

# Planning Proposal

## **Paddington Floodplain Risk Management Study and Plan (2019)**

Prepared October 2019

# Table of Contents

|                                                                                                                                     |           |
|-------------------------------------------------------------------------------------------------------------------------------------|-----------|
| <b>Part 1 – Introduction .....</b>                                                                                                  | <b>1</b>  |
| 1.1. Background .....                                                                                                               | 1         |
| 1.2. Description of this planning proposal .....                                                                                    | 1         |
| <b>Part 2 – Subject sites .....</b>                                                                                                 | <b>2</b>  |
| <b>Part 3 – Existing planning controls .....</b>                                                                                    | <b>3</b>  |
| <b>Part 4 – Objectives of planning proposal .....</b>                                                                               | <b>4</b>  |
| <b>Part 5 – Explanation of provisions.....</b>                                                                                      | <b>4</b>  |
| <b>Part 6 – Justification .....</b>                                                                                                 | <b>4</b>  |
| 6.1. Need for planning proposal .....                                                                                               | 4         |
| 6.2. Relationship to strategic planning framework .....                                                                             | 5         |
| 6.3. Environmental, social and economic impact .....                                                                                | 8         |
| 6.4. State and Commonwealth interests .....                                                                                         | 9         |
| <b>Part 7 – Mapping .....</b>                                                                                                       | <b>9</b>  |
| <b>Part 8 – Community consultation .....</b>                                                                                        | <b>10</b> |
| 8.1. Consultation with landowners .....                                                                                             | 10        |
| 8.2. Public exhibition .....                                                                                                        | 10        |
| <b>Part 9 – Project timeline .....</b>                                                                                              | <b>11</b> |
| <b>Schedules 12</b>                                                                                                                 |           |
| Schedule 1 – Consistency with state environmental planning policies.....                                                            | 12        |
| Schedule 2 – Compliance with section 9.1 directions .....                                                                           | 17        |
| Schedule 3 – Parcel addresses of the properties identified in the Paddington Floodplain<br>Risk Management Study and Plan 2019..... | 22        |
| <b>Supplementary material (separately attached) .....</b>                                                                           | <b>63</b> |

## Part 1 – Introduction

### 1.1. Background

On 9 September 2019 Council adopted the *Paddington Floodplain Risk Management Study and Plan* (FRMSP 2019). The Paddington FRMSP 2019 was prepared by Catchment Simulation Solutions.

Section 6.3.2 of the Paddington FRMSP recommends that Council's Flood Planning Maps in the *Woollahra Local Environmental Plan 2014* (*Woollahra LEP 2014*) are updated to take advantage of the updated flood information generated as part of the study (pg. 113, Paddington FRMSP 2019).

On 28 October 2019, the Paddington FRMSP 2019 was reported to the Environmental Planning Committee. On the 11 November 2019, Council resolved:

- A. *THAT a planning proposal be prepared to amend the Flood Planning Map of Woollahra Local Environmental Plan 2014 based on the adopted Paddington Floodplain Risk Management Study and Plan 2019.*
- B. *THAT the planning proposal be referred to the Woollahra Local Planning Panel for advice.*
- C. *THAT the advice of the Woollahra Local Planning Panel be reported to the Environmental Planning Committee.*

In accordance with Council's resolution of 11 November 2019, this planning proposal has been prepared to amend the Flood Planning Map in the *Woollahra LEP 2014* to identify 837 properties as recommend by the Paddington FRMSP 2019.

### 1.2. Description of this planning proposal

This planning proposal seeks to amend the *Woollahra LEP 2014* to implement the recommendations in Section 6.3.2 of the Paddington FRMSP 2019 (adopted 9 September 2019). The Paddington FRMSP 2019 identifies 837 additional properties in Paddington, Edgecliff and Woollahra to be included on the *Woollahra LEP 2014* Flood Planning Map.

This planning proposal has been prepared in accordance with section 3.33 of the *Environmental Planning and Assessment Act 1979* (EP&A Act) and the relevant NSW Department of Planning and Environment guidelines, including 'A Guide to Preparing Planning Proposals' (December 2018) and 'A Guide to Preparing Local Environmental Plans' (December 2018).

Council intends to request authorisation to exercise its delegation regarding the functions of the Minister for Planning and Public Spaces under Section 3.36 of the EP&A Act.

