Part 1 – Objectives

Bega Valley Shire Council is currently undertaking a Rural Living Strategy to review the current and future trends and provide a clear direction for the planning and development of our rural catchments and villages for the next 25 years.

The Strategy has raised the issue pertaining to Clause 4.2A Subclause (4) commonly referred to as the 'Grandfather' or 'Sunset' Clause in relation to land identified as an existing holding.

The 'Sunset' clause is due to expire on the sixth anniversary of the commencement of Bega Valley Local Environmental Plan 2013 (BVLEP 2013), effectively 2 August 2018. Once expired, the provision for the permissibility of a dwelling on land identified as an existing holding will cease to exist.

This planning proposal seeks to introduce a Dwelling Entitlements (Existing Holdings) Map set and amend Clause 4.2A to preserve a dwelling entitlement on land identified as an existing holding.

Part 2 – Explanation of the Provisions

To achieve the objective outlined in Part 1, this planning proposal seeks to:

- Introduce a Dwelling Entitlements (Existing Holdings) Map set
- Amend Clause 4.2A(3)(d), delete Clause 4.2A(4) and renumber Clauses 4.2A (5) and (6) accordingly

Extensive research has been undertaken to establish the remaining vacant intact Existing Holdings within the Shire. Staff have established there are a total of 309 vacant intact Existing Holdings throughout the Shire, approximately half of which are unlikely to be developed due to topographical, environmental or access constraints, or are currently owned by National Parks, State NSW or State Forest. The introduction of an Dwelling Entitlements (Existing Holdings) Map set will preserve the dwelling entitlements of these mapped holdings in conjunction with the amended Clause 4.2A of Bega Valley Local Environmental Plan 2013 (BV LEP 2013).

Clause 4.2A Erection of dwelling houses on land in certain rural, residential and environmental protection zones

Bega Valley LEP 2013 allows the development of a dwelling house on rural, residential or environmentally protected land subject to the following:

(3) Development consent must not be granted for the erection of a dwelling house on land to which this clause applies, and on which no dwelling house has been erected, unless the land:

- (a) is a lot that is at least the minimum lot size shown on the Lot Size Map in relation to that land, or
- (b) is a lot created under an environmental planning instrument before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or
- (c) is a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or
- (d) is an existing holding, or
- (e) would have been a holding referred to in paragraph (a), (b), (c) or (d) had it not been affected by:
 - (i) a minor realignment of its boundaries that did not create an additional lot, or
 - (ii) a subdivision creating or widening a public road or public reserve or for another public purpose.

(4) Land ceases to be an existing holding for the purposes of subclause (3) (d) if an application for development consent referred to in that subclause is not made in relation to that land before 5 years after the commencement of Bega Valley Local Environmental Plan 2013.

(5) Development consent may be granted for the erection of a dwelling house on land to which this clause applies if there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house.

(6) In this clause:

existing holding means land that:

(a) was a holding on 7 January 1966, and

(b) is a holding at the time the application for development consent referred to in subclause (3) is lodged, whether or not there has been a change in the ownership of the holding since 7 January 1966.

holding means all adjoining land, even if separated by a road or railway, held by the same person or persons.

This planning proposal seeks to amend Clause 4.2A in the following manner:

(3) Development consent must not be granted for the erection of a dwelling house on land to which this clause applies, and on which no dwelling house has been erected, unless the land:

(a) is a lot that is at least the minimum lot size shown on the Lot Size Map in relation to that land, or

(b) is a lot created under an environmental planning instrument before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or

(c) is a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or

(d) is an existing holding shown on the Dwelling Entitlements (Existing Holdings) Map in relation to that land, or

(e) would have been a holding referred to in paragraph (a), (b), (c) or (d) had it not been affected by:

(i) a minor realignment of its boundaries that did not create an additional lot, or

(ii) a subdivision creating or widening a public road or public reserve or for another public purpose.

(4) Development consent may be granted for the erection of a dwelling house on land to which this clause applies if there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house.

(5) In this clause:

existing holding means land that:

(a) was a holding on 7 January 1966, and

(b) is a holding at the time the application for development consent referred to in subclause (3) is lodged, whether or not there has been a change in the ownership of the holding since 7 January 1966.

holding means all adjoining land, even if separated by a road or railway, held by the same person or persons.

Part 3 – Justification

This planning proposal recommends amendments to Clause 4.2A and the introduction of a Dwelling Entitlements (Existing Holdings) Map.

