**Item No:** R2 Recommendation to Council  
**Subject:** **MINUTES OF THE FLOODPLAIN RISK MANAGEMENT COMMITTEE HELD ON 24 JULY 2019**  
**Author:** Aurelio Lindaya, Manager Engineering Services  
**Approver:** Tom O'Hanlon, Director - Technical Services  
**File No:** 19/124657  
**Reason for Report:** For the Committee to consider the recommendations of the Floodplain Risk Management Committee.

**Note:** Late correspondence was tabled by John Durak.

**(Elsing/Robertson)**

**162/19 Resolved:**

THAT the following recommendations contained in the minutes of the Floodplain Risk Management Committee held on Wednesday 24 July 2019 be adopted.

- A. *That Council thanks the Paddington community for its participation in the process to prepare the Paddington Floodplain Risk Management Study and Plan.*
- B. *That the final Paddington Floodplain Risk Management Study and Plan, dated July 2019, prepared by Catchment Simulation Solutions, be adopted, subject to George Street being included in the streets identified in the Paddington FRMSP as likely to experience significant property damage, risk to life and/or evacuation difficulties during significant rainfall events (Paddington FRMSP p2) and George St, Elizabeth Place being included in the areas identified 'At the peak of the 1% AEP flood, approximately 1,300 properties (out of 5,366 contained within the catchment) are predicted to experience depths of inundation that exceed 0.1 metres. The areas that are most significantly impacted by floodwaters include: (Paddington FRMSP p18)*

- C. *That Council requests staff to prepare a report on the water sensitive urban design projects, raised by the community through the consultation process for the draft Paddington Floodplain Risk Management Study and Plan. They include treatments at the following locations:*
- i. *Detention tank in the roundabout at Hargrave Street and Elizabeth Street*
  - ii. *Flow path entrances to George Street.*
  - iii. *Grassed open space at the intersection of Elizabeth Street and Windsor Street*
  - iv. *Reserve at the intersection of Cascade Street and Sutherland Street – installation of underground and above ground storage, where feasible.*
  - v. *Cul-de-sacs of Royston Street and Cecil Street where storage could be installed beneath the roadway surface and flows stored before drainage to the existing stormwater system.*
  - vi. *Open space within 4-8 Hampden Street premises where underground storage could be provided.*
  - vii. *Elizabeth Place underground storage detention tank.*
- D. *That the option of the Elizabeth Place Underground Storage Detention Tank remain open to Council for future consideration and this be reflected in the Paddington Floodplain Risk Management Study and Plan.*

*Note: In accordance with Council's adopted Code of Meeting Practice voting on the Motion is noted below.*