## Part 2 – Subject sites

This planning proposal applies to 837 properties in Paddington, Edgecliff and Woollahra in the Woollahra Local Government Area (LGA). The Paddington FRMSP 2019 recommends that these properties are identified on the Flood Planning Map of the *Woollahra LEP 2014*.

The Paddington FRMSP 2019 considered land in the Woollahra LGA in the Rushcutters Bay catchment area. The Study Area is bounded by New South Head Road to the north, Oxford Street to the south-west, Ocean Street to the east and Boundary Street to the north-west. Notably, the study area includes the Paddington Heritage Conservation Area as identified on the Heritage Map and Schedule 5 in the *Woollahra LEP 2014*.

As identified within the current *Woollahra LEP 2014* Flood Planning Map, there are no parcels to the south of Lawson Street, Harris Street, Sutherland Street and Glenmore Road that are identified on the map as flood planning area.

The subject area is characterised by land zoned as R2 Low Density Residential with some sections of R3 Medium Density Residential.

It is noted that previous flood studies in this area did not consider overland flooding and consequently the properties subject to this planning proposal are not currently identified as part of a flood planning area.

**Figure 1** shows the affected properties and the extent of the existing flood planning map. A full list of the properties subject to this planning proposal is contained in **Schedule 3**.

**Figure 1: Properties identified in the Paddington FRMSP compared with the current Woollahra LEP 2014 Flood Planning Area. Those parcels already identified as Flood Planning Area are shown with a red outline and the parcels in blue are the subject of this planning proposal.**

## Part 3 – Existing planning controls

Flood planning is addressed in *Clause 6.3 – Flood Planning* in the *Woollahra LEP 2014*:

### 6.3 Flood planning

(1) *The objectives of this clause are as follows—*

- (a) to minimise the flood risk to life and property associated with the use of land,*
- (b) to allow development on land that is compatible with the land's flood hazard, taking into account projected changes as a result of climate change,*
- (c) to avoid significant adverse impacts on flood behaviour and the environment.*

(2) *This clause applies to—*

- (a) land identified as “Flood planning area” on the Flood Planning Map, and*
- (b) other land at or below the flood planning level.*

(3) *Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development—*

- (a) is compatible with the flood hazard of the land, and*
- (b) will not significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and*
- (c) incorporates appropriate measures to manage risk to life from flood, and*
- (d) will not significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and*
- (e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.*

(4) *A word or expression used in this clause has the same meaning as it has in the Floodplain Development Manual (ISBN 0 7347 5476 0) published by the NSW Government in April 2005, unless it is otherwise defined in this clause.*

(5) *In this clause—*

**flood planning level** *means the level of a 1:100 ARI (average recurrent interval) flood event, plus 0.5 metre freeboard.*

The Flood Planning Map identifies all the land within the LGA which is identified as flood planning area. The current parcels identified as ‘Flood Planning Area’ in the general Paddington Area are shown by red outline in **Figure 1**.

## Part 4 – Objectives of planning proposal

The objective of this planning proposal is to amend and update the Flood Planning Map in the *Woollahra LEP 2014* based on the adopted Paddington Floodplain Risk Management Study and Plan 2019.

Updating the Flood Planning map will ensure that development of flood affected properties in the Paddington area will be assessed against the provisions of *Clause 6.3 – Flood Planning* in the *Woollahra LEP 2014*.

## Part 5 – Explanation of provisions

This planning proposal seeks to amend the *Woollahra LEP 2014* to identify 837 additional properties in the Paddington area on the Flood Planning Map as recommend by the Paddington FSMSP 2019. The properties are listed individually in **Schedule 3**.

The Paddington FRMSP 2019 recommends identifying a property as a flood control lot if the flood planning area (which is equal to the 1:100 ARI flood event) extends across more than 5% of the property. This methodology is consistent with the 'NSW Floodplain Development Manual' and the approaches adopted by other Sydney Metropolitan Councils to identify flood control lots.

## Part 6 – Justification

In accordance with the Department of Planning and Environment's 'Guide to Preparing Planning Proposals', this part discusses:

- The need for the planning proposal
- Compliance with the strategic planning framework
- Environmental, social and economic impacts
- State and Commonwealth interest.

The key reason for amending the *Woollahra LEP 2014* is to identify flood control lots, to ensure that new development is compatible with potential flood hazards, and to manage risk from flooding.

These matters are discussed below in part 6.1 to 6.3.