3.1 Need for the Planning Proposal

Bega Valley Shire Council has expressed an explicit desire to retain the dwelling entitlements previously provided in perpetuity by the Bega Valley LEP 2002. The provisions of Clause 17 of BVLEP 2002 permitted the development of a rural dwelling on an allotment that was created for the purposes of a dwelling, that was a minimum of 120 hectares in the 1 (a) Rural General zone, on land that was identified as an existing holding and that land was not an existing holding that satisfied a specific criteria. There was no expiry applied to these provisions.

At the time of conversion from the BVLEP 2002 to the BVLEP 2013 these provisions were included; however, a 'Sunset' clause was added. Clause 4.2A(4) expires 5 years after the commencement of Bega Valley Local Environmental Plan 2013, being 2 August 2018.

It is considered that the planning proposal is the most appropriate means of achieving the intended objectives and outcomes.

3.2 Strategic Planning Framework

The planning proposal is consistent with the aims and objectives of current strategic documents that are relevant to Bega Valley Shire Council and its community.

3.2.1 Community Strategic Plan 2017-2021

To apply Goal 5: Our air and water is pristine and our natural environment and rural landscapes are protected this plan should ensure land use planning and resource use protects the quality of the natural environment, the existing character of rural landscapes and the high value agricultural land.

To apply Goal 8: Our places retain their character and scale, development is well planned, and a range of goods and services are available with our Shire that meet local needs, this plan should provide infrastructure and services to meet the ranging needs of residents in our towns, villages and rural areas and encourage and support local identity, heritage and character in our towns, villages and rural areas.

This proposal is consistent with these objectives as it provides opportunities for future farming enterprise, land management and farm succession which contribute to the social and economic welfare of rural communities.

3.2.2 Draft Rural Living Strategy 2017

The draft strategy identifies that:-

- approximately 300 intact vacant existing holdings remain
- 125 are potentially unsuitable for the development of dwelling houses
- 49 existing holdings are in public ownership (largely NPWS or State Forests or other State of NSW land)
- 39 have a dwelling entitlement under alternative provisions of BVLEP 2013

- A further 109 existing holdings currently have dwelling entitlements, however these entitlements expire on 2nd August 2018, if no development application is applied for.

3.2.3 South East and Tablelands Regional Plan 2036

- To apply Direction 5: Promote agricultural innovation, sustainability and value-add opportunities this plan should encourage value-add agricultural opportunities through flexible planning provisions in local strategies and local environmental plans.
- To apply Direction 8: Protect important agricultural land this plan should protect identified important agricultural land from land use conflict and fragmentation and manage the interface between important agricultural land and other land uses through local environmental plans.
- To apply Direction 28: Manage rural lifestyles this plan should enable new rural residential development only where it has been identified in a local housing strategy prepared by council and approved by the Department of Planning and Environment.

3.3 Environmental, Social & Economic Impact

3.3.1 Environmental Impact

No adverse environmental impact would result from the planning proposal.

3.3.2 Social Impact

Any social impact would be positive as it allows rural landholders the continuation of their existing dwelling entitlement.

3.3.3 Economic Impact

The retainment of dwelling permissibility on existing holdings has the potential to assist and support with the day to day operations of individual enterprises. This would be achieved by management of the enterprise being present and on site at all times.

3.3.4 State and Commonwealth Interests

There are no known inconsistencies or issues of State or Federal significance.

3.4 S117 DIRECTIONS

A response to the relevant S.117 Ministerial Directions is found at Table 1.

S.117 Direction Applying		Response
1	1.2 Rural Zones	The objective of this direction is to protect the agricultural production value of rural land. The proposal is consistent with this Direction as it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4) which provides opportunities for future farming enterprise, land management and farm succession.
	1.4 Oyster Aquaculture	The objectives of this direction are: (a) to ensure that Priority Oyster Aquaculture Areas and oyster aquaculture outside such an area are adequately considered when preparing a planning proposal, (b) to protect Priority Oyster Aquaculture Areas and oyster aquaculture outside such an area from land uses that may result in adverse impacts on water quality and consequently, on the health of oysters and oyster consumers. The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit in terms of environmental considerations.
	1.5 Rural Lands	This proposal is consistent with the objectives of this Direction and the Planning Principles of the State Environmental Planning Policy (Rural Lands) 2008 as it provides opportunities for rural lifestyle, settlement and housing that contribute to the social and economic welfare of rural communities.
2	2.1 Environmental Protection Zones	The objective of this direction is to protect and conserve environmentally sensitive areas. The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit in terms of environmental considerations.
	2.2 Coastal Protection	The objective of this direction is to implement the principles in the NSW Coastal Policy. The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit.
	2.3 Heritage Conservation	The objective of this direction is to conserve items, areas, objects and places of environmental heritage significance and indigenous heritage significance. The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit.
3	3.1 Residential Zones	The objectives of this direction are: (a) to encourage a variety and choice of housing types to provide for existing and future housing needs, (b) to make efficient use of existing infrastructure and services and ensure that new housing has appropriate access to infrastructure and services,

