Dear Mr Noble

Planning proposal to amend Wyong Local Environmental Plan 2013

I am writing in response to your Council's letter requesting a Gateway determination under section 56 of the *Environmental Planning and Assessment Act 1979* (the Act) in respect of the planning proposal to rezone land identified in Precinct 3A Wadalba East Land Release Area of the North Wyong Shire Structure Plan, for residential and conservation purposes.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistency with S117 Directions 1.2 Rural Zones is justified by an endorsed strategy. No further approval is required in relation to this Direction.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

Council may still need to obtain the agreement of the Department's Secretary to comply with the requirements of relevant S117 Directions. Council should ensure this occurs prior to the plan being made.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet

these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Louise Starkey of the Department's regional office to assist you. Ms Starkey can be contacted on (02) 4348 5000.

Yours sincerely

Gateway Determination

Planning proposal (Department Ref: PP_2016_CCOAS_001_00): to rezone land identified in Wadalba East Land Release Area for residential and conservation purposes.

I, the Director Regions, Hunter and Central Coast at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the *Wyong Local Environmental Plan (LEP) 2013* to rezone land identified in Precinct 3A Wadalba East Land Release Area of the North Wyong Shire Structure Plan, for residential and conservation purposes should proceed subject to the following conditions:

1. Prior to undertaking public exhibition, Council is to update the planning proposal to:
 - Include discussion and justification for the proposed SP2 Infrastructure zone, giving consideration to LEP Practice Note PN10-001 'Zoning for Infrastructure in LEPs' and of the suitability of applying adjoining existing or proposed zones, being RE1 Public Recreation or R2 Low Density Residential;
 - Identify the land as Urban Release Area on the Wyong LEP 2013 Urban Release Area Map;
 - Update the proposed maps subject to the further investigation above, ensuring maps are provided at an appropriate scale and size to clearly identify the proposed land zoning, urban release area, and minimum lot size; and
 - Include consideration of the Central Coast Regional Plan, given its recent release in October 2016.
2. Council is to update the planning proposal to include sufficient additional information to adequately demonstrate consistency following consultation or to justify any inconsistency with the below S117 Directions and other policies:
 - 1.3 Mining, Petroleum and Extractive Industries;
 - 2.1 Environment Protection Zones;
 - 4.2 Mine Subsidence and Unstable Land;
 - 4.4 Planning for Bushfire Protection; and
 - 5.10 Implementation of Regional Plans.
3. Council is to ensure that the planning proposal satisfies the requirements of State Environmental Planning Policy (SEPP) 55 – Remediation of Land. Council is to ensure that a site contamination investigation report demonstrates that the site is suitable for rezoning to the proposed zone. This investigation is to be included as part of the public exhibition material.
4. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in *section 5.5.2 of A Guide to preparing local environmental plans (Department of Planning and Environment 2016)*.
5. Consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:

- Department of Primary Industries - Agriculture
- Department of Industry - Resources and Energy
- Darkinjung Local Aboriginal Land Council
- Guringai Tribal Link
- Mine Subsidence Board
- NSW Rural Fire Service
- Office of Environment and Heritage
- Roads and Maritime Services

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

6. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
7. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.
