Katrine

Please find attached the planning proposal and attachments for our most recent package of general amendments to the LEP. These are minor in nature and have come about as a result of implementation issues identified by both Council officers and the community (apart from the new heritage items).

As outlined in the letter (attached) Council is seeking a gateway determination to progress these amendments.

Given the size of the document I will send it through in a few parts.

Please let me know if you require any additional information.

Thanks

Sue