		<p>and</p> <p>(c) to minimise the impact of residential development on the environment and resource lands.</p> <p>This proposal is consistent with the objectives of the Direction as it provides opportunities for rural lifestyle, settlement and housing that contribute to the social and economic welfare of rural communities.</p>
4	4.1 Acid Sulfate Soils	<p>The objective of this direction is to avoid significant adverse environmental impacts from the use of land that has a probability of containing acid sulfate soils. The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit in terms of environmental considerations.</p>
	4.3 Flood Prone Land	<p>The objectives of this direction are:</p> <p>(a) to ensure that development of flood prone land is consistent with the NSW Government's Flood Prone Land Policy and the principles of the Floodplain Development Manual 2005, and</p> <p>(b) to ensure that the provisions of an LEP on flood prone land is commensurate with flood hazard and includes consideration of the potential flood impacts both on and off the subject land.</p> <p>The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit in terms of flooding considerations.</p>
	4.4 Planning for Bushfire Protection	<p>The objectives of this direction are:</p> <p>(a) to protect life, property and the environment from bush fire hazards, by discouraging the establishment of incompatible land uses in bush fire prone areas, and</p> <p>(b) to encourage sound management of bush fire prone areas.</p> <p>The proposal is consistent with this Direction as although it provides dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4), any future development application will be assessed on merit in terms of bushfire considerations.</p>
5	5.1 Implementation of Regional Strategies	<p>See Section 3.2.3 South East and Tablelands Regional Plan 2036</p>
6	6.1 Approval and Referral Requirements	<p>The objective of this direction is to ensure that LEP provisions encourage the efficient and appropriate assessment of development. The proposal is consistent with this Direction as it provides mapping showing dwelling entitlements on land identified as existing holdings after the expiry date of 2 August 2018 of Clause 4.2A(4) which makes the assessment process more efficient by reducing the time required for research of dwelling entitlement.</p>

Table 1: S.117 Responses

Part 4 – Mapping

Mapping details for the proposed amendments to the BVLEP 2013 are attached as follows:

Introduction of a **Dwelling Entitlements (Existing Holdings) Map** set.

A list of affected properties can be found in Attachment 2.

Part 5 – Community Consultation

The Gateway Determination will confirm community consultation requirements. It is likely that the Proposal will be exhibited for a period of not less than 28 days.

Public exhibition of the planning proposal will include notification on the Bega Valley Shire Council website, notification in the newspapers that circulate widely in the area (Bega District News, Eden Magnet and Merimbula News Weekly) and in writing to affected landowners.

Information relating to the planning proposal will also be on display at the following Bega Valley Shire Council customer service centres:

Place	Address
Bega Civic Centre	Zingel Place, Bega
Tura Marrang Library	Tura Marrang Library, Tura Beach Drive, Tura Beach
Eden Library	Cnr Imlay and Mitchell St, Eden
Bermagui Library	Bunga St, Bermagui

Part 6 – Timeline

The Project Timeline will assist with tracking the progress of the planning proposal through the various stages of consultation and approval. It is estimated that this amendment to *Bega Valley Local Environmental Plan 2013* will be completed by August 2018.

Council requests delegation to carry out certain plan-making functions in relation to this proposal. Delegation would be exercised by Council's General Manager or Director of Planning and Environmental Services.

Table A: Approximate Project Timeline

Key Stages of Consultation and Approval	Estimated Timeframe
STAGE 1 – Submit planning proposal to the Department	December 2017
STAGE 2 – Receive Gateway Determination	January 2018
STAGE 3 – Preparation of documentation for Public Exhibition	January 2018
STAGE 4 – Public Exhibition of the planning proposal	February 2018
STAGE 5 – Review/consideration of submissions received	March 2018
STAGE 6 – Council Report	April 2018
STAGE 7 – Meetings	April 2018
STAGE 8 – Forward planning proposal to Department of Planning and Infrastructure with request amendment is made	May 2018
STAGE 9 – Date Council will make the Plan (if delegated), including any required consultation with the Parliamentary Counsel	June 2018
STAGE 10 – Anticipated date Council will forward Plan to the Department for notification	July 2018

Attachment 1: Council Report and Resolution

9.2. Planning Proposal - Existing Holdings Amend Clause 4.2A BVLEP 2013

This planning proposal seeks to introduce an Existing Holdings Map and amend Clause 4.2A of Bega Valley Local Environmental Plan 2013 to preserve a dwelling entitlement on land identified as a vacant existing holding.

