Instructions to users

This form is to be completed if you wish to request an independent review related to plan-making under Part 3 of the Environmental Planning and Assessment Act 1979. A review can be requested at pre-Gateway stage and following a Gateway determination. This form relates to Gateway review requests.

A Gateway review can be sought following a Gateway determination where a determination is made that:

- a) the planning proposal should not proceed:
- b) the planning proposal should be resubmitted to the Gateway; or
- c) imposes requirements (other than consultation requirements) or makes variations to the proposal that the proponent or council thinks should be reconsidered.

Note: With reference to point 'c' above, a request to review a Gateway determination can only be made prior to the commencement of community consultation on the planning proposal.

Note: Gateway reviews can only be sought if the original Gateway determination was made by a delegate of the Minister.

Before lodging a request for review, it is recommended that you consult the Planning Circular 'Delegations and independent reviews of plan-making decisions' and 'A guide to preparing local environmental plans', which can be found on the department's website www.planning.nsw.gov.au. The guide gives a step-by-step explanation of the review procedure and necessary requirements.

To ensure that your request for review is accepted, you must:

- complete all relevant parts of this form
- submit all relevant information required by this
- provide one hard copy of this form and required documentation
- provide the form and documentation in electronic format (e.g. CD-ROM)

Note: The department may request further information if your request for review is incomplete or inadequate.

A fee is not charged for a Gateway determination review.

All requests must be lodged with the department's relevant Regional Office. Please refer to www.planning.nsw.gov.au for contact details.
