Petition to Support & Complete Planning Proposal

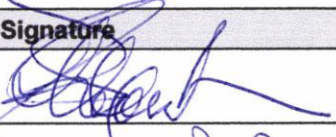

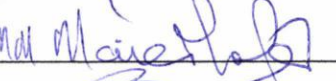

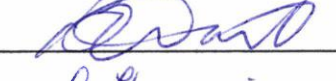

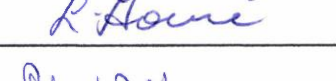

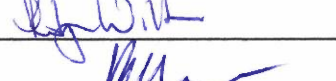

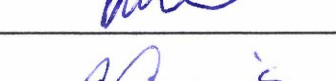

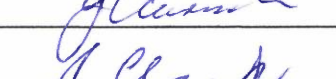

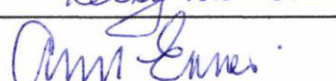

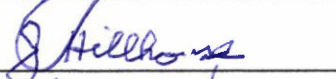

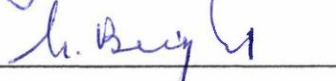

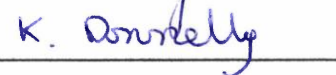

Petition summary and background	A planning proposal has been lodged with Port Stephens Council for the rezoning of land at 42 Fullerton Cove Road, Fullerton Cove, to enable a neighbourhood supermarket and shops to be permissible on the land. Once completed a development application can be lodged for the development of the site to provide retail services that needed and wanted by the community. The supermarket will fill an existing need that will not affect the viability of a larger commercial centre in the future.
Action petitioned for	We, the undersigned, are concerned citizens who urge our leaders to act now to review and proceed with the current planning proposal to provide us with a supermarket we need now.