### 6.1. Need for planning proposal

#### 1. Is the planning proposal a result of any strategic study or report?

Yes. The planning proposal is the result of recommendations from the *Draft Paddington Floodplain Risk Management Study and Plan 2019* (Paddington FRMSP 2019) prepared by Catchment Simulation Solutions.

The Paddington FRMSP 2019 identified 837 properties across Paddington, Edgecliff and Woollahra to be included in the flood planning area in addition to those already identified on the *Woollahra LEP 2014* Flood Planning Map.

The Paddington FRMSP 2019 noted that previous flood studies in this area did not consider overland flooding and consequently the properties subject to this planning proposal are not currently identified as part of a flood planning area.

**2. Is the planning proposal the best means of achieving the objectives, or is there a better way?**

Yes. A planning proposal is the best and only means of ensuring that development on the identified site will be identified on the Flood Planning Map and be assessed under *Clause 6.3 – Flood Planning* in the *Woollahra LEP 2014*. This Clause ensures that development on land affected by flood risk:

- (a) is compatible with the flood hazard of the land, and*
- (b) will not significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and*
- (c) incorporates appropriate measures to manage risk to life from flood, and*
- (d) will not significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and*
- (e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.*

The amendments sought by this planning proposal will ensure the most up-to-date flooding information is publicly accessible and that development on the subject sites is compatible with the land's flood affectation.

**6.2. Relationship to strategic planning framework**

**3. Is the planning proposal consistent with the objectives and actions contained within the applicable regional, subregional strategy or district plan or strategy (including exhibited draft plans or strategies)?**

Yes. The planning proposal is broadly consistent with the relevant objectives, priorities and actions of the applicable regional and district plans, being the:

- *Greater Sydney Region Plan: A Metropolis of Three Cities* (2018)
- *Eastern City District Plan* (2018)

The planning proposal will provide the community with a greater amount of information relating to potential flood risk and ensure that development is assessed under the relevant flood planning controls in the *Woollahra LEP 2014*.

***Greater Sydney Regional Plan: A Metropolis of Three Cities***

'*A Metropolis of Three Cities*' is the Greater Sydney Commission's 40-year vision for Greater Sydney. It is the regional strategic plan that will guide growth and change to meet the needs of Sydney's growing population.

This planning proposal is broadly consistent with the directions and objectives of '*A Metropolis of Three Cities*'. It aligns in particular with Objectives 36 and 37 under the Direction: *A resilient city*:

*Objective 36: People and places adapt to climate change and future shocks and stresses*

*Objective 37: Exposure to natural and urban hazards is reduced*

'A Metropolis of Three Cities' states that to be resilient communities need:

*...social cohesion, access to economic resources, and access to quality information about hazards that may affect them and their property. (p. 177)*

The planning proposal will provide the community with a greater amount of information relating to potential flood risk and ensure that development is assessed under the relevant Flood planning controls under the *Woollahra LEP 2014*.

The actions and planning principles set out in the District Plans seek to ensure that all councils implement 'A Metropolis of Three Cities'. Woollahra is located in the Eastern City District.

### **Eastern City District Plan**

The *Eastern City District Plan* is the Greater Sydney Commission 20-year plan to manage growth in the context of economic, social and environmental matters to contribute towards the 40- year vision for Greater Sydney. It contains the planning priorities and actions for implementing the 'A Metropolis of Three Cities' at a district level and is a bridge between local and regional planning.

This planning proposal is broadly consistent with Planning Priority E20 of the *Eastern City District Plan*, which gives effect to Objectives 36, 37 and 38 of 'A Metropolis of Three Cities'. Directly relevant to the objective of the planning proposal is Action 75 that requires planning authorities to:

*Avoid locating new urban development in areas exposed to natural and urban hazards and consider options to limit the intensification of development in existing urban areas most exposed to hazards.*

This planning proposal will ensure that development of the subject sites is assessed under *Clause 6.3 - Flood Planning* of the *Woollahra LEP 2014* which requires development is compatible with the land's flood affectation and will not increase or adversely affect flood behaviour.

The planning proposal is consistent with the Eastern City District Plan.

## **4. Is the planning proposal consistent with a council's local strategy or other local strategic plan?**

Yes. The planning proposal is broadly consistent with *Woollahra 2030* (Council's Community Strategic Plan) and the *Draft Woollahra Local Strategic Planning Statement*.

