Planning Proposal to amend Canterbury LEP 2012 to include a provision to permit the subdivision of a dual occupancy

2012 to introduce a provision to permit the subdivision of dual occupancy developments to a minimum allotment size of 300m2 for each dwelling. This statement of objectives is considered adequate.

Explanation of provisions provided - s55(2)(b)

Is an explanation of provisions provided? Yes

Comment :

Historically, Canterbury DCP 14 contained provisions for a minimum subdivision lot size for pre-existing dual occupancy developments. The Standard Instrument LEP template dictates that land subdivision provisions are now to be contained in the LEP. The Canterbury LEP 2012 currently provides minimum allotment sizes for the subdivision of land as well as providing a minimum allotment size for new dual occupancy development. However, there are no figures for the subdivision of completed dual occupancy developments. This was an unintentional omission by Council.

Council has explained that the provision will allow for completed dual occupancy to be subdivided. Council's explanation is considered acceptable.

Justification - s55 (2)(c)

a) Has Council's strategy been agreed to by the Director General? No

b) S.117 directions identified by RPA : 3.1 Residential Zones

* May need the Director General's agreement

Is the Director General's agreement required? No

c) Consistent with Standard Instrument (LEPs) Order 2006 : No

d) Which SEPPs have the RPA identified?

e) List any otherCouncil advised that the planning proposal is not inconsistent with any applicable s.117matters that need to
be considered :Directions or State Environmental Planning Policies.

Have inconsistencies with items a), b) and d) being adequately justified? Yes

If No, explain :

Council has stated that the proposal is consistent with s.117 Directions 3.1 Residential Zones. The Department has also identified that the Planning Proposal is consistent with direction 7.1 Implementation of the Metropolitan Plan for Sydney 2036.

It is agreed with Council that the proposal is not inconsistent with any s.117 Directions or SEPPs.

Mapping Provided - s55(2)(d)

Is mapping provided? No

Comment:

No mapping required, as the change will apply to the entire LGA.

Community consultation - s55(2)(e)

Has community consultation been proposed? Yes

Comment: This planning proposal is to be exhibited in accordance with the Gateway Determination once issued by the Minister for Planning and Infrastructure. The Gateway determination should require a public exhibition for a period of no less then 14 days.

Council will consult with relevant NSW agencies and authorities and other organisations undertaken in accordance with the Gateway determination.

Council's proposed approach is supported.

Additional Director General's requirements

Are there any additional Director General's requirements? No

If Yes, reasons :

Overall adequacy of the proposal

Does the proposal meet the adequacy criteria? Yes

If No, comment :

Proposal Assessment

Principal LEP:

Due Date : December 2012

| Comments in | Canterbury LEP 2012 was notified in December 2012. |
|-----------------------|--|
| relation to Principal | |
| LEP : | |

Assessment Criteria

| Need for planning proposal : | Provisions for the subdivision of land, including dual occupancy developments, have been contained in Canterbury DCP 14. The new Standard Instrument LEP template required these provisions to be contained in the LEP. | | |
|---|---|------------------------------------|---------|
| | The current LEP provides minimum allotment sizes for subdivision of existing blocks to 460m2 (600m2 for battleaxe lots) and also provides minimum allotment sizes for new dual occupancy developments (600m2). However, the LEP does not provide any controls for completed dual occupancy subdivisions. | | |
| | The insertion of this provision will permit the subdivision of dual occupancy development to a minimum allotment size of 300m2 for each dwelling. This will resolve inconsistencies between the LEP and the previous DCP 14. | | |
| Consistency with strategic planning framework : | The planning proposal is considered to be consistent with the Draft South Subregional Strategy, the draft Metropolitan Plan for Sydney 2031 and Council's Community Strategic Plan. | | |
| Environmental social economic impacts : | There is no likelihood of adverse environmental impacts as a result of this planning proposal. The purpose of the planning proposal is to address inconsistencies within the Canterbury LEP 2012 and DCP 14. This will improve the operation of the Canterbury LEP 2012 and DCP 14. This will improve the operation of the Canterbury LEP 2012 and provide positive social and economic outcomes for the whole community. | | |
| Assessment Proces | S | | |
| Proposal type : | Minor | Community Consultation Period : | 14 Days |
| Timeframe to make LEP : | 6 months | Delegation : | RPA |
| Public Authority Consultation - 56(2) (d) : | | | |

Planning Team Recommendation

Preparation of the planning proposal supported at this stage : Recommended with Conditions

| S.117 directions: | 3.1 Residential Zones |
|--------------------------|---|
| Additional Information : | It is recommended that: |
| | 1. The planning proposal be supported; |
| | 2. That the planning proposal be considered as routine and exhibited for a period of 14 days; |
| | 3. No consultation is required with any state agencies or public authorities; |
| | 4. A public hearing is not required; |
| | 5. The timeframe for completing the LEP is to be 6 months from the week following the date of the Gateway determination. |
| Supporting Reasons : | The planning proposal is considered to be minor in nature and seeks to resolve inconsistencies between the previous DCPs and the current LEP. The insertion of this provision will permit the subdivision of dual occupancy development, to a minimum allotment size of 300m2 for each dwelling. |
