IP1115 Item 2 REVISED PLANNING PROPOSAL FOR THE VICTORIA ROAD PRECINCT

Public speakers: Jon Farry, Tanya Grayson, Eva Johnstone, Susie Danias, David Tierney and Sean Macken

Motion: (Macri/Tyler)

That Council:

1. advises the Department of Planning and Environment that it supports the Revised Victoria Road Planning Proposal as originally submitted by JBA Urban Planning Consultants on the 7th of August 2015 and that it be submitted along with the Planning Officers Report to the Department for Gateway determination;
2. notes that Council does not support the following changes by Planning Officers to modify the proposed Masterplan for the rezoning of the Victoria Rd Precinct to:
 - change the proposed residential zonings in Sub Precinct 1 to B7 Business Park and Sub Precinct 2 Wicks Park back to the General Industrial zoning IN1;
 - change the proposed B5 business zoning changes of Blocks F, I, J, & H and the Special use zoning of Block G in Sub Precinct 3 by retaining the General Industrial zoning IN1;
 - change the proposed B5 zoning on the south eastern side of Victoria Road by retaining the IN1 Industrial zoning despite recommending the rezoning of the street frontages on the north east side to B4 in Sub Precinct 1 and B5 in Sub Precinct 3;
 - change the proposed "Special Transitional Industrial" Zone to blocks O, Q, S, & U by retaining the General Industrial Zoning in Sub Precinct 4.

Also notes that these modifications or changes substantially alter the nature of the Proposed Masterplan before it can be assessed for strategic merit.

3. because the 90 day assessment period for the Gateway proposal is ending Council submit the gateway application no later than 17 November (2 Weeks); and
4. notes that this recommendation is consistent with Council's previous resolutions dating back to May 1st 2012 to adopt revised planning controls in the MLEP 2012 for the Victoria Road Precinct and that these changes do have merit.
