local strategic plan?

Yes. The planning proposal is consistent with the Ku-ring-gai Council Community Strategic Plan 2030, which includes the objective of the effective implementation of the Ku-ring-gai Town Centres LEP. The planning proposal will help to facilitate the implementation of the LEP through the inclusion of Council land.

The Community Strategic Plan is based around the following principle activity areas that align with Council's Management Plan:

- community development;
- urban environment;
- natural environment;
- planning and development;
- civic leadership and corporate services;
- financial sustainability.

The proposed reclassification of the subject Council land within the Turramurra town centre is consistent with Community Strategic Plan 2030 as outlined below:

Under the **Community Development principle activity**, the proposed reclassification will assist in meeting the aim to make Council's community and cultural programs and services accessible, affordable and meet current and emerging needs.

Under the **Urban Environment principle activity** the proposed reclassification will assist in the aim that Council's assets are managed effectively to meet community needs and standards within our available resources.

Under **Planning and Development principle activity** the proposed reclassification will assist in ensuring that the urban areas will become more liveable and sustainable to respond to State Government and community demands for additional housing, greater housing choice and associated provision of more local retail and commercial floor space and associated employment activity.

Under the **Financial Sustainability principle activity** the proposed reclassification will assist in meeting the aim that Council effectively manages its financial position to meet community expectations for projects and service delivery. The reclassification to operational status of the site will assist Council to consider long term leases, sale, subdivision, or land swaps where appropriate. Council has an adopted long term 20 year financial model to assist in the financial planning and delivery of a range of strategic projects.

B3. Is the planning proposal consistent with applicable state environmental planning policies?

Yes. This planning proposal is consistent with all applicable State Environmental Planning Policies. Refer to Attachment B.

B4. Is the planning proposal consistent with applicable Ministerial Directions [s.117 directions]?

Yes. The planning proposal is consistent with all applicable s.117 directions. Refer to Attachment B.

The relevant directions are:

- 1.1 Business and Industrial Zones.
- 3.1 Residential Zones.
- 6.1 Approval and Referral Requirements.
- 6.2 Reserving Land for Public Purposes.
- 7.1 Implementation of the Metropolitan Strategy.

C. Environmental, social and economic impact.

C1. Is there any likelihood that critical habitat or threatened species, populations or ecological communities, or their habitats, will be adversely affected as a result of the proposal?

No. The proposed reclassification will not apply to any land subject to covenant, agreement or other similar instruments created under relevant legislation to protect critical habitat or threatened species, populations or ecological communities, or their habitats.

C2. Are there any other likely environmental effects as a result of the planning proposal and how are they proposed to be managed?

No. The planning proposal will not result in any additional environmental effects to those considered during the process of making the Ku-ring-gai Town Centres LEP.

C3. How has the planning proposal adequately addressed any social and economic effects?

The planning proposal will not result in any additional social and economic effects to those considered during the process of making the Ku-ring-gai Town Centres LEP.

C4. If the provisions of the planning proposal include the extinguishment of any interests in the land, an explanation of the reasons why the interests are proposed to be extinguished.

None

D. State and Commonwealth interests.

D1. Is there adequate public infrastructure for the planning proposal?

Yes. The planning proposal will not result in any additional demand for public infrastructure beyond that considered during the process of making the Ku-ring-gai Town Centres LEP.

D2. What are the views of State and Commonwealth Public Authorities consulted in accordance with the gateway determination, and have they resulted in any variations to the planning proposal?

No consultation has been carried out with State and Commonwealth public authorities. Consultation will occur with relevant public authorities identified as part of the gateway determination.

Part 4 Details of the community consultation that is to be undertaken on the planning proposal.

It is proposed that the planning proposal will be exhibited in accordance with the requirements of Section 57 of the EP&A Act and Section 29 of the Local Government Act 1993 and/or any other requirements as determined by the gateway process under Section 56 of the EP&A Act.

As a minimum Council proposes to undertake public exhibition, to hold a public hearing, give separate public notice of the arrangements for both the public exhibition and public hearing in the local newspaper, at Council's Customer Service Centre, Libraries, and on Council's website. Notification will also be sent to those who made submissions in respect of previous public hearing processes for the Turramurra Town Centre land and those whose lands lie within the vicinity of the site.

Part 5 Owners Concurrence

The concurrence of the landowner, where the land is not owned by the relevant planning authority.

Council is the landowner for the site to be considered for reclassification.

Attachment A – Site for Reclassification – Ku-ring-gai Town Centres

Site Description	Details of extinguishment of any interests in the land (if relevant) and reasons)
1. 5 Ray Street, Turramurra (Lot 2 DP 221290)	None