### **Woollahra 2030**

The *Woollahra 2030* identifies the strategic direction and integrated planning framework for the Woollahra LGA. The community vision is that:

*Woollahra will continue be a great place to live, work and visit where places and spaces are safe, clean and well-maintained.*

*Our community will offer a unique mix of urban villages with a good range of shops, services and facilities.*

*We will make the most of the natural beauty, leafy streetscapes, open spaces, views and proximity to the water and the city.*

*We will be a harmonious, engaged and connected community that looks out for each other. (p. 6)*

This planning proposal is aligned with Goal 5 of *Woollahra 2030* under the theme of 'Quality places and spaces':

**Goal 5: Liveable places**

*5.6. Reduce impacts of local flooding and improve floodplain risk management.*

The planning proposal will ensure that development of the subject sites is assessed under *Clause 6.3 Flood Planning* of the *Woollahra LEP 2014* which requires development is compatible with the land's flood affectation and will not increase or adversely affect flood behaviour.

The planning proposal is broadly consistent with *Woollahra 2030*.

**Draft Woollahra Local Strategic Planning Statement**

The *Draft Woollahra Local Strategic Planning Statement Plan* is Council's 20-year land use vision for the local area. It contains the planning priorities, strategies and actions for implementing our 20-year vision as well as the *Eastern City District Plan*, linking local strategic planning to regional planning for Greater Sydney.

The planning proposal relates in particular to Planning Priority 14 under the theme of 'Sustainability':

**Planning Priority 14**

*Planning for urban resilience so we adapt and thrive despite urban and natural hazards, stressors and shocks.*

The vision for this planning priority states that:

*Development and infrastructure is strategically managed and designed for resilience. Development intensification is limited in areas most exposed to hazards such as flooding, extreme weather events, and climate change." (p.54).*

The planning proposal will ensure that development of the subject sites is assessed under *Clause 6.3 - Flood Planning* of the *Woollahra LEP 2014* which requires development is compatible with the land's flood affectation and will not increase or adversely affect flood behaviour.

The planning proposal is broadly consistent with the *Draft Woollahra Local Strategic Planning Statement*.

**5. Is the planning proposal consistent with applicable State Environmental Planning Policies?**

Yes. The planning proposal is consistent with the *Standard Instrument – Principal Local Environmental Plan* and all other applicable State Environmental Planning Policies. A detailed compliance table is in **Schedule 1**.

**6. Is the planning proposal consistent with applicable Ministerial Directions (s.9.1 directions)?**

Yes. The planning proposal is consistent with applicable section 9.1 Ministerial Directions. A detailed compliance table is in **Schedule 2**.

### **6.3. Environmental, social and economic impact**

#### **7. Is there any likelihood that critical habitat or threatened species, populations or ecological communities, or their habitats, will be adversely affected as a result of the proposal?**

No. The proposal seeks to amend the Flood Planning Map in the *Woollahra LEP 2014* to apply to land in a land developed for residential uses. Council records show that there are no critical habitat areas, threatened species, populations or ecological communities, or their habitats present on the subject land.

The planning proposal will not adversely affect critical habitat, threatened species, populations or ecological communities or their habitats.

#### **8. Are there any other likely environmental effects as a result of the planning proposal and how are they proposed to be managed?**

No. The planning proposal will not reduce provisions in *Woollahra LEP 2014* for the protection of environmentally sensitive areas in the Woollahra LGA or affect the application of the *SREP (Sydney Harbour Catchment) 2005*. Other environmental effects that might arise through the redevelopment of the sites would be identified through the development application process. Good design and conditions of consent will limit these effects.

The planning proposal seeks to implement the recommendations of the Paddington FRMSP 2019. Identifying the subject sites on the Flood Planning Map will require applicable development to be considered against *Clause 6.3 – Flood Planning* of the *Woollahra LEP 2014*. This will ensure that environmental risk from overland flooding for these properties will be managed through the development assessment process.

The planning proposal is unlikely to result in any adverse environmental effects.

#### **9. Has the planning proposal adequately addressed any social and economic effects?**

Yes. The planning proposal and the Paddington FPRMSP 2019 have adequately addressed social and economic effects.

As discussed in Part 8.1 below, the community consultation with landowners, businesses and residents was undertaken during the preparation of the Paddington FRMSP 2019. The flood study considered the demographic characteristics of the applicable study area in Section 2.5. This informs the flood education measures and evacuation strategies recommended in Section 7.2.3 and Section 7.2 respectively.