Acting Director Planning and Environment

Background

Currently under clause 4.2A of Bega Valley Local Environmental Plan 2013 (BVLEP 2013) a dwelling-house is permitted on land identified as an existing holding subject to obtaining development consent. An existing holding is defined as all adjoining land held in one ownership at 7 January 1966.

However clause 4.2A (4) of BVLEP 2013 states that land ceases to be an existing holding if development consent for a dwelling-house is not issued within 5 years of the date of gazettal of the Plan. BVLEP 2013 was gazetted on 2 August 2013 and therefore the clause will take effect on 2 August 2018. Essentially after this date dwelling-house entitlements that had not received consent would be lost.

As part of the preparation of the draft Rural Living Strategy staff have identified the remaining vacant existing holdings within the Shire. It should be noted that Council received funding from the Department of Planning as part of the Plan First fund to assist with this research.

Initial discussions have been undertaken with the Department of Planning regarding the preservation of existing holding entitlements and it is proposed to include an existing holdings map as part of BVLEP 2013 in conjunction with a new clause that would provide for the erection of a dwelling-house on land mapped as an existing-holding.

It should be noted that existing holdings with existing dwelling-houses would have the benefit of existing use rights under the provisions of the Environmental Planning and Assessment Act 1979.

Clause 4.2A Erection of dwelling houses on land in certain rural, residential and environmental protection zones

Clause 4.2A of BVLEP 2013 allows the development of a dwelling house on rural, residential or environmentally protected land subject to the following:

- (3) *Development Consent must not be granted for the erection of a dwelling house on land to which this clause applies, and on which no dwelling house has been erected, unless the land:*
- (a) *is a lot that is at least the minimum lot size shown on the Lot Size Map in relation to that land, or*
 - (b) *is a lot created under an environmental planning instrument before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or*
 - (c) *is a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or*

- (d) *is an existing holding, or*
- (e) *would have been a holding referred to in paragraph (a), (b), (c) or (d) had it not been affected by:*
 - (i) *a minor realignment of its boundaries that did not create an additional lot, or*
 - (ii) *a subdivision creating or widening a public road or public reserve or for another public purpose.*

50 (4) *Land ceases to be an existing holding for the purposes of subclause (3) (d) if an application for development consent referred to in that subclause is not made in relation to that land before 5 years after the commencement of Bega Valley Local Environmental Plan 2013.*

(5) *Development consent may be granted for the erection of a dwelling house on land to which this clause applies if there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house.*

(6) *In this clause:*

existing holding means land that:

- (a) *was a holding on 7 January 1966, and*
- 60 (b) *is a holding at the time the application for development consent referred to in subclause (3) is lodged,*

whether or not there has been a change in the ownership of the holding since 7 January 1966.

holding means all adjoining land, even if separated by a road or railway, held by the same person or persons.

Proposed amendments to Clause 4.2A

It is proposed to emend the clause to introduce an existing holdings map, delete subclause (4) and the 5 year limitation and introduce a new subclause that permits a dwelling-house on land mapped as an existing-holding subject to development consent.

70 The following amendments to the clause are recommended;

Amend Clause 4.2A (3)(d) to read:

- (3) *Development consent must not be granted for the erection of a dwelling house on land to which this clause applies, and on which no dwelling house has been erected, unless the land:*
 - (d) *is an existing holding shown on the Existing Holdings Map in relation to that land, or*

Delete Clause 4.2A(4)

Renumber Clauses 4.2A(5) and (6) as follows:

80 (4) *Development consent may be granted for the erection of a dwelling house on land to which this clause applies if there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house.*

(5) *In this clause:*

existing holding *means land that:*

- (a) was a holding on 7 January 1966, and
- (b) is a holding at the time the application for development consent referred to in subclause (3) is lodged, whether or not there has been a change in the ownership of the holding since 7 January 1966.

holding means all adjoining land, even if separated by a road or railway, held by the same person or persons.

90

Conclusion

This planning proposal recommends amendments to Clause 4.2A and the introduction of an existing holdings map to preserve the dwelling-house entitlements on vacant existing holding subject to development consent. It is considered the planning proposal is the most appropriate means of achieving the intended objective and provide certainty for affected landholders.