Additionally, the community will have the opportunity to present their ideas on the planning proposal through written submissions during public exhibition.

Identifying the subject sites on the Flood Planning Map will require applicable development to be considered against *Clause 6.3 – Flood Planning* of the *Woollahra LEP 2014*. This will ensure that environmental risk from overland flooding for these properties will be managed through the development assessment process.

The improved resilience and safety outcomes of the planning proposal outweigh any potential social or economic effects.

#### 6.4. State and Commonwealth interests

##### 10. Is there adequate public infrastructure for the planning proposal?

Yes. The planning proposal involves the addition of 837 properties to the Flood Planning Map in the *Woollahra LEP 2014*.

There is no significant infrastructure demand that will result from the planning proposal. The existing services that are available to the site are suitable for the proposal and its requirements.

##### 11. What are the views of State and Commonwealth public authorities consulted in accordance with the gateway determination?

Consultation with State and Commonwealth public authorities will be undertaken in accordance with the conditions of the Gateway Determination. It is expected that these authorities will include:

- Sydney Water
- Environment, Energy and Science Group (Department of Planning, Industry and Environment)
- Heritage NSW (Department of Premier and Cabinet)

## Part 7 – Mapping

The planning proposal amends the Woollahra LEP 2014 Flood Planning Map, sheets:

- FLD\_001
- FLD\_003

## Part 8 – Community consultation

### 8.1. Consultation with landowners

Community consultation was undertaken in the preparation of the Paddington FRMSP 2019, including:

- A dedicated website, which is publicly accessible. The website address is: <http://paddington.floodstudy.com.au/>
- A community questionnaire and information brochure sent to property owners, businesses and residents
- Public exhibition of the Draft Study from 20 June 2018 to 27 July 2018
- Questionnaires to property owners, businesses and residents to consult further on issues identified during the public exhibition
- A community briefing at the Woollahra Library in May 2019.

More details of the community consultation are contained in Section 2.5 of the Paddington FRMSP 2019.

### 8.2. Public exhibition

Public exhibition will be undertaken in accordance with the requirements of the EP&A Act, the *Environmental Planning and Assessment Regulation 2000*, the Department of Planning Industry and Environment's 'Guide to Preparing Local Environmental Plans' and the conditions of the Gateway Determination.

Additionally, it is likely that the *Draft Woollahra Community Participation Plan* (September 2019) will be in effect at the time of public exhibition. The public exhibition will be undertaken in accordance with the objectives, principles and requirements of this plan.

The Act requires a minimum public exhibition period of 28 days unless otherwise specified in the Gateway Determination. This is consistent with Council's standard practice for the exhibition of a planning proposal of this type. Accordingly, we recommend that the planning proposal is exhibited for a minimum of 28 days.

Public notification of the exhibition will comprise:

- a weekly notice in the local newspaper (the Wentworth Courier) for the duration of the exhibition period.
- a letter to the land owners of the affected sites
- local community groups such as the Paddington Society

During the exhibition period the following material will be available on Council's Your Say consultation platform and in the customer service area at Woollahra Council offices:

- the planning proposal, in the form approved by the gateway determination
- a copy of the gateway determination
- Information relied upon by the planning proposal such as relevant Council reports, a copy of the Paddington FRMSP 2019, the Department of Planning, Industry and Environment's 'Guide to Preparing Local Environmental Plans' and a copy of the *Woollahra LEP 2014*.

## Part 9 – Project timeline

As Council is authorised to exercise the functions of the Minister for Planning under section 3.36 of the *Environmental Planning and Assessment Act 1979*, the proposed timeline for completion is as follows:

| Plan-making step                                                                                                     | Estimated completion  |
|----------------------------------------------------------------------------------------------------------------------|-----------------------|
| Paddington FRMSP 2019 adopted by Council                                                                             | 9 September 2019      |
| Environmental Planning Committee recommends proceeding                                                               | 28 October 2019       |
| Council resolution to proceed                                                                                        | 11 November 2019      |
| Referral to the Woollahra Local Planning Panel for advice                                                            | 5 December 2019       |
| Advice of the Woollahra Local Planning Panel for advice reported to the Environmental Planning Committee             | February 2020         |
| Council resolution to proceed                                                                                        | February 2020         |
| Gateway determination                                                                                                | April 2020            |
| Completion of technical assessment                                                                                   | Usually none required |
| Government agency consultation                                                                                       | May 2020              |
| Public exhibition period                                                                                             | May 2020              |
| Submissions assessment                                                                                               | June 2020             |
| Environmental Planning Committee considers assessment of planning proposal post exhibition                           | July 2020             |
| Council decision to make the LEP amendment                                                                           | July 2020             |
| Council to liaise with Parliamentary Counsel to prepare LEP amendment                                                | August 2020           |
| Forwarding of LEP amendment to Greater Sydney Commission and Department of Planning and Environment for notification | September 2020        |
| Notification of the approved LEP                                                                                     | October 2020          |

## Schedules

### Schedule 1 – Consistency with state environmental planning policies

| State environmental planning policy              | Comment on consistency                                                                                                              |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| SEPP No 1 – Development Standards                | Not applicable. Exceptions to development standards are considered under Clause 4.6 of the <i>Woollahra LEP 2014</i> .              |
| SEPP No 19 – Bushland in Urban Areas             | Applicable<br><br>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy. |
| SEPP No 21 – Caravan Parks                       | Applicable<br><br>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy. |

| SEPP No 36 – Manufactured Home Estates           | Not applicable                                                                                                                      |
| SEPP No 44 – Koala Habitat Protection            | Not applicable                                                                                                                      |
| SEPP No 47 – Moore Park Showground               | Not applicable                                                                                                                      |
| SEPP No 50 – Canal Estate Development            | Applicable<br><br>Consistent. The planning proposal does not relate to a canal estate.                                              |
| SEPP No 55 – Remediation of Land                 | Applicable<br><br>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy. |
| SEPP No 64 – Advertising and Signage             | Applicable<br><br>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy. |

| State environmental planning policy                              | Comment on consistency                                                                                                                                                                                                                                                                                                                                                          |
|------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| SEPP No 65 – Design Quality of Residential Apartment Development | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p>                                                                                                                                                                                                                                      |
| SEPP No 70 – Affordable Housing (Revised Schemes)                | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p> <p>It is noted that complying development under this SEPP will need additional information to be provided by a Hydraulic Engineer to consider the appropriateness of the proposed development on land identified as flood prone.</p> |
| SEPP (Aboriginal Land) 2019                                      | Not applicable.                                                                                                                                                                                                                                                                                                                                                                 |
| SEPP (Affordable Rental Housing) 2009                            | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p>                                                                                                                                                                                                                                      |
| SEPP (Building Sustainability Index: BASIX) 2004                 | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p>                                                                                                                                                                                                                                      |
| SEPP (Coastal Management) 2018                                   | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p>                                                                                                                                                                                                                                      |
| SEPP (Concurrences) 2018                                         | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p>                                                                                                                                                                                                                                      |
| SEPP (Educational Establishments and Child Care Facilities) 2017 | <p>Applicable</p> <p>Consistent. The planning proposal does not contain a provision which is contrary to the operation of this policy.</p> <p>It is noted that development under this SEPP is required to address the standards and conditions that apply to certain types of development on flood control lots.</p>                                                            |

| State environmental planning policy                                | Comment on consistency                                                                                                                                                                                                                                                                                               |
|--------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| SEPP (Exempt and Complying Development Codes) 2008                 | <p>Applicable</p> <p>Consistent. The planning proposal will not reduce provision in <i>Woollahra LEP 2014</i> for the protection of environmentally sensitive areas in the Woollahra LGA or affect the application of SREPs for the Sydney Harbour Catchment Area.</p> <p>The planning proposal is broadly consistent with the direction.</p>                                                                                                                                                                                                                                                                                                  |
| 2.2                                                           | Coastal protection              | Not applicable. The planning proposal does not apply to land within the coastal zone.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 2.3                                                           | Heritage conservation           | <p>Applicable. Consistent. The planning proposal will not reduce provision in <i>Woollahra LEP 2014</i> for heritage conservation in the Woollahra LGA or the Sydney Harbour Catchment Area.</p> <p>The identification of 837 additional properties on the <i>Woollahra LEP 2014</i> Flood Planning Map will ensure that development is compatible with the land's flood affectation and will not increase or adversely affect flood behaviour. The development assessment process will ensure that design solutions relating to flood risk suitably address the conservation of the Paddington Heritage Conservation Areas.</p> |
